ASAKU® X Dragon Life Ming Kun Liu,2019-06-20 On the surface in the Epic World green Mirror Cores started to appear on Humans Continent Fairies Continent and Phantom Continent The location differed every time it happened Meanwhile the center was pouring out little guarding monsters In 24 hours the green core would turn red and release energy of Reversal Impact in radius of one kilometer to turn back the time The energy released would bring even more powerful monsters together with the supreme core monster One Mirror Core would cause one Reversal Impact which would turn animals or monsters around berserk as well The Mirror Cores emerged one after another with the intervals of three to seven days Currently there was no way to destroy it Once a Reversal Impact took places the time within the range would be turned back as well as the lives and scenery would be restored to the previous condition In other words people might become younger but those who haven t outlived the time reversed would disappear Things would be restored to normal once they leave the range When Reversal Impact happened not only time was turned back but plenty of monsters would pour in to protect the core People that once lived in the time that was reversed would be brought back as well but appeared like a reanimated corpse without a soul Yet for others who still remembered them it would be a moment to look forward to Since the time reversed could not be estimated no one dared to risk inside the range and fight against the monsters When the Reversal Impact took place whoever was inside the range could do nothing but evacuate as soon as possible On the surface of the Epic World the Fairies were the only ones that were invulnerable to Reversal Impact which also explained why the Mirror Core would not be found on the Fairies Continent The Fairies were shielded from the danger of the Reversal Impact We were not entirely sure of the reason why the Fairies were protected but they did not hold the power to destroy the core The only solution the Fairies could propose was to seal the core to stop the monsters from flooding in our world Delegated by Oudelos the Fairies King Asaku as the Seal Priest from the Light race led his partners to explore the world With the Compass of No Return which could locate the Mirror Core and calculate the time turned back Asaku would seal the core to stop Reversal Impact and the inundation of monsters
