

Test Bank for The Real World An Introduction to Sociology, 5e Kerry Ferris, Jill Stein (All Chapters)

CHAPTER 01: SOCIOLOGY AND THE REAL WORLD

MULTIPLE CHOICE

1. Sociologists observe society:
- by studying the various parts of a society, and the ways they interact and influence each other.
 - by studying society as if it were a concrete object, in the same way a geologist studies rocks.
 - by using the preconceptions, assumptions, and beliefs that come from living in a society.
 - through the use of special scientific tools that provide unmediated access to the very heart of society.

ANS: A DIF: Difficult REF: Pages 9–10 OBJ: What Is Sociology?
MSC: Applying

2. Even though a small number of people have been trained academically as sociologists, we can all be described as “everyday sociologists” because:
- sociology is a part of human nature.
 - our parents taught us to be sociologists even before they sent us to school.
 - we are all members of society and therefore we have a great deal of background knowledge about how society works.
 - sociologists are really just observers of conventional wisdom.

ANS: C DIF: Easy REF: Page 9
OBJ: Practical vs. Scientific Knowledge MSC: Remembering

3. Unlike sociologists, most people base their knowledge of the world on:
- expert knowledge based on surveys and interviews.
 - scientific journals and other publications that summarize the conclusions of professional researchers.
 - conventional wisdom, background knowledge, and personal experience.
 - the opinions of their parents and other family members.

ANS: C DIF: Easy REF: Page 9
OBJ: Practical vs. Scientific Knowledge MSC: Remembering

4. Sociology can be defined as the systematic and scientific study of human society and social behavior. Given this definition, which of the following levels of social structure best describes what sociologists might examine?
- Almost any level—from interactions between two people to large-scale institutions
 - Mass culture and large institutions
 - Relations between individuals
 - Large-scale social structures that involve significant numbers of people

ANS: A DIF: Moderate REF: Page 14
