Sunken Treaties Naval Arms Control Between The Wars:

Sunken Treaties Emily O. Goldman, 2010-11-01 *Historical Dictionary of Arms Control and Disarmament* Jeffrey A. Larsen, James M. Smith, 2005-03-25 *Historical Dictionary of Arms Control and Disarmament* also provides information that is comprehensible to all readers Jeffrey A. Larsen and James M. Smith present a context for the broader range of international relations at a given point in time extending the utility of the dictionary beyond just a narrow examination of arms control

BOOK JACKET *Japan at War* Louis G. Perez, 2013-01-08 This compelling reference focuses on the events individuals organizations and ideas that shaped Japanese warfare from early times to the present day Japan's military prowess is legendary From the early samurai code of morals to the 20th century battles in the Pacific theater this island nation has a long history of duty honor and valor in warfare This fascinating reference explores the relationship between military values and Japanese society and traces the evolution of war in this country from 700 CE to modern times In *Japan at War* An Encyclopedia author Louis G. Perez examines the people and ideas that led Japan into or out of war analyzes the outcomes of battles and presents theoretical alternatives to the strategic choices made during the conflicts The book contains contributions from scholars in a wide range of disciplines including history political science anthropology sociology language literature poetry and psychology and the content features internal rebellions and revolutions as well as wars with other countries and kingdoms Entries are listed alphabetically and extensively cross referenced to help readers quickly locate topics of interest

Alanson B. Houghton Jeffrey J. Matthews, 2004 As the leading ambassador in Europe Houghton played a key role in the major diplomatic achievements of the era including the Dawes Plan for reparations the Locarno security treaties and the Kellogg Briand peace pact While Houghton's significant contributions to these international accords is fully explored the major theme of this book is his emergence as chief critic of U.S. foreign policy within the Harding and Coolidge administrations

Navy Priest Richard Gribble, 2015 A Pittsburgh native Fr. Jake Laboon served the U.S. Navy as a World War II submarine officer and as a dedicated chaplain This biography covers the span of his life from childhood to his last years Back cover

"Execute against Japan" Joel Ira Holwitt, 2009-04-01 until now how the Navy managed to instantaneously move from the overt legal restrictions of the naval arms treaties that bound submarines to the cruiser rules of the eighteenth century to a declaration of unrestricted submarine warfare against Japan immediately after the attack on Pearl Harbor has never been explained Lieutenant Holwitt has dissected this process and has created a compelling story of who did what when and to whom The *Submarine Review* *Execute against Japan* should be required reading for naval officers especially in submarine wardrooms as well as for anyone interested in history policy or international law Adm. James P. Wisecup President US Naval War College for *Naval War College Review* Although the policy of unrestricted air and submarine warfare proved critical to the Pacific war's course this splendid work is the first comprehensive account of its origins illustrating that historians have by no means exhausted questions about this conflict *World War II Magazine* US Navy

submarine officer Joel Ira Holwitt has performed an impressive feat with this book Holwitt is to be commended for not shying away from moral judgments This is a superb book that fully explains how the United States came to adopt a strategy regarded by many as illegal and tantamount to terror Military Review [Parameters](#) ,1995 **Surface and Destroy** Michael Sturma,2011-03-25 World War II submariners rarely experienced anything as exhilarating or horrifying as the surface gun attack Between the ocean floor and the rolling whitecaps above submarines patrolled a dark abyss in a fusion of silence shadows and steel firing around eleven thousand torpedoes sinking Japanese men of war and more than one thousand merchant ships But the anonymity and simplicity of the stealthy torpedo attack hid the savagery of warfare a stark difference from the brutality of the surface gun maneuver As the submarine shot through the surface of the water confined sailors scrambled through the hatches armed with large caliber guns and met the enemy face to face Surface and Destroy The Submarine Gun War in the Pacific reveals the nature of submarine warfare in the Pacific Ocean during World War II and investigates the challenges of facing the enemy on the surface The surface battle amplified the realities of war bringing submariners into close contact with survivors and potential prisoners of war As Japan's larger ships disappeared from the Pacific theater American submarines turned their attention to smaller craft such as patrol boats schooners sampans and junks Some officers refused to attack enemy vessels of questionable value while others attacked reluctantly and tried to minimize casualties Michael Sturma focuses on the submariners reactions and attitudes toward their victims exploring the sailors personal standards of morality and their ability to wage total war Surface and Destroy is a thorough analysis of the submariner experience and the effects of surface attacks on the war in the Pacific offering a compelling study of the battles that became intolerably personal *The SAGE Encyclopedia of War: Social Science Perspectives* Paul Joseph,2016-06-15 Traditional explorations of war look through the lens of history and military science focusing on big events big battles and big generals By contrast The SAGE Encyclopedia of War Social Science Perspective views war through the lens of the social sciences looking at the causes processes and effects of war and drawing from a vast group of fields such as communication and mass media economics political science and law psychology and sociology Key features include More than 650 entries organized in an A to Z format authored and signed by key academics in the field Entries conclude with cross references and further readings aiding the researcher further in their research journeys An alternative Reader's Guide table of contents groups articles by disciplinary areas and by broad themes A helpful Resource Guide directing researchers to classic books journals and electronic resources for more in depth study This important and distinctive work will be a key reference for all researchers in the fields of political science international relations and sociology [Winston Churchill and the Art of Leadership](#) William Nester,2020-09-30 A unique biography that explores how Churchill viewed pursued and used power by the award winning author of Napoleon and the Art of Diplomacy Many indeed are the biographies of Winston Churchill one of the most influential figures of the twentieth century But what was that influence and how did he use it in the furtherance of

