Sultans Bed:

The Sultan's Bed Laura Wright, 2010-09-01 Every day in court divorce attorney Mariah Kennedy pitted herself against rich ruthless men and usually won. Her new neighbor Zayad Al Nayhal with his arrogance and air of command was exactly the type she'd learned not to trust. But his dark good looks and irresistible charm soon chipped away at her best defenses. The Sultan of Emand was in California to deal with a family crisis. He was not here to indulge his attraction to the headstrong and sensual Mariah. Yet neither could resist temptation for long. Too soon their affair demanded a commitment Zayad had never before been able to give. But letting Mariah go was not an option. **The Sultan's Favorite**, *Empress of the East* Leslie

Peirce, 2017-09-19 The fascinating lively story of the Russian slave girl Roxelana who rose from concubine to become the only queen of the Ottoman empire. New York Times In *Empress of the East* historian Leslie Peirce tells the remarkable story of a Christian slave girl Roxelana who was abducted by slave traders from her Ruthenian homeland and brought to the harem of Sultan Suleyman the Magnificent in Istanbul. Suleyman became besotted with her and foreswore all other concubines. Then in an unprecedented step he freed her and married her. The bold and canny Roxelana soon became a shrewd diplomat and philanthropist who helped Suleyman keep pace with a changing world in which women from Isabella of Hungary to Catherine de Medici increasingly held the reins of power. Until now Roxelana has been seen as a seductress who brought ruin to the empire but in *Empress of the East* Peirce reveals the true history of an elusive figure who transformed the Ottoman harem into an institution of imperial rule. **An Underground Education** Richard Zacks, 2010-10-06 The best kind of knowledge is

uncommon knowledge. Okay so maybe you know all the stuff you're supposed to know that there are teenier things than atoms that Remembrance of Things Past has something to do with a perfumed cookie that the Monroe Doctrine means we get to take over small South American countries when we feel like it. But really is this kind of knowledge going to make you the hit of the cocktail party or the loser spending forty five minutes examining the host's bookshelves. Wouldn't you rather learn things like how the invention of the bicycle affected the evolution of underwear. Or that the 1949 Nobel Prize for Medicine was awarded to a doctor who performed lobotomies with a household ice pick. Or how Catherine the Great really died. Or that heroin was sold over the counter not too long ago. For the truly well rounded intellectual nothing fascinates so much as the subversive the contrarian the suppressed and the bizarre. Richard Zacks' auto didact extraordinaire has unloosed his admittedly strange mind and astonishing research abilities upon the entire spectrum of human knowledge ferreting out endlessly fascinating facts stories photos and images guaranteed to make you laugh gasp in wonder and occasionally shudder at the depths of human depravity. The result of his labors is this fantastically illustrated quasi encyclopedia that provides alternative takes on art business crime science medicine sex lots of that and many other facets of human experience. Immensely entertaining and arguably enlightening. *An Underground Education* is the only book that explains the birth of motion pictures using photos of naked baseball players. Richard Zacks is the author of *History Laid Bare* *Love Sex and*

Perversity from the Ancient Etruscans to Warren G Harding which was excerpted in classy magazines like Harper's and earned the attention of the even classier New York Times which noted that Zacks specializes in the raunchy and perverse. The Georgia State Legislature voted on whether to ban the book from public libraries. He has studied Arabic, Greek, Latin, French, Italian, and Hebrew and received the Phillips Classical Greek Award at the University of Michigan. He has also told his publisher that he made a living in Cairo cheating royalty from a certain Arab country at games of chance, although the claim remains unverified. His writing has appeared in the New York Times, The Atlantic, Monthly, Time, Life, Sports Illustrated, The Village Voice, TV Guide, and similarly diverse publications. Zacks is married and busy warping the minds of his two children, Georgia and Ziegfeld. He resides in New York City and can be reached via e-mail at rzacks@echonyc.com.

Marriage Customs and Modes of Courtship of the Various Nations of the Universe Theophilus Moore, 1820

Queens Around the World, 1520-1620 Dror Ze'evi, 2024-12-05 This textbook explores the histories of royal women in Europe, the Middle East, and parts of Asia in the sixteenth and early seventeenth centuries. It argues that by dint of an unprecedented conjunction of historical shifts and powerful personalities, it was these women and not men who sat at the helm of global politics; moreover, it was they who in truth steered our world's transition from the Middle Ages to modernity. Organized into chapters devoted to each of the era's great states, the book sets out to challenge several historical premises. First, it shows that women were the actual, if not always formally crowned, sovereigns of these states or at least played a decisive role in shaping their policies. Second, the book dissolves the conventional dichotomy between East and West, showing that in both Christian Europe and Islamdom, women achieved their high status by means of similar strategies and at similar periods in history. Third, by demonstrating that there was a precedent for female authority long before the first harbingers of the women's movement in the eighteenth century, the book calls into question received ideas about historical progress and the evolution of women's liberation.

The Imperial Harem Leslie P. Peirce, 1993 The unprecedented political power of the Ottoman imperial harem in the sixteenth and seventeenth centuries is widely viewed as illegitimate and corrupting. This book examines the sources of royal women's power and assesses the reactions of contemporaries, which ranged from loyal devotion to armed opposition. By examining political action in the context of household networks, Leslie Peirce demonstrates that female power was a logical, indeed an intended, consequence of political structures. Royal women were custodians of sovereign power, training their sons in its use and exercising it directly as regents when necessary. Furthermore, they played central roles in the public culture of sovereignty: royal ceremonial, monumental building, and patronage of artistic production. The Imperial Harem argues that the exercise of political power was tied to definitions of sexuality. Within the dynasty, the hierarchy of female power, like the hierarchy of male power, reflected the broader society's control for social control of the sexually active.

Servants of the Dynasty Anne Walthall, 2008 This book offers a new perspective on the monarchies that have dominated much of human history by offering a comparative view of the women who lived, worked, and served in royal courts around the globe. The

authors of this volume historians anthropologists and archeologists investigate women's roles in each era and locale how those roles changed over time and what women's histories say about the structures of power and the societies in which they lived The authors take us to palaces in Early modern Southeast Asia classic Maya royal courts the Byzantine court the harem of the Ottoman royal court the Mughal palace an African royal harem the courts of Chinese Emperors and Empresses the palace of the Shogun the court of Versailles Aztec palaces and a Korean court **Oriental Panorama** Reinhold
