**Sociology** Margaret L. Andersen, 2002 [The Mandates of the Church](#) Rich Ayo Adekoya, 2015-06-29 In this thought provoking and momentous book the author poses the questions what is the role of the church in our society and should there be any relationship between the state and the church for the development of the society and what could be the effect of such collaboration if there is any In asking on what bases is the church getting involved with the society he explores both the Biblical foundations and three major theories that have emerged about societies and social behaviour Particular attention is paid to the relationship between religion and social change to the case of the church in Lagos Nigeria as an agent of social and political change in society Using a thematic structure Richard Adekoya illustrates different roles the church can play in society especially in a democratic milieu for example humanity services educational development spiritual and moral development and social and ethical development He examines the various contributions of the churches in Nigeria right from the missionaries era to the contemporary dispensation The book basically proved that the church mandate is not limited to its evangelical obligations Its involvement in many aspects of peoples lives in society particularly the social and political aspects is part of its cultural mandate This is a challenging book rich in example and wide ranging in scope key ideas that so often appear impossible for the church to practice employment generation political leadership public enlightenment tackling corruption in the polity here practically seem possible Richard Adekoyas excellent work tackles this set of issues in a very thorough way By looking at the issues through the lens of the Bible church history and sociological analysis he makes a powerful theological case for the involvement of the church in the societies in which it finds itself called to give a witness Understandably and helpfully there is a particular emphasis on Nigeria a nation which he knows well By choosing Nigeria as a kind of case history the broader general case is given a particular and penetrating illustration that strengthens his wider argument Dr Martin Robinson Principal ForMission College Birmingham UK
