

The background of the book cover is a painting of a beach scene. In the foreground, two young girls in white dresses are playing in the sand. One girl is kneeling, and the other is standing. They are surrounded by small toys and shells. In the middle ground, other children are visible further down the beach. The ocean is a deep blue, and the sky is a lighter blue with scattered white clouds. The overall style is that of a 19th-century landscape painting.

Summer Afternoons The Landscape Paintings Of William Merritt Chase:

Summer Afternoons Ronald G. Pisano, William Merritt Chase, 1993 Born in Indiana in 1849 William Merritt Chase along with Whistler Cassatt and Sargent is recognized today as one of America's premier Impressionist painters Chase's formative years spanned a period of great change in American painting a time when eager young artists trained in the academies found inspiration both in Europe and gradually in their own country Chase often traveled abroad unlike many of his contemporaries he also chose to portray the natural beauty of America often in city parks and simple beach scenes rather than idealized bucolic vistas Although for at least a half century after his death Chase was better known for his still lifes and figure paintings now his landscapes come to light as some of his most beautiful and skilled works They are at once the most impressionistic of his works and the most American an important attribute for this man who was an influential educator on the art of his own country and who at a ball in Bruges Belgium bedecked with all the medals he had won over the years proudly proclaimed himself Duke of Indiana Most celebrated among Chase's American scenes were the Prospect Park and Central Park paintings and the Long Island landscapes Writing about Chase in Harper's New Monthly in 1889 and objecting to the overriding preference for European subjects among American artists and collectors one critic described Chase's urban scenes as new proof if proof were wanted that it is not subjects that are lacking in this country but eyes to see them with The eighty eight full color reproductions of Chase's landscape paintings and pastels in his book go beyond his American scenes Spanning the years 1875 to 1914 from Chase's early days in Munich to his summer in Carmel by the Sea the book is full of different locales all rendered in Chase's adored plein air style Here is Madrid Holland Fiesole and Venice later on to the city parks and the beaches and finally the California paintings The text is by Ronald Pisano the foremost authority on Chase and is supplemented by documentary photographs from Chase's life and his various working environments These oils and pastels are pictures of ease of relaxation in their portrayal of leisure class Americans they are intimate and restrained but are the work of a consummately talented colorist and an artist fascinated by aesthetic technique If one can paint a fence rail well Chase once said in defense of his Long Island paintings it is far better than an unsuccessful attempt at the most sublime scenery for it is not what one does but the way it is done BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *William Merritt Chase* Elsa Smithgall, Erica E. Elizabeth Boone focuses on works by Thomas Eakins, Mary Cassatt, William Merritt Chase, John Singer Sargent, Robert Henri and other American artists who traveled to Spain to study the achievements of such great masters as Murillo, Velázquez and Goya The resulting American paintings, some well known and others now largely forgotten, provide intriguing insights not only into the 19th century American struggle to define itself as an imperial power but also into the relations between the United States and the Spanish-speaking world today **American Paintings, Drawings and Sculpture** Sotheby's (Firm), 1995 *William Merritt Chase* Ronald G. Pisano, 1979 Impressionism John I. Clancy, 2003 Defining an artistic era or movement is often a difficult task as one tries to group individualistic expressions and artwork under one broad brush Such is the case with impressionism which culls together the art of a multitude of painters in the mid 19th century including Monet, Cézanne, Renoir, Degas and van Gogh Basically impressionism involved the shedding of traditional painting methods The subjects of art were taken from everyday life as opposed to the pages of mythology and history In addition each artist painted to express feelings of the moment instead of hewing to time-honoured standards This description of impressionism obviously is quite broad and can apply to a wide array of styles Nonetheless it remains a very important school in the annals of art Any current or budding art aficionado should become familiar with the impressionist movement and its impact on the art world This book presents a sweeping study of this artistic period from its origins to its manifestations in the works of some of art history's most revered painters Following this overview is a substantial and selective bibliography featuring access through author title and subject indexes **Julian Onderdonk** William Keyse Rudolph, A. Chrysler Jr. 1909-1988 whose collection came to what was then the Norfolk Museum of Arts and Sciences in 1971. While he was deeply interested in the art of the distant past, Mr. Chrysler also enthusiastically embraced the art of his contemporaries. He paid homage to the richness and diversity of twentieth-century American art with the acquisition of works by realist painters such as Robert Henri and George Bellows, Abstract Expressionists including Jackson Pollock, Franz Kline, and Hans Hofmann, and Pop artists Andy Warhol and Roy Lichtenstein. American Art at the Chrysler Museum also includes noteworthy art of the 1980s, 1990s, and beyond, gifts from local Hampton Roads citizens who have maintained this commitment to the art of the present.

Gerdts, Sylvia Yount, 2002-10-25 This magnificent new book has assembled a definitive collection of impressionistic works from the Bucks County region of eastern Pennsylvania. Excellent. Bloomsbury Review **William Merritt Chase** William Merritt Chase, Akron Art Museum, 1982 **Masters of Light** Jennifer A. Bailey, Kevin Sharp, Lucinda H. Gedeon, 2006 Americans were introduced to Impressionism by the French in the 1880s. They explored its expressive potential and debated its merits in the 1890s, and by the turn of the 20th century American painters had seized the style for their own. Included here are thirty superb examples of American Impressionist painting by the seminal artists who redefined the movement for American audiences, including Frank W. Benson, Mary Cassatt, William Merritt Chase, Childe Hassam, John Singer Sargent, John Henry Twachtman, and others. An essay by Kevin Sharp examines the unintentional circumstances and deliberate efforts that transformed Impressionism from an expression of the French vanguard into an international style and eventually into a peculiarly American enterprise.

Twelve American Masterpieces Ira Spanierman Gallery, 1998 **The Indiana Dunes Revealed** Frank V. Dudley, 2006 A native Midwesterner's timeless portrayals of a fragile sanctuary. The Indiana Dunes Revealed offers the first comprehensive examination of a widely collected, much-loved and ecologically significant artist. Described by art historian William Gerdts as one of the finest painters working in the Midwest in the first decades of the twentieth century, Frank V. Dudley (1868-1957) was a native of Wisconsin who studied at the Art Institute of Chicago before going on to establish a long exhibition record both there and across the country. He also dedicated over forty years of his professional life as a landscape painter to the promotion and preservation of the Indiana Dunes. Today, thanks in part to Dudley's efforts, this unique geographical region enjoys state and federal protection and provides ecologists from around the world with a living laboratory unlike anything else. The Indiana Dunes Revealed serves as the accompanying catalogue for the exhibition of Dudley's work, showing from August 15 to November 30, 2006, at the Brauer Museum of Art at Valparaiso University. Featuring 150 color and 70 black and white images, it celebrates Dudley's unique artistic legacy, documents the exhibition, and demonstrates the painter's importance to environmentalists and naturalists, especially during the many years of national debate over the designation of parts of the dunes as a national park. In some areas, Dudley's painting may be the

only record of a lost dunescape and as the struggle between development and preservation continues his enduring art reminds us of the need for a sustainable environment for the Great Lakes
