Sun In Horus:

Yahweh and the Sun J. Glen Taylor,1993-11-01 This challenging provocative book argues that there was in ancient Israel a considerable degree of overlap between the worship of the sun and of Yahweh even that Yahweh was worshipped as the sun in some contexts As an object created not by humankind but by God himself the sun as an object of veneration lay outside the bounds of the second commandment and was considered by many to be an appropriate icon of Yahweh of Hosts Through its investigation of solar Yahwism this book offers fresh insight into several passages e g Genesis 1 32 23 33 Joshua 10 12 14 1 Kings 8 12 Ezekiel 8 16 18 Psalms 19 104 and archaeological data regarding the orientations of Yahwistic temples the mlk jar handles horse figurines and the Taanach cult stand The book argues that the struggle between Yahweh and other deities in ancient Israel took place within the context of the development of Yahwism itself **The Dawn of Civilization** Gaston

The Dawn of Astronomy Sir Norman Lockyer,1894 **The Dawn of Astronomy** J. Norman Lockyer,2006-04-28 A pioneer in the fields of astrophysics and astro archeology J Norman Lockyer believed that ancient Egyptian monuments were constructed in strict relation to the stars In this celebrated study he explores the relationship between astronomy and architecture in the age of the pharaohs Lockyer addresses one of the many points already extensively investigated by Egyptologists the chronology of the kings of Egypt All experts are in accord regarding the identity of the first monarch but they cannot agree upon the dates of his reign within a thousand years The author contends that by applying a knowledge of astronomy to the actual site orientation of the region s pyramids and temples accurate dating can be achieved In order to accomplish this Lockyer had to determine the level of the ancient Egyptian ideas of astronomy Some of his inferences have been invalidated by subsequent scholarship but many of his other conclusions stand firm and continue to provide sensational
