Sorcerers Apprentice Tales Con 1st Edition:

The Sorcerer's Apprentice Jack Zipes, 2017-03-27 A diverse new anthology that traces the meaning and magic of the sorcerer's apprentice tale throughout history. The Sorcerer's Apprentice might conjure up images of Mickey Mouse from the Disney film *Fantasia* or of Harry Potter. As this anthology reveals, however, sorcerer's apprentice tales in which a young person rebels against or complies with an authority who holds the keys to magical powers have been told through the centuries in many languages and cultures from classical times to today. This unique and beautifully illustrated book brings together more than fifty sorcerer's apprentice stories by a plethora of writers including Ovid, Sir Walter Scott, and the Brothers Grimm. From Goethe's *The Pupil in Magic* to A.K. Ramanujan's *The Guru and His Disciple*, this expansive collection presents variations of a classic passed down through countries and eras. Readers enter worlds where household objects are brought to life and shape-shifting occurs from human to animal and back again. We meet two types of apprentice: The Humiliated Apprentice, a foolish bumbler who wields magic ineffectively and promotes obedience to authority, and The Rebellious Apprentice, who through ambition and transformative skills promotes empowerment and self-awareness. In an extensive introduction, esteemed fairy tale scholar Jack Zipes discusses the significance and meaning of the apprentice stories, the contradictions in popular retellings, and the importance of magic as a tool of resistance against figures who abuse their authority. Twenty specially commissioned black and white illustrations by noted artist Natalie Frank bring the stories to visual life. *The Sorcerer's Apprentice* enlightens and entertains readers with enduring spellbinding tales of sorcery that have been with us through the ages.

Tales of Majipoor Robert K. Silverberg, 2013-05-07 Hailed as one of the most fully realized worlds of modern science fiction, *Booklist* says Majipoor is a planet unlike any other with countless untold stories. Now available for the first time in one volume, science fiction grand master Robert Silverberg presents seven tales that chronicle thousands of years of Majipoor's history from the arrival of the settlers of Old Earth to the expansion of vast cities to the extraordinary life of Lord Valentine. Within these stories lie the secrets of Majipoor, a wondrous world of incredible imagination.

Dark Tales Shirley Jackson, 2017-10-10 For the first time in one volume, a collection of Shirley Jackson's scariest stories with a foreword by PEN Hemingway Award winner Ottessa Moshfegh. After the publication of her short story *The Lottery* in the *New Yorker* in 1948, it received an unprecedented amount of attention. Shirley Jackson was quickly established as a master horror storyteller. This collection of classic and newly reprinted stories provides readers with more of her unsettling dark tales, including *The Possibility of Evil* and *The Summer People*. In these deliciously dark stories, the daily commute turns into a nightmarish game of hide and seek; the loving wife hides homicidal thoughts, and the concerned citizen might just be an infamous serial killer. In the haunting world of Shirley Jackson, nothing is as it seems, and nowhere is safe from the city streets to the crumbling country pile, and from the small town apartment to the dark, dark woods. There's something sinister in suburbia. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking
