Norcross,2013-04-11 Helps readers identify effective self help materials and distinguish them from those that are potentially misleading or even harmful It is designed for laypersons and mental health professionals and reviews books films online programs support groups and websites for 41 behavioral disorders and life challenges Beyond Time-Out Beth A. Grosshans,Janet H. Burton,2009-10-13 The covers of such magazines as Time and Newsweek have described parents as living in mayhem and madness with their children TV s Supernanny regularly captures kids wildly unbelievably out of control How did our families get to such a state Child psychologist Dr Beth Grosshans has the answer And mothers and fathers everywhere are listening In what is sure to become a much discussed blockbuster Dr Grosshans reveals why she believes nearly a half century of parenting advice with its emphasis on talking exalting children s self esteem and time outs is largely to blame for today s lack of discipline Her innovative ideas and techniques challenge this prevailing culture proving that

power and authority are as essential as love and good intentions to effective parenting She persuasively explains why kids can only grow up healthy and strong when firmly led by their parents experience and better judgment and provides a clear easy five step program to follow She enables parents to look at themselves clearly and identify their child rearing style they are often shocked to discover how their own behavior has inadvertently caused an imbalance in the family s structure Reading Beyond Time Out is akin to sitting with Dr Grosshans in her clinical office and her core truths about healthy parent child relationships are timeless

Narcissistic Parenting in an Insecure World Harry Hendrick,2016-07-06 In this provocative history of parenting Harry Hendrick analyses the social and

economic reasons behind parenting trends He shows how broader social changes including neoliberalism feminism the collapse of the social democratic ideal and the new behaviourism have led to the rise of the anxious and narcissistic parent The book charts the shift from the liberal and progressive parenting styles of the 1940s 70s to the more behavioural punitive and managerial methods of childrearing today made popular by experts such as Gina Ford and Supernanny Jo Frost and by New Labour s parent education programmes This trend Hendrick argues is symptomatic of the sour mean spirited and vindictive social norms found throughout society today It undermines the better instincts of parents and therefore damages parent child relations Instead he proposes parents should focus on understanding and helping their children as they work at growing up
