Sunrise Island:

Godless Dan Barker, 2008-09-01 One man shares the story of his transformation from evangelical Christian to atheist and examines the train of thought that brought him there After almost twenty years of evangelical preaching missionizing and Christian songwriting Dan Barker threw out the bathwater and discovered that there is no baby In *Godless* Barker describes the intellectual and psychological path he followed in moving from fundamentalism to freethought *Godless* includes sections on biblical morality the historicity of Jesus biblical contradictions the unbelievable resurrection and much more It is an arsenal for skeptics and a direct challenge to believers Along the way Barker relates the positive benefit readers will experience from learning to trust in reason and human kindness instead of living in fear of false judgment and moral condemnation Advance Praise for *Godless* Valuable in the human story are the reflections of intelligent and ethical people who listen to the voice of reason and who allow it to vanquish bigotry and superstition This book is a classic example Christopher Hitchens author of *God is Not Great* The most eloquent witness of internal delusion that I know a triumphantly smiling refugee from the zany surreal world of American fundamentalist Protestantism is Dan Barker Richard Dawkins author of *The God Delusion* *Godless* was a revelation to me I don't think anyone can match the devastating clarity intensity and honesty which Dan Barker brings to the journey faith to reason childhood to growing up fantasy to reality intoxication to sobriety Oliver Sacks author of *Musicophilia* In *Godless* Barker recounts his journey from evangelical preacher to atheist activist and along the way explains precisely why it is not only okay to be an atheist it is something in which to be proud Michael Shermer publisher of *Skeptic Magazine* *Godless* is a fascinating memoir and a handbook for debunking theism But most of all it is a moving testimonial to one man's emotional and intellectual rigor in acclaiming critical thinking Robert Sapolsky author of *Why Zebras Don't Get Ulcers* *Lonely Planet Thailand's Islands & Beaches* Lonely Planet, *Light and Dark* David Greene, 2016-04-19 An entertaining instructive diverse and unusual book *Light and Dark* An Exploration in Science Nature Art and Technology encompasses a wide range of topics not normally found in one book With more than 100 diagrams graphs and figures the subjects discussed include the history of artificial lighting eclipse cycles light sensitive eyeg
