Summerhill, A Radical Approach to Child Rearing, by A.S. Neill. With a Foreword by Erich Fromm Alexander Sutherland Neill,1962 *Summerhill: a radical approach to child rearing, with a foreword by E. Fromm* Alexander Sutherland Neill,

On the Side of the Child William Ayers,2003 A S Neill s radical approach to child rearing is as controversial today as it was in 1960 Neill s code of freedom emphasized the principles of freedom love and positive discipline in the care and education of children These ideals continue to evoke admiration by many who have found them key to not only raising healthy happy children but also to stemming the tide of violence in our schools and society Others dismiss these same principles for being idealistic at best and harmful at worst In this wonderful account Bill Ayers speaks as a parent and an educator who has spent years in the classroom experimenting with Neill s progressive approach While Ayers admits to being a long time fan of Neill s he also admits that Neill s techniques sometimes seemed more than a little loony when they first appeared It is Ayers s honest straightforward approach that makes his treatment of Neill so valuable and relevant to how we treat and raise our children today This vital and unique volume is a great read for parents teachers and anyone considering alternative visions for raising children and overcoming violence in today s society It also features key sections from the original text of Summerhill A Radical Approach to Child Rearing that Ayers identifies as critical to understanding Neill s philosophy William Ayers dialog with A S Neill is particularly important at this time when high stakes testing and an obsession with stigmatizing children as ADD or Hyperactive is a substitute for treating students as respected citizens of their schools Neill and Ayers understand the importance of choice voice and respect in the lives of adolescents and they honor and celebrate it From the Series Foreword by Herb Kohl Bill Ayers a creative and insightful educator begins where A S Neill left off by challenging us to think outside the box and push for true freedom and democracy in our schools This book is a must read not only for educators but also for professionals and parents who care about children and for whom building a truly humane and just society is paramount Jane R Hirschmann Chair NYS Parents Coalition to End High Stakes Testing

behaviour or good work builds self esteem and self confidence Children love to collect stickers certificates and rewards so what better way is there to shape behaviour encourage good work habits and produce confident learners Teachers and parents alike know that praise is effective we use it every day and we see the positive effect that it has on our children However constructivist practitioners would argue that praise in any form creates hierarchies and competition in the classroom has little effect on genuine learning and is invasively judgemental rather than supportive Constructivists would further argue that self esteem cannot be built by external agency teachers and parents can only create an appropriate environment in which a robust sense of self can grow and develop This book challenges traditional embedded thinking about the role of praise It questions the assumptions we make about developing self esteem about the ability of children to form their own independent judgements and the choices that children make regardless rather than because of contingent praise What happens when children are praised Read this book listen to what children really think and challenge your own assumptions Features include Case studies and children s work samples Points for reflection which could be used for CPD sessions Appendices containing behaviour policy samples Pupil teacher and parental perspectives This book is aimed at practising and training Primary school teachers It would also be suitable for NQTs who are starting to shape their own practice experienced teachers who want to develop and question their own practice and students on BA Hons and PGCE courses
