**Champions Day: The End of Old Shanghai** James Carter, 2020-06-16 How a single day revealed the history and

foreshadowed the future of Shanghai It is November 12 1941 and the world is at war In Shanghai just weeks before Pearl Harbor thousands celebrate the birthday of China s founding father Sun Yat sen in a new city center built to challenge European imperialism Across town crowds of Shanghai residents from all walks of life attend the funeral of China s wealthiest woman the Chinese French widow of a Baghdadi Jewish businessman whose death was symbolic of the passing of a generation that had seen Shanghai s rise to global prominence But it is the racetrack that attracts the largest crowd of all At the center of the International Settlement the heart of Western colonization but also of Chinese progressivism art commerce cosmopolitanism and celebrity Champions Day unfolds drawing tens of thousands of Chinese spectators and Europeans alike to bet on the horses In a sharp and lively snapshot of the day s events James Carter recaptures the complex history of Old Shanghai Champions Day is a kaleidoscopic portrait of city poised for revolution Demystifying China Naomi Standen, 2012-10-24 For westerners China s history is often reduced to a choice between timeless Confucian ideals or incomprehensible barbarisms such as footbinding or mass slaughter fueled by generalizations such as China has five thousand years of history China was a Confucian society Chinese women were victims China is a communist country and many more But China is now too globally important to allow such oversimplifications to continue unchallenged and this engaging and deeply knowledgeable volume counters them vigorously In concise and accessible style the contributors scrutinize a range of historical misconceptions that have ramifications for the present and future of China and its relations with the rest of the world They consider how misunderstandings have arisen and present more sophisticated and nuanced interpretations Readers will learn how numerous popular beliefs about China s history are mistaken and what new interpretations can help build the more accurate understandings of present day China that we so badly need By explicitly addressing common misconceptions the book persuades readers to reexamine their assumptions about China s history and thus China in general and begin to see it as a real rather than largely imagined place Contributions by Elif Ak etin Bridie Andrews Tim Barrett Felix Boecking Michael C Brose Marjorie Dryburgh Imre Galambos Stanley E Henning Christian Hess Clara Wing chung Ho Judd Kinzley Fabio Lanza Peter Lorge Julia Lovell Rana Mitter Barbara Mittler Ruth Mostern Peter C Perdue Hai Ren Andres Rodriguez Tansen Sen Elliot Sperling Naomi Standen Wasana Wongsurawat and Ling Zhang