his and his country's ambitions For the first time Professor William Nestor has delved into the life and actions of Churchill to examine just how skillfully he manipulated events to place him in positions of power His thirst for power stirred political controversy wherever he intruded Those who had to deal directly with him either loved or hated him His enemies condemned him for being an egoist publicity hound double dealer and Machiavellian accusations that his friends and even he himself could not deny He could only serve Britain as a statesman and a reformer because he was a wily politician who won sixteen of twenty one elections that he contested between 1899 and 1955 The House of Commons was Churchill's political temple where he exalted in the speeches and harangues on the floor and the backroom horse trading and camaraderie Most of his life he was a Cassandra warning against the threats of Communism Nazism and nuclear Armageddon With his ability to think beyond mental boxes and connect far flung dots he clearly foretold events to which virtually everyone else was oblivious Yet he was certainly not always right and was at times spectacularly wrong This is the first book that explores how Churchill understood and asserted the art of power mostly through hundreds of his own insights expressed through his speeches and writings

Royal Navy Strategy in the Far East 1919-1939 Andrew Field, 2004-05-20 Between the ending of the Great War and the start of the Second World War in 1939 the Royal Navy remained the largest in the world But with the League of Nations seeming to offer a solution to all future conflicts a country weary of war and without an obvious enemy there seemed no need for a large battlefleet

War, Peace and International Relations Colin S. Gray, 2013-06-17 War Peace and International Relations provides an introduction to the strategic history of the past two centuries showing how those 200 years were shaped and reshaped extensively by war The book takes a broad view of what was relevant to the causes courses and consequences of wars Written by leading strategist Professor Colin Gray the book provides students with a good grounding in the contribution of war to the development of the modern world from the pre industrial era to the age of international terrorism and smart weapons This second edition has been thoroughly revised and updated It is the first one volume strategic history textbook on the market It covers all the major wars of the past two centuries It is up to date and comprehensive including a new section on the American Civil War a new chapter on geography and strategy and completely rewritten chapters on Iraq and Afghanistan in the 2000s and on irregular warfare This textbook will be essential reading for students of strategic studies security studies war studies international relations and international history

History of American Foreign Policy, Volume 2 Jerald A Combs, 2017-07-28 First Published in 2017 Now thoroughly updated this respected text provides a clear concise and affordable narrative and analytical history of American foreign policy from the revolutionary period to the present This is Volume II and is from 1895 The historiographical essays at the end of each chapter have been revised to reflect the most recent scholarship The History of American Foreign Policy chronicles events and policies with emphasis on the international setting and constraints within which American policy makers had to operate the domestic pressures on those policy makers and the ideologies preferences and personal idiosyncrasies of the leaders

themselves **Principles of Maritime Power** Bruce A. Elleman, 2022-03-14 Maritime powers dominate the planet from the British empire of the 19th century to the American post World War II domination of global affairs To a large degree their control of the globe is based on control of the seas This book seeks to examine the strengths and weaknesses of maritime power including specific chapters on mutiny blockades coalitions piracy expeditionary warfare commerce raiding and soft power operations but with larger discussion of such sea power characteristics as sea control sea denial and the competition between land powers and sea powers The conclusions will discuss how many other countries including Russia during the Cold War and the PRC today have or are seeking to use sea power to claim regional and then eventually global hegemony

Strange Allies Andrew Webster, 2019-07-02 Strange Allies examines three intersecting themes of fundamental importance to the international history of the period between the two world wars First and most broadly it is a study of the international history of the pivotal hinge years running from the onset of the Depression in late 1929 to the Nazi capture of power in Germany in early 1933 The second theme is the strategic relationship between Britain and France the critical dynamic in the management of global and European international relations during this time of great fluidity and uncertainty The most contentious and intractable issue that divided the two countries was the pursuit of international disarmament which forms the third theme of the book Strange Allies is based upon extensive research in British and French archives as well as in the archives of the League of Nations in Geneva The book's focus on 1929-31 in particular makes a major contribution to the international history of the interwar period by re-examining the security and strategic policies of the second Labour government in Britain and of foreign minister Aristide Briand in the post Locarno years in France For 1931-33 the book looks at the impact of the great financial and economic crisis of 1931 on security and disarmament planning in Britain and France It then considers the impact of the Anglo-French relationship on the instability of Europe and on the failure of the World Disarmament Conference This book is the first detailed study of the Anglo-French relationship during a critical period which saw a reshaping of the boundaries of global security Although the Anglo-French alliance is rightly seen to be pivotal to both the initial phase of implementing the Versailles settlement of 1919 and the efforts to contain Hitler and protect Europe after 1936 Strange Allies demonstrates the degree to which these states conflicting views of security were central to international relations in the years leading up to Hitler's accession to power Arms Control Robert E. Williams Jr., Paul R.

