Open Timed Writings (OTW)

Copy for an OTW can be duplicated and distributed to students, or students can type any desired copy. In GDP, students select the duration of the OTW, and GDP will automatically calculate speed but cannot score errors. Instead, students will be asked to proofread the passage and enter the total number of errors when the OTW ends.

To take an OTW:

Print the OTW copy, and distribute copy to students. Direct students to access OTWs via the **Timed Writings** button as follows:

1. From the **Timed Writings** button, **Other** tab, **Open Timed Writing**, click **Open Timed Writing**.
2. From the **Select your time limit** dialog box, check **1 minute**, **2 minutes**, **3 minutes**, **5 minutes**, or **No time**; click **OK**.
3. In the **Open Timed Writing** box, type the copy until time is up.

Note: If **No time** was checked in step 2, when students take the OTW, direct them to finish all copy and then click **OK**.

4. Note that when the timer runs out, the OTW ends automatically; click **OK**.
5. Review the copy, and in the blank box, enter the total number of errors—if you had no errors type a zero (0).

Gould,2024-05-31

After years of preparation and anticipation many students arrive at college without any real knowledge of the ins and outs of college life They ve been focused on finding the right school and have been carefully guided through the nuances of the admissions process but too often they have little knowledge about how college will be different from high school or what will be expected of them during that crucial first year and beyond Written by an award winning teacher How to Succeed in College While Really Trying provides much needed help to students offering practical tips and specific study strategies that will equip them to excel in their new environment Drawing on years of experience teaching at a variety of campuses from large research universities to small liberal arts colleges Jon B Gould gives readers the lay of the land and demystifies the college experience In the course of the book students will learn how to identify the best instructors how to choose classes and settle on a major how to develop effective strategies for reading and note taking and how to write good papers and

successfully complete exams Because much of the college experience takes place outside of the classroom Gould also advises students on how to effectively manage their cocurricular activities work obligations and free time as well as how to take advantage of the typically untapped resources on every campus With candid advice and insights from a seasoned insider this guide will leave students better prepared not only to succeed in college but to enjoy it as well
