State Supreme Courts in State and Nation George Alan Tarr, Mary Cornelia Porter, Aldis Porter, 1990-03-07 This is the first systematic and comprehensive analysis of state supreme courts Offering detailed case studies of the Alabama Ohio and New jersey supreme courts G Alan Tarr and Mary Cornelia Aldis Porter use this information to assess the state courts relations with federal courts with state courts in other states and with other institutions of state government New Jersey Politics and Government Barbara G. Salmore, Stephen A. Salmore, 2008-01-17 As the United States moves toward becoming a nation of suburbs New Jersey is a place more Americans should get to know The challenges it has overcome and those it continues to face provide lessons that will help states across the country address the struggles of providing quality education protecting the environment improving the quality of life and accommodating a multicultural society while sustaining growth and opportunity Written by two of the most respected political analysts in the state this is the only book available that provides a comprehensive overview of politics and government in New Jersey This thoroughly revised third edition published for the first time by Rutgers University Press also highlights recent scandals within the government and the high profile of the governorship *Courts Liberalism And Rights* Jason Pierceson, 2005-10-02 In the courts the best chance for achieving a broad set of rights for gays and lesbians lies with judges who view liberalism as grounded in an expansion of rights rather than a constraint of government activity At a time when most gay and lesbian politics focuses only on the issue of gay marriage *Courts Liberalism and Rights* guides readers through a nuanced discussion of liberalism court rulings on sodomy laws and same sex marriage and the comparative progress gays and lesbians have made via the courts in Canada As debates continue about the ability of courts to affect social change Jason Pierceson argues that this is possible He claims that the greatest opportunity for reform via the judiciary exists when a judiciary with broad interpretive powers encounters a political culture that endorses a form of liberalism based on broadly conceived individual rights not a negative set of rights to be held against the state but a set of rights that recognizes the inherent dignity and worth of every individual **Law and Society** Matthew Lippman, 2020-08-07 *Law and Society* Third Edition offers a contemporary overview of the structure and function of legal institutions along with a lively discussion of both criminal and civil law and their impact on society Unlike other books on law and society Matthew Lippman takes an interdisciplinary approach that highlights the relevance of the law throughout our society Distinctive coverage of diversity inequality civil liberties and globalism is intertwined through an organized theme in a strong narrative The highly anticipated Third Edition of this practical and invigorating text introduces students to both the influence of law on society and the influence of society on the law Discussions of the pressing issues facing today s society include key topics such as the law and inequality international human rights privacy and surveillance and law and social control **KEY FEATURES** An interdisciplinary approach integrates various intellectual perspectives and traditions to provide extensive coverage of the legal profession juries criminal courts and racial and ethnic inequality Gender is covered

throughout the text with particular attention devoted to abortion human trafficking global exploitation sexual abuse and the role of women in the justice system A distinction between legal myth and reality is analyzed throughout the text using contemporary media examples International Perspective sections offer relevant cross cultural and international studies to provide a unique global viewpoint Test Your Knowledge questions open chapters to show students what they may and may not know prior to reading the chapters You Decide cases are presented throughout the book to sharpen critical thinking skills by applying the chapter contents to contemporary issues *Political Encyclopedia of U.S. States and Regions* Donald P. Haider-Markel, Michael A. Card, 2009 Providing expert analysis of government and politics in all 50 states and the U S territories this innovative two volume reference fills the critical need for information and analysis of the roles and functions of state government through accessible state by state and regional overviews of government and politics **Politics In The American States: A Comparative Analysis** Virginia Gray, Russell L.