Viotti, 2012-05-15 Set against a backdrop of terrorism rogue states non-conventional warfare and deteriorating diplomacy this encyclopedia offers a comprehensive multidisciplinary up-to-date reference on the recent history and contemporary practice of arms control and nonproliferation Arms Control History Theory and Policy features in-depth expert analysis and information on the full spectrum of issues relating to this critical topic The first major reference on arms control in over a decade the two-volume set covers historical context contemporary challenges and emerging approaches to diplomacy and human rights Noted experts provide a full spectrum of perspectives on arms control offering insightful analysis of arms

control agreements and the people and institutions behind them Volume 1 provides an accessible historical overview of the subject and a more detailed conceptual analysis of the foundations of arms control Volume 2 covers the contemporary and practical issues of arms control focusing on global issues that arms control advocates have been forced to address with varying degrees of success a burgeoning international trade in conventional weapons a closely related flood of small arms and light weapons used to fuel intrastate conflicts and even genocide and the spread of nuclear weapons to potentially unstable regions of the world

Between Depression and Disarmament Jonathan A. Grant, 2018-04-26 This business history analyzes the connections between private business disarmament and re armament as they affected arms procurement and military technology transfers in Eastern Europe from 1919 to 1939 Rather than focusing on the negotiations or the political problems involved with the Disarmament Conferences this study concerns itself with the business effects of the disarmament discussions Accordingly Schneider Creusot koda Vickers and their respective business activities in Eastern European markets serve as the chief subjects for this book and the core primary sources relied upon include their unpublished corporate archival documents Shifting the scope of analysis to consider the business dimension allows for a fresh appraisal of the linkages between the arms trade disarmament and re armament The business approach also explodes the myth of the merchants of death from the inside It concludes by tracing the armaments business between 1939 and 1941 as it transitioned from peacetime to war

Belligerents, Brinkmanship, and the Big Stick John M. Dobson, 2009-07-14 This encyclopedia offers authoritative coverage of the concepts traditions events and individuals that shaped United States foreign relations from the American Revolution to the present Belligerents Brinkmanship and the Big Stick A Historical Encyclopedia of American Diplomatic Concepts is the first comprehensive encyclopedic work to focus specifically on America s extraordinary history of political engagement with the world With hundreds of alphabetically organized entries and a rich collection of primary sources it offers a unique way of understanding the centrality of diplomacy and the role of foreign relations throughout U S history The encyclopedia is divided into five chronological sections each containing a brief introduction topical entries biographical portraits and representative documents It is designed to help readers gain a deeper understanding of both general ideas as well as specific policies like the Monroe Doctrine the Open Door Policy and Shuttle Diplomacy By examining seminal events important ideas and individual contributions in the context of U S history the encyclopedia reveals the underlying traditions and motivations of American foreign policy as it has evolved over time

Peace in World History Peter Stearns, 2014-04-03 In Peace in World History Peter N Stearns examines the ideas of peace that have existed throughout history and how societies have sought to put them into practice Beginning with the status of peace in early hunter gatherer and agricultural societies and continuing through the present day the narrative gives students a clear view of the ways people across the world have understood and striven to achieve peace throughout history Topics covered include Comparison of the pax Romana and pax Sinica of Rome and China Concepts of peace in Buddhism

Christianity and Islam and their historical impact The place of peace in the periods of expanding empires The emergence starting in the 19th century of formal schemes to promote peace amid increasingly destructive technologies for warfare Moving away from the view of history as a series of military conflicts Peace in World History offers a new way of looking at world history by focusing on peace Showing how concepts of peace have evolved over time even as they have been challenged by war and conflict this lively and engaging narrative enables students to consider peace as a human possibility

The Battleship Book Robert M. Farley, 2015-12-17 From the moment when the launching of HMS Dreadnought made every capital ship in the world obsolete overnight we have been fascinated with these powerful surface combatants Here Robert M Farley looks at the history and folklore that makes these ships enduring symbols of national power and sometimes national futility From Arizona to Yamato here are more than sixty lavishly illustrated accounts of battleships from the most well known to the most unusual including at least one ship from every nation that ever owned a modern battleship Separate essays and sidebars look at events and lore that greatly affected battleships
