Superpower Arms Control Setting The Record Straight:

Superpower Arms Control Albert Carnesale, Richard Haass, 1987 Problems of Communism, 1988 WAR, PEACE AND VICTORY: STRATEGY AND STATECRAFT FOR THE NEXT CENTURY Colin S. Gray, 1991-06-15 From Simon Schuster War Peace and Victory is Colin S Gray s exploration of strategy and statecraft for the next century In War Peace and Victory Colin S Gray shows how geography technology history and national culture shape government policy and explains how nations pursue their strategic interests in times of peace **The Politics and Strategy of Nuclear Weapons in the Middle East** Shlomo Aronson, 2012-02-01 Based on research from an array of American Arab British French German and Israeli sources this book provides a nuclear history of the world s most explosive region Most significantly it gives an exposition of Israel s acquisition and political use or nonuse of nuclear weapons as a central factor of its foreign policy in the 1960 1991 period In stressing the factor of nuclear weapons the author highlights an often neglected aspect of Israeli security policy This is the first interpretation of the historical development of nuclear doctrine in the Middle East that assesses the strategic implications of opacity Israel s use of suggestion rather than open acknowledgment that it possesses nuclear weapons Aronson discusses the strategic thinking of Israel the Arab countries the U S the former Soviet Union and other countries and connects Israeli strategies for war peace territories and the political economy with the use of nuclear deterrence The author approaches the development of Israeli doctrines on nuclear weapons and defense in general within a large matrix that includes the United States Israeli perceptions of Arab history culture and psychology and Israeli perceptions of Israel s own history culture and psychology He also deals with Arab perceptions of Israel s nuclear program and with Arab and Iranian incentives to go nuclear In addition he discusses at length the importance of nuclear factors in the conduct of the Persian Gulf War and examines the implications of the decline of the former Soviet Union for arms control and peace in the Middle East *Israel's Nuclear Dilemma (Routledge Revivals)* Yair Evron, 2014-06-03 Originally published in 1994 Yair Evron opens the book with an account of the development of Israel s nuclear doctrine and the internal disagreements within the Israeli political and strategic elite over how nuclear policy should be conducted There follows an analysis of the reactions from Arab states and of how with the exception of Iraq they have so far refrained from developing their own nuclear weapons **Israel's Nuclear Dilemma** Yair Evron, 2005-07-28 The development of Israel s nuclear capacity controversy within the military elite implications for Arab Israeli relations and arms control in the region Public Papers of the Presidents of the United States United States. President, 1990 **US Presidents and Cold War Nuclear Diplomacy** Aiden Warren, Joseph M. Siracusa, 2021-02-15 This book will illustrate that despite the variations of nuclear tensions during the Cold War period from nuclear inception to mass proliferation to arms control treaties and d tente through to an intensification and reasonable conclusion the INF Treaty and START being case points the lessons over the last decade are quickly being unlearned Given debates surrounding the emerging new Cold War the deterioration of relations between

Russia and the United States and the concurrent challenges being made by key nuclear states in obfuscating arms control mechanisms this book attempts to provide a much needed revisit into US presidential foreign policy during the Cold War Across nine chapters the monograph traces the United States nuclear diplomacy and Presidential strategic thought transitioning across the early period of Cold War arms racing through to the era s defining conclusion It will reveal that notwithstanding the heightened periods when great power conflict seemed imminent arms control fora and seminal agreements were able to be devised implemented and provided a needed base in bringing down the specter of a cataclysmic nuclear war as well as improving bilateral relations This volume will be of great interest to scholars and students of American foreign policy diplomatic history security studies and international relations
