Classics Incorporated Elise Noël McMahon, 1998 In this work Professor McMahon takes a new approach to interpreting the most canonized century in French literature By viewing literature as essentially a cultural practice she offers an unconventional reading of canonical masterpieces of the era Corneille's Medée Molière's La Bourgeois gentilhomme Racine's Phèdre and La Fontaine's Fables to the extent that these works are compared to non literary texts which focus on the human body Classics Incorporated draws on extensive archival research into such unfamiliar historical sources as cookbooks shopping guides treatises on medicine and monstrosity and dance manuals Because of this insistence on treating literature as part of a given culture and historicising texts in a novel manner Classics Incorporated stands apart as a critical study that can appeal to a diverse audience those who are interested in cultural criticism popular culture cultural history and critical theory alike

Tiefenbrun, 2023-08-21 *Channel Crossings* Clive Scott, 2017-12-02 Scott's subtle and adventurous analysis breaks new ground in textual understanding while his translations radically challenge established orthodoxies As he crosses back and forth between French and English poetry he has illuminating encounters with a wide range of poets from Labe and Shakespeare to Auden and Jaccottet The embodiment of gender in the sonnet the performance of the dramatic voice the inflexions of the self in the voice of lyric verse the landscaping of nature in the line of verse the interventions of the translator in the peculiar lives of the prose poem and free verse the tasks of the translator and the comparatist in a new age these are some of the issues addressed by Clive Scott in a sequence of essays as absorbing as they are original Channel Crossings is the recipient of the R H Gapper Prize for 2004 The Prize which is judged by the Society for French Studies recognises the best publication of its year by any French studies scholar working in the United Kingdom or Ireland The citation noted In his

book Clive Scott gives a subtle and adventurous account of how processes of cultural exchange have played an active and enduring role in the development of the language of poetry in French and English over a period of several centuries Clive Scott's book was one of a number of very impressive works published in 2002 The judges choice was made in the light of the book's originality and its likely impact on wider critical debate on the language of poetry and on questions of method and approach in comparative literature
