black communities during the 1960s and 1970s created a vibrant productive and engaged activist arts scene in the face of structural racism Emphasizing the importance of African American migration as well as L A s housing and employment politics Jones shows how the work of black Angeleno artists such as Betye Saar Charles White Noah Purifoy and Senga Nengudi spoke to the dislocation of migration L A s urban renewal and restrictions on black mobility Jones characterizes their works as modern migration narratives that look to the past to consider real and imagined futures She also attends to these artists relationships with gallery and museum culture and the establishment of black owned arts spaces With South of Pico Jones expands the understanding of the histories of black arts and creativity in Los Angeles and beyond

Handbook of Material Culture Chris Tilley, Webb Keane, Susanne Kuechler, Mike Rowlands, Patricia Spyer, 2006-01-05 The study of material culture is concerned with the relationship between persons and things in the past and in the present in urban and industrialized and in small scale societies across the globe The Handbook of Material Culture provides a critical survey of the theories concepts intellectual debates substantive domains and traditions of study characterizing the analysis of things It is cutting edge rather than simply reviewing the field as it currently exists It also attempts to chart the future the manner in which material culture studies may be extended and developed The Handbook of Material Culture is divided into five sections Section I maps material culture studies as a theoretical and conceptual field Section II examines the relationship between material forms the human body and the senses Section III focuses on subject object relations Section IV considers things in terms of processes and transformations in terms of production exchange and consumption performance and the significance of things over the long term Section V considers the contemporary politics and poetics of displaying representing and conserving material and the manner in which this impacts on notions of heritage tradition and identity The Handbook charts an interdisciplinary field of studies that makes an unique and fundamental contribution to an understanding of what it means to be human It will be of interest to all who work in the social and historical sciences from anthropologists and archaeologists to human geographers to scholars working in heritage design and cultural studies
