*Sukarno: A Political Biography* J. D. Legge, 1972      *Sukarno* J. D. Legge, 1986      **Sukarno** Francis A. Galle, 1970

**Sukarno** L.J. Giebels, 2015-08-01 Sukarno a biography is the first English language biography on Sukarno 1901 1970 the founding father and first president of Indonesia The book is both a biography of Sukarno and an account of the birth and ascent of the state of Indonesia The author reveals many little known facts and events He makes the reader realize that to understand the character of its first president is to understand today s Indonesia Sukarno was born in 1901 as the son of a schoolteacher in a country that had been a Dutch colony for almost three centuries For most of his life he was a subject of The Netherlands at least formally Although he never set foot in The Netherlands towards the end of his life he could still recite the names of all the Frisian waterways or all the train stations between major Dutch towns Sukarno once confessed that he dreamt prayed and swore in Dutch But he loathed the colonizer As soon as he became the president he banned the speaking of Dutch His charisma oratorical talent intelligence and ruthlessness eventually allowed this former architecture student to become the leader of the nationalist movement known as Indonesia Merdeka which means Indonesia Independent Although it took another four bloody years until the Dutch would accept Indonesia s independence for Indonesians today Merdeka became a reality after August 17 1945 But the departure of the Dutch in the 1950s didn t mean that president Sukarno was suddenly without enemies At least four attempts were made on his life between 1957 and 1962 The Indonesian president was convinced that the CIA saw him as a communist threat and was behind at least one of the assassination attempts Today s Indonesia still bears the mark of its first president Sukarno developed the five pillars of Pancasila the official philosophical foundation of the Indonesian state belief in God nationalism international humanism consensus democracy and social justice For example the fifth pillar social justice still requires the Indonesian government to allocate a substantial part of the national income to social security provisions such as unemployment health and disability insurance as well as pensions Sukarno s main constitutional heritage is the fact that Indonesia has become a unitary state Indonesia is an archipelago that is as wide as the distance between Ireland and the Caucasus it is the fourth most populous nation in the world Countries of similar size and diversity all have adopted federal forms of governance But in Indonesia federation is still a loaded concept one that many see as a betrayal of the fight against the colonial power This attests to how certainly Sukarno will remain a vital part of his nation s history About the author Dr Lambert J Giebels 1935 2011 was a Dutch politician and writer who was renowned in the Netherlands for his political biographies His two volume biography of Sukarno written in Dutch originally consisted of 1 100 pages The English translation *Sukarno A biography* is an abridged version of those two volumes The translation is a collaboration between the Indonesian American Raden M Gatot Kusuma Sujanto and Geert van der Linden a former vice president of the Asian Development Bank in Manila      **Indonesia** Taufik Abdullah, 2009 This book traces the beginning of the process of nation formation the struggle for independence the hopeful beginning of the new

nation state of Indonesia only to be followed by hard and difficult ways to remain true to the ideals of independence In the process Indonesia with its sprawling archipelago and its multi ethnic and multi religious nation has to undergo various types of crisis and internal conflicts but the ideals that have been nurtured since the beginning when a new nation began to be visualized remain intact Some changes in the interpretation may have taken place and some deviations here and there can be noticed but the literal meaning of the ideals continues to be the guiding light In short this is a history of a nation in the continuing effort to retain the ideals of its existence

### **Government Leaders, Military Rulers and Political Activists**

David W. Del Testa,2014-01-27 In each volume an introductory essay outlines of history of the disciplines under discussion and describes how changes and innovations in these disciplines have affected our lives The biographies that follow are organized in an A Z format each biography is divided into a life section describing the individual s life and influences and a legacy section summarizing the impact of that individual s work throughout history These biographies cover a diverse group of men and women from around the globe and throughout history Franklin Delano Roosevelt Mao Tse tung and Genghis Khan are among the 200 well known historical figures included in this volume Examples of other lesser known yet important individuals covered in this work are Gustavas Adolphus Swedish empire creator Hatshepsut queen of ancient Egyptian dynasty and Jean Jaur s French socialist leader and pacifist Each synopsis provides information on each individual s enduring impact on the common understanding of fundamental themes of human existence

**The Encyclopedia of Political Revolutions** Jack A. Goldstone,2015-04-29 The Encyclopedia of Political Revolutions is an important reference work that describes revolutionary events that have affected and often changed the course of history Suitable for students and interested lay readers yet authoritative enough for scholars its 200 articles by leading scholars from around the world provide quick answers to specific questions as well as in depth treatment of events and trends accompanying revolutions Includes descriptions of specific revolutions important revolutionary figures and major revolutionary themes such as communism and socialism ideology and nationalism Illustrative material consists of photographs detailed maps and a timeline of revolutions

