An American Muslim Guide to the Art and Life of Preaching Sohaib Sultan, 2023-03-07 An American Muslim Guide to the Art and Life of Preaching explores the art and craft of creating effective Islamic sermons and delivering them with care passion and integrity The life of the preacher is also addressed and a model of spiritual formation is provided for those serving Muslim communities of faith in positions of religious leadership Sultan s vision and approach to preaching is holistic This book is as much about the knowledge and care placed behind a sermon as it is about the tone tenor and shape of that sermon It is as much about the character of the person delivering these words as it is about the nature and shape of the words themselves It is as much about tending to the people of faith that fill the worship space as it is about the aesthetics and arrangement of that same space This means that this book on preaching is not meant for preachers alone It was written for us all whether we are called to address and care for a congregation or we are one of the many called to be part of one While the book is clearly written for Muslim preachers and Islamic preaching many of the insights in the book could easily apply to preaching in Christian or other settings Reflecting on a theology of the spoken word in the Islamic tradition Martin Nguyen remarks that the sermon in and of itself is not automatically worthy of praise Rather its value for the life of faith is measured by its message its mode of delivery and the model of living that accompanies it An appendix to the book includes a collection of du s or supplicatory prayers that were composed and delivered by women from the Princeton Muslim Life Community

finance deals mainly with multilateral and multi counterparty transactions Islamic Jurisprudence Fiqh has yet to develop its conceptualization of this modality of financing Thus far it has become a norm for large financing projects to rely on a complex structure of interconnected bilateral contracts that in totality becomes opaque complex and costly An unfortunate result of the unavailability of an efficient Fiqhi model applicable to modern multilateral and multi counterparty contracts has been the fact that the present Islamic finance has been forced to replicate conventional risk transfer interest rate based debt contracts thus drawing severe criticisms of duplicating conventional finance In 2012 a gathering of some of the Muslim world s most prominent experts in Jurisprudence Fuqaha and economists issued the Kuala Lumpur Declaration Fatwa in which they identified risk sharing as the essence of Islamic finance The Declaration opened the door for a new Fiqh approach to take the

lead in developing the jurisprudence of multilateral and multi counterparty transactions This Declaration Fatwa provides a prime motivation to search for a comprehensive model of risk sharing that can serve as an archetypal contract encompassing all potential contemporary financial transactions From the perspective of Islamic Jurisprudence Fiqh the technicalities of the concept of risk sharing in contemporary finance have yet to be defined in Islamic literature This book attempts to clarify and shed light on these technicalities from the perspective of Fiqh It is a comprehensive study that relies on the fundamental Islamic sources to establish a theoretical and practical perspective of Fiqh encompassing risk sharing Islamic finance as envisioned in the Kuala Lumpur Declaration of 2012 This new paradigm should lead to a more efficient approach to multilateral and multi counterparty Islamic contracts which here to fore has been lacking in the current configuration of Islamic finance

Ta'wīl Mukhtalif Al-hadīth 'Abd Allāh ibn Muslim Ibn Qutaybah,Che Amnah Bahari,2009

Goals and Purposes of Shariah Mohammad Hashim Kamali,2025 This chapter expounds the preservation of wealth hifz al mal as one of the five essential maqasid in the category of daruriyyat Hifz al mal is manifested in the existing fiqh literature under the four sub headings of circulation clarity stability proof and justice respectively and arguably also growth tanmiyah as the fifth Hifz al mal is inclusive of preservation of the existing as well as creation of new wealth for the benefit of both the individual and the larger community This may be realised through profitable trade labour or both Labour may consist of personal effort applied by someone without capital to someone else s capital to earn a profit One who is capable of productive labour may lack sufficient capital to match his productive potential or else that the capital owner is unable to use it for productive purposes and needs to use labour and skill of another person or organisation The shariah thus validates a variety of transactions and contracts some labour based others capital based and still others which combine both to ensure beneficial utilisation of labour and capital in a just manner Shariah regulates them all such that the workers are protected and that the rules of equivalence in exchange transactions are duly observed

Quranic Concepts in Islamic Psychology

and Spirituality Zuleyha Keskin, 2025-06-06 This book explores how the Qur'an's timeless teachings enrich contemporary psychological theories bridging the gap between Islamic wisdom and psychological well-being. It offers a comprehensive guide to understanding and applying Qur'anic concepts in the realm of mental health. Grounded in Islamic scholarship, it references both classical and modern Islamic sources to explain fundamental Qur'anic concepts in Islamic psychology. The book is structured around three key areas: first, an Islamic perspective on human faculties essential for self-knowledge and self-awareness; second, the five pillars of Islam which play a central role in psychological resilience; and third, various Qur'anic spiritual concepts linked to mental well-being such as *abr* (patience), *shukr* (gratitude), *ri'ā* (contentment), and *i'mān* (peacefulness). By integrating Islamic principles with contemporary psychological insights and promoting a holistic approach to well-being, this book serves as a vital resource for personal development, academic study, and professional practice, particularly for mental health professionals working with Muslim clients. *Integrated Research Methodologies in Islāmic Psychology* G. Hussein Rassool, 2023-10-09 This book provides a foundation of the methodology of research scholarship in Islamic studies, psychology, and psychotherapy, offering an understanding of the concepts and techniques of Islamic research methodology integrated with qualitative and quantitative research. Integrating Islamic moral and epistemological values into research methodologies, the text synthesises research methodologies and approaches: empirical, rational, with Islamic research scholarship. Chapters include a range of topics including research ethics from an Islamic perspective, systematic methodology of research in Islamic studies and social sciences, and inductive and deductive approaches. Other questions covered include how to integrate the Qur'an and Hadith rules, concepts, and statements with psychological phenomena, and how to write a research proposal and research paper. Each chapter includes rich case examples and relevant practical examples. This book is ideal for researchers and students in Islamic psychology and psychotherapy wishing to learn more about the techniques and principles of Islamic research scholarship in the field. *Muhammad* Robert Spencer, 2024-09-10 Muhammad: What can we really know about him? We know a great deal about Muhammad, or so it seems. Islamic tradition contains an astonishing wealth of information about the founding figure of the Islamic faith, and most historians take for granted that this material is generally reliable. In his latest book, historian and Islamic scholar Robert Spencer shows that there is no agreement in the earliest Islamic sources about the most fundamental details of this towering figure's life. There are conflicting accounts of key details of his life, including the circumstances and contents of the first revelation he claimed to have received from Allah, the year of his birth, the length of his prophetic career, the name of the angel who supposedly appeared to him, and even his own name. Muhammad: A Critical Biography takes a detailed look at the Islamic traditions regarding Muhammad and lays bare their contradictions, inconsistencies, and incoherence. Spencer continues the groundbreaking research he began in *The Truth About Muhammad* and *Did Muhammad Exist*, exposing the shocking reality of how shaky Islam's foundations really are. He meticulously explains why competing traditions may have been invented and definitively demonstrates that, contrary to the

complacency of establishment historians the Muhammad of Islam is more legend than history more fable than fact
Muhammad A Critical Biography does the work that mainstream academics who are either bought by Saudi Arabia or Qatar
or too afraid to depart from the herd should have done long ago Not for the faint hearted this book will do nothing less than
rock the Islamic world to its very core
