Focus On: 100 Most Popular Fantasy Anime and Manga Wikipedia contributors, The Palgrave Handbook of Music and Sound in Japanese Animation Marco Pellitteri, 2024-09-13 This handbook fills a substantial gap in the international academic literature on animation at large on music studies and on the aural dimensions of Japanese animation more specifically It offers a unique contribution at the intersection between music and popular culture studies on the one hand and research on Japanese animated productions often called anime as popular art forms and formats of entertainment on the other The book is designed as a reference work consisting of an organic sequence of theory grounded essays on the development of music sounds and voices in Japanese animation for cinema and television since the 1930s Each chapter deals with a phase of this history focusing on composers and performers films series and genres used in the soundtracks for animations made in Japan The chapters also offer valuable interviews with prominent figures of music in Japanese animation as well as chapter boxes clarifying specific aspects *Geek in Japan* Héctor García, 2019-06-25 Created specifically for fans of Japanese cool culture A Geek in Japan is one of the most iconic hip and concise cultural guides available This new edition has been thoroughly revised and expanded with new chapters on Japanese video games architecture and a special section on visiting Kyoto Reinvented for the internet age it's packed with personal essays and hundreds of photographs presenting all the touchstones of both traditional and contemporary culture in an entirely new way The expansive range of topics include Bushido Geisha Samurai Shintoism and Buddhism Traditional arts and disciplines like Ukiyo e Ikebana Zen meditation calligraphy martial arts and the tea ceremony Insightful essays on code words and social mores dating and drinking rituals working and living conditions and symbols and practices that are peculiarly Japanese Japanese pop culture genres and their subcultures like otaku gals visual kei and cosplay For visitors the author includes a mini guide to his favorite neighborhoods in Tokyo as well as tips on special places of interest in other parts of Japan Garcia has written an irreverent insightful and highly informative guide for the growing ranks of Japanophiles around the world **The Legend of Dragon Quest** Daniel Andreyev, 2019-05-21 Discover all the secrets and mechanics of the famous Japanese video game Dragon Quest This book looks back at the entire Dragon Quest saga tells the story of the series birth retraces its history and deciphers its mechanics In this book the author shares us all his expertise and his passion in Japanese gaming to decipher the creation and the story of this saga and his creator Yuji Horii EXTRAIT Even with only limited knowledge of Japanese and somewhat difficult technical conditions the story was very well told This was perhaps what surprised players most Dragon Quest V is a large family cycle of emotions as transparent as an epic tale by Alexandre Dumas the author of famous works such as The Three Musketeers In the end I was lucky that my first taste of the series was this excellent episode since VI was far more extravagant with its tales of parallel universes and heroes traveling on flying beds A slightly puzzling game but not without levity nor offbeat humor One of the most emotional moments of Dragon Quest V is when we end up going back in time to

change the past thus saving the future The time travel theme has been so often used in science fiction particularly during the 1980s that it should have left me impassive It was not even the first time I had experienced it in a video game But this adventure with its simple graphics and persistent melodies glanced lightly upon feelings that leave no one unmoved What would I have done differently if I could have changed things is a very common concept used in fiction from A Distant Neighborhood by Jir Taniguchi to the Quantum Leap series Well told it is so simple and so effective that it affects each and every one of us