**Suharto** R. E. Elson,2001-11-13 Suharto is synonymous with modern Indonesia He came to the leadership of Indonesia amidst extreme social upheaval and mass violence in 1966 and established an enduring regime known as the New Order He remained in command of the world s fourth most populous country until his dramatic fall from power in 1998 This book provides fascinating insights into a man who rose from humble beginnings to exert extraordinary power over a complex and volatile nation He presented himself as an infallible father of Indonesia yet he remained a mysterious and puzzling figure He sought to transform Indonesia into a strong united and economically prosperous nation but he is remembered today for human rights abuses and profound corruption The system of power he created collapsed with his decline and he left a problematic legacy for Indonesia s current leaders as they seek to create a new beginning for their country

**The Encyclopedia of the Cold War** Spencer C. Tucker,2007-09-12 A comprehensive five volume reference on

the defining conflict of the second half of the 20th century covering all aspects of the Cold War as it influenced events around the world The conflict that dominated world events for nearly five decades is now captured in a multivolume work of unprecedented magnitude from a publisher widely acclaimed for its authoritative military and historical references Under the direction of internationally known military historian Spencer Tucker ABC CLIO's The Encyclopedia of the Cold War A Political Social and Military History offers the most current and comprehensive treatment ever published of the ideological conflict that not so long ago enveloped the globe From the Second World War to the collapse of the Soviet Union The Encyclopedia of the Cold War provides authoritative information on all military conflicts battlefield and surveillance technologies diplomatic initiatives important individuals and organizations national histories economic developments societal and cultural events and more The nearly 1 300 entries plus topical essays and an extraordinarily rich documents volume draw heavily on recently opened Russian Eastern European and Chinese archives The work is a definitive cornerstone reference on one of the most important historical topics of our time Fire and the Full Moon David Webster, 2010-01-01 The history of Canada's postwar foreign policy is dominated by Cold War narratives the Gouzenko Affair UN peacekeeping missions and the Cuban Missile Crisis By contrast the story of Canada's response to decolonization in the Global South is less well known Fire and the Full Moon explores Canadian Indonesian relations to determine whether Canada's postwar foreign policy was guided by an overarching set of principles Canada a loyal member of the Western alliance wanted developing countries to follow a non revolutionary model of decolonization and paid little attention to violations of human rights Webster's reassessment of Canada's foreign policy objectives in Indonesia and of its own national image will appeal to students of diplomatic history interested in Asia and the developing world **Bandung Revisited** See Seng Tan, Amitav Acharya, 2008 The 1955 Asian African conference the Bandung Conference was a meeting of 29 Asian and African nations that sought to draw on Asian and African nationalism and religious traditions to forge a new international order that was neither communist nor capitalist It led six years later to the non aligned movement Few would dispute the notion that the inaugural meeting in 1955 was a watershed in international history but there is much disagreement about its long term legacy and its significance for present day international affairs Determining the what why and how of this monumental event remains a challenge for students of the Conference and of Third World international politics Was it a post colonial ideological reaction to the passing of the age of empire or an innovative effort to promote a new regionalism based on mutual goodwill and strong regional ties Were its principles of peaceful coexistence a rhetorical flourish or a substantive policy initiative Did the Conference help define North South relations And in what way did the Conference contribute to the regional order of contemporary Asia Back cover **Longman Companion to European Decolonisation in the Twentieth Century** Muriel E. Chamberlain, 2014-06-11 This new Companion brings together in one single volume all the essential facts and figures relating to European decolonisation in the twentieth century Professor Chamberlain has taken each European empire in turn the

British French Dutch Portuguese Spanish Belgian and Italian and for each one she has provided a detailed chronology of the process of decolonisation in the individual states

*Young Soeharto* David Jenkins ,2021-05-06 When a reluctant President Sukarno gave Lt Gen Soeharto full executive authority in March 1966 Indonesia was a deeply divided nation fractured along ideological class religious and ethnic lines Soeharto took a country in chaos the largest in Southeast Asia and transformed it into one of the Asian miracle economies only to leave it back on the brink of ruin when he was forced from office thirty two years later Drawing on his astonishing range of interviews with leading Indonesian generals former Imperial Japanese Army officers and men who served in the Dutch colonial army as well as years of patient research in Dutch Japanese British Indonesian and US archives David Jenkins brings vividly to life the story of how a socially reticent but exceptionally determined young man from rural Java began his rise to power an ascent which would be capped by thirty years 1968-98 as President of Indonesia the fourth most populous nation on earth Soeharto was one of Asia's most brutal most durable most avaricious and most successful dictators In the course of examining those aspects of his character this book provides an accessible highly readable introduction to the complex but dramatic and utterly absorbing social political religious economic and military factors that have shaped and which continue to shape Indonesia

