Supporting Workplace Learning for High Performance Working David N. Ashton, Johnny Sung, 2002 Explores workplace learning as a means of enhancing both work performance and the quality of working life Identifies characteristics of high performance work organizations considers the implementation of high performance work practices and investigates how far these practices are embedded in different countries Examines ways in which public policy can be used to encourage organizations to make more effective use of the skills of their employees *Workplace Learning in Context* Alison Fuller, Anne Munro, Helen Rainbird, 2004-01-22 Combining a critical analysis of the organizational and employment context of workplace learning with an understanding of theories of learning this text focuses on new ideas and on understanding the social context of the workplace **The SAGE Handbook of Workplace Learning** Margaret Malloch, 2010-10-04 This handbook provides an overview of workplace learning from a global perspective **The Workplace Learner** William J. Rothwell, 2002 Emphasizing learning skills as a metacompetency in the changing workplace Rothwell human resource development Pennsylvania State U debuts two research studies one examined workplace learner roles and competencies while the other gathered hundreds of workers perceptions of the learning climate of diverse workplaces Seeking to transform training into learning departments he identifies learning process steps learner roles competencies and outputs and ways that organizational conditions encouraging learning can be reinforced by workplace learning and performance practitioners managers academicians and workers Appends a study summary interviewee responses and assessment instruments AMACOM is a division of the American Management Association Annotation copyrighted by Book News Inc Portland OR *Understanding the High Performance Workplace* Neal M. Ashkanasy, Rebecca J. Bennett, Mark J. Martinko, 2016-06-10 This book asks the crucial question When does high performance supervision become abusive supervision As more organizations push to adopt high performance work practices HPWP the onus increasingly falls on supervisors to do whatever it takes to maximize the productivity of their work teams In this rigorous research based volume international contributors offer insight into how and when seemingly beneficial workplace practices cross the line from motivation to abuse By reviewing critical issues in both high performance work practices and abusive supervision it illuminates the crossover between these two modes of work and forges a path for future scholarship *Lifelong Learning in the Mechanical and Electrical Engineering Industries*, 2002 **The Learning Potential of the Workplace**, 2008-01-01 In our research programme The Learning Potential of the Workplace we set the task to analyse describe and explain the conditions of the workplace as a tool for learning Learning potential is for some experts an individual asset others see the learning potential in the external conditions in work and work processes again others see it in the reflection on action by peers colleagues and experts Some results are disappointing when the belief is that workplace learning might be the panacea for all life long learning problems some results are hopeful for those who belief that the workplace is one of the potential places where

people can learn specific competencies The selection of chapters in this volume represent different opinions visions and methodology to study workplace learning and the effects The focus is on vocational education and human resource development so workplace learning as a means to socialize youngsters in work organisations on their way to professionals and workplace learning as means to work to innovate to do maintenance work and to create knowledge **Research**

Approaches on Workplace Learning Christian Harteis,David Gijbels,Eva Kyndt,2022-03-01 The volume comprises a variety of research approaches that seek to explore and understand employees learning and development through and for work Working life reveals challenges through technological economic and societal development that can only rudimentarily be addressed by formal education and training Workplace learning becomes more and more important for employees and enterprises to successfully cope with these challenges Workplace learning is a steadily growing field of educational research but it lacks so far a scholastic canon there is rather a diversity of research approaches This volume reflects this diversity by bringing together researchers from different countries and different theoretical backgrounds presenting their current research on topics that all are relevant for understanding presages processes and outcomes of workplace learning Hence this volume is of relevance for researchers as well as practitioners in the field and policy makers **Improving Workplace**
