Francis X. Blouin, Robert Mark Warner

Slavic Americans A Study Guide And A Source:

Slavic Americans Joseph Stipanovich, Maria K. Woroby, 1977 Both text and study outline accompanied by a bibliography discuss the themes of identity and nationalism in the Slavic American community Sources for the Study of Migration and Ethnicity Francis X. Blouin, Robert Mark Warner, 1979 **A Researcher's Guide to Sources on Soviet Social History in the 1930s** Sheila Fitzpatrick, Lynne Viola, 2016-07-22 The Stalin era has been less accessible to researchers than either the preceding decade or the postwar era The basic problem is that during the Stalin years censorship restricted the collection and dissemination of information and introduced bias and distortion into the statistics that were published while in the post Stalin years access to archives and libraries remained tightly controlled Thus it is not surprising that one of the main manifestations of glasnost has been the effort to open up records of the 1930s In this volume Western and Soviet specialists detail the untapped potential of sources on this period of Soviet social history and also the hidden traps that abound The full range of sources is covered from memoirs to official documents from city directories to computerized data bases **A Reference Guide for English Studies** Michael J. Marcuse, 1990-01-01 This ambitious undertaking is designed to acquaint students teachers and researchers with reference sources in any branch of English studies which Marcuse defines as all those subjects and lines of critical and scholarly inquiry presently pursued by members of university departments of English language and literature Within each of 24 major sections Marcuse lists and annotates bibliographies guides reviews of research encyclopedias dictionaries journals and reference histories The annotations and various indexes are models of clarity and usefulness and cross references are liberally supplied where appropriate Although cost conscious librarians will probably consider the several other excellent literary bibliographies in print such as James L. Harner's Literary Research Guide Modern Language Assn of America 1989 larger academic libraries will want Marcuse's volume Jack Bales Mary Washington Coll Lib Fredericksburg Va Library Journal **The American Bibliography of Slavic and East European Studies**, 1988 *A Study Guide for Anton Chekhov's "Gusev"* Gale, Cengage Learning, A Study Guide for Anton Chekhov's Gusev excerpted from Gale's acclaimed Short Stories for Students This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust Short Stories for Students for all of your research needs *The A to Z of Bosnia and Herzegovina* Ante Cuvalo, 2010-04-08 Diversity has always been at the heart of Bosnia and Herzegovina's character even its dual name and physical geography display a particular heterogeneity The medieval Bosnian state never enjoyed lasting political and ideological unity as its feudal regional and religious rifts pulled at the country's seams Furthermore because of its location and by a quirk of history three major world religious and cultural traditions Catholicism Islam and Orthodoxy became cohabitants in this small Balkan country Recently the rebirth of its statehood has been exceptionally bloody and its diversity has been shaken Even 11 years after the guns were silenced the country is still under the benevolent protection of the

international community whose officials are keeping the state building process in perpetual suspense with no final result in sight The A to Z of Bosnia and Herzegovina sheds light on the uncertain situation Bosnia and Herzegovina faces while providing essential background information This is accomplished through a chronology an introduction a bibliography and more than 300 cross referenced dictionary entries on individual topics spanning Bosnia and Herzegovina s political economic religious and social system along with short biographies on important figures

The Russian Revolution and Civil War 1917-1921 Jonathan Smele,2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state
