Space and Place in the Works of D.H. Lawrence Stefania Michelucci, 2015-10-02 Originally published in Italian as *L orizzonte mobile spazio e luoghi nella narrativa di D H Lawrence* in 1998 this critical study analyzes the work of D H Lawrence in light of new theories about space and location or place and community This approach is especially useful in examining Lawrence as place and space are central aspects of all of his work The introductory chapter explains the theoretical premises drawing extensively from anthropology especially insofar as the relationship between culture and nature or community and place are concerned This chapter also offers theories based on semiotics sociological concerns and recent research in human geography and environmentalism Succeeding chapters analyze functional aspects of place and space in D H Lawrence s work Lawrence s major novels and stories provide the main focus of this book but attention is also paid to lesser known texts both fiction and nonfiction This work provides a new approach to studies on D H Lawrence opening up new insights for both scholars and students alike

Heteroglossia in Literature. A Sociolinguistic Stylistics Approach Consuelo MONTES GRANADO, 2014-05-29

Routledge Revivals: D.H. Lawrence (1983) Thomas Jackson Rice, 2018-02-01 Originally published in 1983 D H Lawrence is an annotated bibliographic collection of works by and about D H Lawrence Consisting of three parts the primary bibliography contains separate bibliographies of Lawrence s major publications of collection editions of his works of his letters and of concordances to his writings The secondary bibliography contains bibliographies of biographical and critical publications concerning Lawrence generally or his individual works Appendixes and Indexes include an extensive checklist of major foreign language publications concerning Lawrence and a useful topical and thematic subject index for the guide

Radicalizing Lawrence Robert Burden, 2000 In this study of D H Lawrence and critical theory Robert Burden pays particular attention to the critical formations that underpin the reception history of the main novels including the much maligned leadership novels because strong readings have always contested the meaning and significance of Lawrence and because there has been a persistent reluctance to approach his writing through post structuralist theory This study demonstrates in some detail that once Lawrence s texts are the objects of the newer critical paradigms their principles of coherence are understood differently and that older notions of textual unity are displaced by aesthetic structures of degrees of generic and linguistic destabilization This enables a radicalizing of Lawrence s fiction by drawing out its deconstructive effects on his myth making and essentialist notions of the self The sexual identities

represented in the fiction are read as experiments or thought adventures as Lawrence himself characterized his work The different approaches to Lawrence s writing in this study lead to a radical reassessment of his relationship to Modernism especially in the light of the more elastic concept of Modernism in recent discussion and one which traditional Lawrence scholars have ignored What emerges is a more self deconstructive Lawrence with some surprising results Books in Print ,1993-09 V 1 Authors A D v 2 Authors E K v 3 Authors L R v 4 S Z v 5 Titles A D v 6 Titles E K v 7 Titles L Q v 8 Titles R Z v 9 Out of print out of stock indefinitely v 10 Publishers Courtship and Wedlock; or, Lovers and Husbands ,1850 The Gardener's Monthly and Horticulturist Thomas Meehan,2024-06-23 Reprint of the original first published in 1876 The Academy ,1882 *Index and introductory.
