O'Connor, Jane Pirkis, 2016-10-31 The International Handbook of Suicide Prevention 2nd Edition presents a series of readings that consider the individual and societal factors that lead to suicide it addresses ways these factors may be mitigated and presents the most up to date evidence for effective suicide prevention approaches An updated reference that shows why effective suicide prevention can only be achieved by understanding the many reasons why people choose to end their lives Gathers together contributions from more than 100 of the world's leading authorities on suicidal behavior many of them new to this edition Considers suicide from epidemiological psychological clinical sociological and neurobiological perspectives providing a holistic understanding of the subject Describes the most up to date evidence based research and practice from across the globe and explores its implications across countries cultures and the lifespan

The International Handbook of Suicide Prevention Rory C. O'Connor, Jane Pirkis, 2016-09-14 The International Handbook of Suicide Prevention 2nd Edition presents a series of readings that consider the individual and societal factors that lead to suicide it addresses ways these factors may be mitigated and presents the most up to date evidence for effective suicide prevention approaches An updated reference that shows why effective suicide prevention can only be achieved by understanding the many reasons why people choose to end their lives Gathers together contributions from more than 100 of the world's leading authorities on suicidal behavior many of them new to this edition Considers suicide from epidemiological psychological clinical sociological and neurobiological perspectives providing a holistic understanding of the subject Describes the most up to date evidence based research and practice from across the globe and explores its implications across countries cultures and the lifespan

CRISIS INTERVENTION Kenneth France, 2015-07-01 In this exceptional new sixth edition the author has retained the practical framework for offering immediate problem solving assistance to persons in crisis Therefore the goal of this updated and expanded edition is to provide knowledge and methods applicable to particular crisis circumstances Specific topics include core concepts that are fundamental to all intervention efforts crisis theory and the philosophy of crisis intervention basic communication and problem solving skills suicide prevention assistance for terminally ill persons bereavement counseling intervention with crime victims rape counseling negotiating with armed perpetrators group strategies family and marital interventions disaster relief case management physical facilities modes of contact community relations selection training and burnout prevention procedures The handbook also details a review of the research on crisis intervention and how individual intervenors can build upon that knowledge Numerous case examples presented in the handbook with fictitious names are based on actual occurrences the author has encountered The techniques in this book are applicable to crisis centers hotlines Internet based services victim assistance programs college counseling centers hospitals schools correctional facilities children and youth programs and other human service settings The Study Questions at the end of each chapter are designed to serve as useful applications of crisis intervention theories and principles Intended for caregivers whose work involves crisis intervention efforts this is an informative resource for counselors social workers psychologists nurses physicians clergy correctional officers parole and probation officers and lay volunteers

Handbook of Youth Suicide Prevention Regina Miranda, Elizabeth L. Jeglic, 2022-01-11 This handbook examines research on youth suicide analyzes recent data on suicide among adolescents and addresses the subject matter as a serious public health concern The book explores the research on youth suicide examining its causes new and innovative ways of determining suicide risk and evidence based intervention and prevention strategies In addition it focuses on specific understudied populations including adolescents belonging to ethnic racial and sexual minority groups youth involved in the criminal justice system and adolescents in foster care The book discusses how culturally informed and targeted interventions can help to decrease suicide risk for these populations Key areas of coverage include Early childhood adversity stress and

developmental pathways of suicide risk The neurobiology of youth suicide Suicide self harm and the media Assessment of youth suicidal behavior with explicit and implicit measures Suicide related risk among immigrant ethnic and racial minority youth LGBTQ youth and suicide prevention Psychosocial treatments for ethnoculturally diverse youth with suicidal thoughts and behaviors Technology enhanced interventions and youth suicide prevention The Handbook of Youth Suicide Prevention is an essential resource for researchers professors graduate students as well as clinicians therapists and other professionals in developmental psychology social work public health pediatrics family studies child and adolescent psychiatry school and educational psychology and all interrelated disciplines Chapters 8 9 and 16 are available open access under a Creative Commons Attribution 4.0 International License via link [springer.com](https://www.springer.com) [Suicide Prevention](#) Tatiana Falcone, Jane Timmons-Mitchell, 2018-05-18 This volume is a guide for the hospital workforce related to suicide prevention Written by experts in the field this text is the only one that also includes the revised DSM 5 guidelines It is also the first to cover both prevention in one concise guide offering a well rounded approach to long and short term prevention The book begins by establishing the neurobiology of suicide before discussing the populations at risk for suicide and the various environments where they may present The book addresses the epidemiology including groups at heightened risk etiology including several types of risk factors prevention including large scale community based activities and postvention including the few evidence based approaches that are currently available Unlike any other text on the market this book does not simply focus on one particular demographic rather the book covers a wide range of populations and concerns including suicide in youths racial minorities patients suffering from serious mental and physical illnesses psychopharmacological treatment in special populations and a wide array of challenging scenarios that are often not addressed in the very few up to date resources available Suicide Prevention is an outstanding resource for psychiatrists psychologists hospitalists primary care doctors nurses social workers and all medical professionals who may interface with suicidal patients **Suicide and the Schools** Stanley W. Johnson, L. J. Maile, 1987 [Suicide Prevention](#) Christine Yu Moutier, Anthony R. Pisani, Stephen M. Stahl, 2021-05-27 A practical and easy to use guide for healthcare professionals on the prevention assessment and treatment of people at risk of suicide **The California Helper's Handbook for Suicide Intervention**, 1990 **The International Handbook of Suicide and Attempted Suicide** Keith Hawton, Kees van Heeringen, 2000-11-21 Recent research in the area of suicidology has provided significant new insights in the epidemiological psychopathological and biological characteristics of suicidal behaviour The International Handbook of Suicide and Attempted Suicide is the first book to bring together this expertise and translate it into practical guidelines for those responsible for policy issues and for those involved in the treatment and prevention of suicidal behaviour Leading international authorities provide a truly comprehensive and research based reference to understanding treating and preventing suicidal behaviour They explore concepts and theories which best guide work within this field and detail key research which has supported conceptual developments preventive interventions

and clinical treatment No self respecting worker in deliberate self harm and suicide prevention either clinical or research can afford to be without access to this comprehensive handbook possession and regular use may well become a marker of serious involvement in the subject This is the most comprehensive up to date informative and well written source of information on suicide and suicidal behaviour an invaluable work of reference which will be essential for clinicians and researchers for many years to come Andrew Sims Emeritus Professor of Psychiatry St James s University Hospital Leeds UK British Journal of Psychiatry

The Rape Crisis Intervention Handbook S.L. McCombie, 2012-12-06 This handbook is intended to be a comprehensive resource for those involved in providing crisis intervention to rape victims The medical legal and counseling needs of the rape victim are presented to prepare helping professionals to offer sensitive and skillful assistance to women who have suffered sexual assault The interdisciplinary thrust of the book reflects our conviction that health professionals police and prosecuting attorneys must share their expertise and coordinate their efforts in order to successfully meet the multiple needs of rape victims and their families While an extensive literature on rape has developed in the past decade to the best of our knowledge there is no single source for the practical treatment oriented information sought by those who work directly with victims The primary objective of this book is to offer just such a guide to service providers The book is organized into sections that deal with a specific area of the treatment of victims Detailed guidelines are provided for the nursing medical counseling police and legal services involved in comprehensive crisis intervention Interdisciplinary teaming and the emotional impact of rape on service providers are discussed by authors actively involved in rape crisis work Rape laws are explained and court preparation for victim witnesses is carefully outlined Of particular relevance to counselors is an overview of crisis theory and a psychodynamic perspective on rape trauma
