Up in Flames Human Rights Watch (Organization), Jane Buchanan, 2009 **A Sea in Flames** Carl Safina, 2011-04-19 Carl Safina has been hailed as one of the top 100 conservations of the 20th century Audubon Magazine and A Sea in Flames is his blistering account of the months long manmade disaster that tormented a region and mesmerized the nation Traveling across the Gulf to make sense of an ever changing story and its often nonsensical twists Safina expertly deconstructs the series of calamitous misjudgments that caused the Deepwater Horizon blowout zeroes in on BP s misstatements evasions and denials reassesses his own reaction to the government s crisis handling and reviews the consequences of the leak and what he considers the real problems which the press largely overlooked Safina takes us deep inside the faulty thinking that caused the lethal explosion We join him on aerial surveys across an oil coated sea We confront pelicans and other wildlife whose blue universe fades to black Safina skewers the excuses and the silly jargon like junk shot and top kill that made the tragedy feel like a comedy of horrors and highlighted Big Oil s appalling lack of preparedness for an event that was inevitable Based on extensive research and interviews with fishermen coastal residents biologists and government officials A Sea In Flames has some surprising answers on whether it was Obama s Katrina whether the Coast Guard was as inept in its response as BP was misleading and whether this worst unintended release of oil in history was really America s worst ecological disaster Impassioned moving and even sharply funny A Sea in Flames is ultimately an indictment of America s main addiction Safina writes In the end this is a chronicle of a summer of pain and hope Hope that the full potential of this catastrophe would not

materialize hope that the harm done would heal faster than feared and hope that even if we didn't suffer the absolutely worst we'd still learn the big lesson here We may have gotten two out of three That's not good enough Because there'll be a next time

Up in Flames Hailey Alcaraz, 2023-10-03 Gorgeous wealthy and entitled Ruby has just one single worry in her life scheming to get the boy next door to finally realize they're meant to be together But when the California wildfires cause her privileged world to go up in flames Ruby must struggle to find the grit and compassion to help her family and those less fortunate to rise from the ashes At eighteen Ruby Ortega is an unapologetic flirt who balances her natural aptitude for economics with her skill in partying hard But she couldn't care less about those messy college boys it's her intense brooding neighbor Ashton who she wants and even followed to school Even the fact that he has a girlfriend doesn't deter her whatever Ruby wants she eventually gets Her ruthless determination is tested when wildfires devastate her California hometown destroying her parents' business and causing an unspeakable tragedy that shatters her to her core Suddenly Ruby is the head of the family and responsible for its survival with no income or experience to rely on Rebuilding seems hopeless but with the help of unexpected allies including a beguiling dark-eyed boy who seems to understand her better than anyone Ruby has to try When she discovers that the fires also displaced many undocumented people in her town it becomes even more imperative to help And if she has to make hard choices along the way can anyone blame her In her powerful debut novel Mexican American author Hailey Alcaraz chronicles a riveting portrait of transformation resilience and love with an unlikely heroine who when faced with unforeseen disaster surprises everyone especially herself
