Statecraft And Security The Cold War And Beyond:

Statecraft and Security Ken Booth,1998 This study analyzes some of the key questions in contemporary international relations The first part examines the lessons and legacies of the Cold War the second focuses on post Cold War power politics and the third looks at future globalisation *The International in Security, Security in the International* Pinar Bilgin,2016-07-15 International Relations continues to come under fire for its relative absence of international perspectives In this exciting new volume Pinar Bilgin encourages readers to consider both why and how non core geocultural sites allow us to think differently about key aspects of global politics Seeking to further debates surrounding thinking beyond the West non West divide this book analyzes how scholarship on and conceptions of the international outside core contexts are tied up with peripheral actors search for security Accordingly Bilgin looks at core periphery dynamics not only in terms of the production of knowledge in the production of IR scholarship or material threats but also peripheral actors conceptions of the international in terms of standard of civilization and their more contemporary guises which she terms as hierarchy in anarchical society The first three chapters provide a critical overview of the limits of our theorizing about IR and security as well as a discussion on the track record of critical approaches to IR and security in addressing those limits The following three chapters offer one way of addressing the limits of our theorizing about IR and security by inquiring into the international in security security in the international Each of these chapters makes a theoretical point and illustrates this further in a spotlight section that further illustrates the point to aid student learning A genuinely innovative contribution to this rapidly emerging field within IR this book is essential reading for students and scholars of critical security international relations theory and Global IR **War, Strategy and History** Daniel Marston,Tamara Leahy,2016-05-31 This is a collection of essays in honour of eminent Professor Robert O Neill Each chapter was written by prominent academics and practitioners who have had a professional connection with Professor O Neill during his long and distinguished career The overarching themes running throughout the book are war strategy and history All the essays are shaped by the role that Professor O Neill has played over the last 50 years in the debates in Australia Europe and the US This book covers not only Professor O Neill s impressive career but also the evolution of strategy in practice and of strategic studies as an internationally recognised academic discipline **Beyond the Security Dilemma** Jason Ralph,2017-11-22 This title was first published in 2001 The security dilemma has long been at the heart of the security studies discipline Moving beyond this this book attacks the assumptions of the traditional concept and redefines the security dilemma in a way more useful for examining security policy By exposing the historical and social contingency of the traditional concept the book argues that the security dilemma is an important though not a permanently operating feature of international politics An examination of US policy towards the Soviet Union demonstrates the limits of perceiving the Cold War and challenges the role that American security policy has played in the process of constructing a transatlantic security community *Richard Ned Lebow: A Pioneer in International*

Relations Theory, History, Political Philosophy and Psychology Richard Ned Lebow,Nathan Funk,2016-09-13 This is the first of four volumes to be published as part of this book series on the life and work of Richard Ned Lebow In a career spanning six decades Richard Ned Lebow has made important contributions to the study of international relations political and intellectual history motivational and social psychology philosophy of science and classics He has authored coauthored or edited 30 books and almost 250 peer reviewed articles These four volumes are excerpts from this corpus The first volume includes an intellectual autobiography bibliography and assessments of Lebow s contributions to diverse fields by respected authorities It shows how a scholar s agenda evolves in response to world events and his efforts to grapple with them theoretically and substantively It elaborates pathways for addressing these events and their consequences in an interdisciplinary manner and offers new concepts and methods for doing so Richard Lebow s research bridges international relations psychology history classics political theory and philosophy of science He is author coauthor or editor of 34 books and almost 250 peer reviewed articles Contributors to the book are Simon Reich Mervyn Frost Janice Gross Stein Stefano Guzzini Markus Kornprobst Harald M ller Christian Wendt Robert English **The USA and The World 2024–2025** David M. Keithly,2024-10-01 The World Today Series USA and The World describes not only what happened but puts events in the context of the past and criticizes policy actions as appropriate The result goes deeper than most of what appears in current publications Updated annually and part of the renowned World Today Series USA and the World presents an unusually penetrating look into America and its relationship to the rest of the world The combination of factual accuracy and up to date detail along with its informed projections make this an outstanding resource for researchers practitioners in international development media professionals government officials potential investors and students Now in its 19th edition the content is thorough yet perfect for a one semester introductory course or general library reference *Collective Security Beyond the Cold War* George W. Downs,1994 Addresses theory and history in considering the possibilities for a new system of collective security **GLOBAL SECURITY AND INTERNATIONAL POLITICAL ECONOMY – Volume III** P.Bilgin, P.D. Williams, M. Sekiguchi, J. K. Galbraith, S. T. Inayatullah, J. Wiener, R. A. Schrire, I.L. Murphy,2010-09-19 Global Security and International Political Economy is a component of Encyclopedia of Social Sciences and Humanities in the global Encyclopedia of Life Support Systems EOLSS which is an integrated compendium of twenty one Encyclopedias This 6 volume set contains several chapters each of size 5000 30000 words with perspectives issues of great relevance to our world such as Global Security Global Security and the International System The Regional Dimension of Global Security The National Dimension Of Global Security The Societal Dimension Of Global Security The Human Security Agenda In World Politics History Of Empires And Conflicts The Myth Of The Clash Of Civilizations In Dialogical Historical Context Causes And Prevention Of Armed Conflict International Development Policies And Global Security Environment And Global Security Political Economy Of International Security Political Issues In Human Resource Development Globalization And The Consumer Society These

volumes are aimed at the following five major target audiences University and College students Educators Professional practitioners Research personnel and Policy analysts managers and decision makers and NGOs **Critical Reflections on Security and Change** Stuart Croft,Terry Terriff,2013-02-01 The contributors reflect critically on security studies since the 1980s They conclude that analysts and policy makers have not been able to respond well to the changes that have occurred and that they must revise their approach if they are to meet the challenges of the future *Regional Security in the Middle East* ,
