

Writing Across the Curriculum Overview

The philosophies underlying these programs generally agree on certain basic principles:

- that writing **is the responsibility of the entire academic** community.
- that writing must be integrated across departmental boundaries.
- that writing instruction must be continuous during all years of post-secondary education.
- that writing **promotes learning**
- that only by practicing the conventions of an academic discipline will students begin to communicate effectively within that discipline

(WAC Clearinghouse, "Basic Principles of WAC", 1992).