**Legal Evolution and Political Authority in Indonesia** Daniel Lev,2021-10-25 For nearly forty years following the collapse of Indonesia's parliamentary system Indonesia's once independent legal institutions were transformed into dedicated instruments of a powerful elite and allowed to sink into a deep mire of corruption and malfeasance Legal process was devastated far beyond the capacity of any simple effort at reconstruction by post Suharto governments Indonesia's problems in this respect surpass those of other countries in the region compelled by economic crisis to re-examine institutional structures The works reprinted in this collection constitute a case study over time of legal decay and the rise of reform interests in one of the most complex countries in the world Written during a period of more than thirty years beginning in the early 1960s the essays trace several themes in the legal history of modern Indonesia They make clear however that legal history is seldom that alone but rather like law itself is largely derivative fundamentally imbedded in the interest ideas purposes and contentions of local political social and economic power

Nationalism in Asia Jeff Kingston,2016-04-27 Using a comparative interdisciplinary approach Nationalism in Asia analyzes currents of nationalism in five contemporary Asian societies China India Indonesia Japan and South Korea Explores the ways in which nationalism is expressed embraced challenged and resisted in contemporary China India Indonesia Japan and South Korea using a comparative interdisciplinary approach Provides an important trans-national and trans-regional analysis by looking at five countries that span Northeast Southeast and South Asia Features comparative analysis of identity politics democracy economic policy nation branding sports shared trauma memory and culture wars territorial disputes national security and minorities Offers an accessible thematic narrative written for non-specialists including a detailed and up-to-date bibliography Gives readers an in-depth understanding of the ramifications of nationalism

in these countries for the future of Asia      Intellectuals and Nationalism in Indonesia J. D. Legge, 2010 It has always been a matter of national pride that independence came to Indonesia not as the result of a negotiated transfer of sovereignty though the process was completed in that way but through a struggle of heroic proportions in whose fires the nation itself was forged The revolution indeed is central to the Republic's perception of itself To call it a revolution is of course to beg a number of important questions What is a revolution Is the concept developed in modern thought on the models of the French and Russian revolutions applicable to a nationalist struggle for independence Or must a revolution involve also a transfer of power from one social class to another and a subsequent social transformation For Indonesians looking back to the birth of the nation however such questions do not arise For them there is no question but that the events of 1945-49 constituted a revolution a revolution that is seen as the supreme act of national will the symbol of national self reliance and for those caught up in it as a vast emotional experience in which the people the people as a whole participated directly The exploration of Sjahrir's recruitment of a group of followers during the Japanese Occupation and of the character and attitudes of the group is based in large measure on interviews with its surviving members A highly articulate body of people they clearly enjoyed recalling their youth remembering particular experiences and thinking back on the issues that had preoccupied them and the ideas that had excited them as students For many of them it had obviously been a golden age perceived all the more vividly now because the world they had hoped for had never come into being There is perhaps a good deal of nostalgia in their memories of what it was like to be a part of a crucial period in their country's history and no doubt some misjudgment about the parts they played Oral history is a risky business given the fallibility of human memory and the tendency for interviewer and subject alike to collaborate in re-shaping the past in the light of their later perspectives The dangers of such a method are discussed below Nevertheless provided it is kept in mind that memories are documents of the present and not of the period with which they deal it is important to gather these recollections while members of the generation in question are still alive      **The Routledge Companion to World History since 1914** Chris Cook, John Stevenson, 2006-01-27 The Routledge Companion to World History since 1914 is an outstanding compendium of facts and figures on World History Fully up to date reliable and clear this volume is the indispensable source of information on a thorough range of topics such as the Arab Israeli conflict anti-semitism and the Holocaust all the world's major famines and natural disasters since 1914 whether all countries of the world have a king president prime minister or other governance GNP of the world's major states year by year biographies of key figures civil rights movements the Vietnam War the rise of terrorism globalization Thematically presented the book covers topics relevant from the First World War to the Iraq war of 2003 and from post colonial Africa to conflicts and movements in Southeast Asia With maps chronologies and full bibliography this user friendly reference work is the essential companion for students of history politics and international relations and for all those with an interest in world history      *Indonesia* Jean Gelman Taylor, 2003-01-01 Sociale geschiedenis van Indonesië      **Workers, Unions and Politics**

John Ingleson, 2014-01-30 In *Workers Unions and Politics Indonesia in the 1920s and 1930s* John Ingleson revises received understandings of the decade and a half between the failed communist uprisings of 1926-1927 and the Japanese occupation in 1942. They were important years for the labour movement. It had to recover from the crackdown by the colonial state and then cope with the impact of the 1930s depression. Labour unions were voices for greater social justice, for stronger legal protection and for improved opportunities for workers. They created a discourse of social rights and wage justice. They were major contributors to the growth of a stronger civil society. The experiences and remembered histories of these years helped shape the agendas of post-independence labour unions.

*Politics in Indonesia* Douglas E. Ramage, 2002-09-11 *Politics in Indonesia* describes the attitudes, aspirations and frustrations of the key players in Indonesian politics as they struggle to shape the future. The book focuses on the role of political Islam. Douglas E. Ramage shows that the state has been remarkably successful in maintaining secular political institutions in a predominantly Muslim society. He analyses the way in which political questions are framed with reference to the national ideology, the Pancasila.
