## **The Hunger For Significance:**

The Hunger for Significance R. C. Sproul, 2001 Explores the human cry for dignity significance love and respect Touches the aching void in the home school church workplace hospital and prison Foreword by Charles Colson *The Hunger for Significance* Robert Charles Sproul, 2020 Formerly published as *In Search of Dignity* Regal Books 1983 **The Hunger for Significance** R. C. Sproul, 1992-06-04 *The Hunger for Significance* R. C. Sproul, 1991-06-01 Explores the human cry for dignity significance love and respect Touches the aching void in the home school church workplace hospital and prison Foreword by Charles Colson **Leadership in the Way of the Cross** Sherwood G. Lingenfelter, 2018-05-16 This book is for people who are serious about leading people men and women who have accepted big challenges who have passed through the fire of tough decisions who have acknowledged they at times have failed and have recovered for the next challenge but do not want to repeat the past The thesis of the book is that the journey of leadership takes us deep into the dangers of both authority and risk and our attempts to avoid one or the other of these dangers will precipitate crisis As a leader who desires to flourish it is critical to ask is anyone following And are we following Jesus as we invite others to follow us In this book I invite you into my journey and the journeys of other ministry leaders through the deep waters of crisis and the challenge of learning to lead so that people are following This process begins with self discovery disclosing default habits fears and hungers followed by trusting the Holy Spirit to work God's transformation within us and then to engaging the hard work of mobilizing his body the people of God so that every part is doing his work **The Social Significance of Telematics** Lars Qvortrup, 1984-01-01 The assumption underlying this book is that we are facing a societal transformation a silent revolution in fact with consequences at least as far reaching as those of the Industrial Revolution The author of this book wants to intervene in the current discussion about this revolution a discussion which is normally colored by a resigned determinism maintaining that the transformation will come about all by itself as an automatic consequence of the development of technology As opposed to this the author wants to politicize the debate by insisting on the fact that this silent revolution is not inextricably tied to the automatically whirring computer discs of technological development but is dependent on a number of political choices *The Significance of Psychoanalysis for the Mental Sciences* Otto Rank, Hanns Sachs, Charles Rockwell Payne, 1916 **The Living Church**, 1948 *Zacharias 2 in 1-Jesus Among Other Gods & Deliver Us from Evil* Ravi Zacharias, 2009-09-10 Jesus Among Other Gods In his most important work to date apologetics scholar and popular speaker Ravi Zacharias shows how the blueprint for life and death itself is found in a true understanding of Jesus With a simple yet penetrating style Zacharias uses rich illustrations to celebrate the power of Jesus Christ to transform lives Jesus Among Other Gods contrasts the truth of Jesus with founders of Islam Hinduism and Buddhism strengthening believers and compelling them to share their faith with our post modern world Deliver Us From Evil With clarity and insight Zacharias shows how many of today's most popular ideas thoughts and beliefs are vandalizing our culture He shows how it is there in

the depths of our innermost being That the work of God changes what we want to do This is not an ethical system calling us to civility This is the transforming work of the grace of God who calls us His children He shows how Secularization has led us to a loss of shame generating evil even against those we love Pluralization has led us to a loss of reason generating evil toward those we choose to hate Privatization has led us to loss of meaning generating evil against ourselves [The Uzziah Syndrome](#) Daniel Klender,2017-12-14 While enjoying a fast start to the Christian life is common finishing strong is less frequently experienced In The Uzziah Syndrome United States Navy Chaplain Daniel Klender explores the 40 keys to finishing strong in the Christian life The Uzziah Syndrome offers a treasure trove of inspiring stories and practical biblical insights that serve as a hedge against finishing the Christian life poorly Borne out of 30 years of civilian and military ministry experience The Uzziah Syndrome will enable you to pursue the Big Holy Audacious Goals God intends for all of His children

**Jesus Among Other Gods** Ravi Zacharias,2002-02-06 In a world with so many religions why Jesus We are living in a time when you can believe anything as long as you do not claim it to be true In the name of tolerance our postmodern culture embraces everything from Eastern mysticism to New Age spirituality But as Ravi Zacharias points out such unquestioning acceptance of all things spiritual is absurd All religions plainly and simply cannot be true Jesus Among Other Gods provides the answers to the most fundamental claims about Christianity such as Aren t all religions fundamentally the same Was Jesus who He claimed to be Can one study the life of Christ and demonstrate conclusively that He was and is the way the truth and the life In each chapter Zacharias considers a unique claim that Jesus made and then contrasts the truth of Jesus with the founders of Islam Hinduism and Buddhism with compelling insight and passionate conviction In addition to an impressive breadth of reading and study he shares his personal journey from despair and meaninglessness to his discovery that Jesus is who He said He is In Jesus Among Other Gods Ravi Zacharias demonstrates that he is one of the most intellectually gifted as well as spiritually sensitive writers of today s leading apologists for the Christian faith Zacharias brings alive the unique power of the claims of Jesus about himself and the utter relevance of his message today for the human condition David Aikman author of Great Souls **The Spiritual Significance of Modern Socialism** John Spargo,1912 [The Ten](#)

[Commandments and Human Rights](#) Walter J. Harrelson,1997 The Ten Commandments and Human Rights sets out to evaluate the importance of the Ten Commandments for the life of faith today The general thesis is that the commandments are immensely important not only for Jews and Christians but for all persons seeking to find or to reaffirm a moral foundation for their life and for the life of their children their religious community and their society The fact that the commandments are put negatively is immensely important for it means that the community that claims these commandments and builds on them has to work out for itself the positive import of not having other gods not worshipping idols not profaning the sabbath not killing and stealing and committing adultery Put negatively these commitments become the groundwork for a humanly free and responsible search for the will of God for individual family and corporate life today and in any day It is true that the

commandments originate in ancient Israel are central to the faith of prophets priests and sages and are claimed and made foundational by Jesus for the Christian community But these commandments also share much with for example the Universal Declaration of Human Rights which has been presented by the United Nations for adoption by all the nations of earth The Ten Commandments and Human Rights seeks to show how to avoid moralistic use of the Ten Commandments in religious life today while still affirming that there are absolutely foundational prohibitions that can and must guide the moral life of all peoples The Ten Commandments need very little revision in order to become such a foundation for a free and responsible life today

State Laughter Evgeny Dobrenko,Natalia Jonsson-Skradol,2022 Stalin s reign of terror was not all doom and gloom much of it was meant to be funny Tracing the development of official humour satire and comedy Dobrenko and Jonsson Skradol do away with the idea that all humour in the USSR was subversive instead exploring why laughter was a core component to the survival of the Soviet regime

*The Philosophy of Meaning* Sayed Hamid Fatimi,2025-04-20 What if life never promised to matter and we still chose to care anyway In this powerful conclusion to the Whispers of Reasons trilogy Sayed Hamid Fatimi turns his attention from the mechanics of thought The Philosophy of Reason and the pursuit of truth The Philosophy of Truth to the deepest most haunting question of all Why does any of it matter Blending philosophy psychology memoir and poetic reflection The Philosophy of Meaning explores what it means to live in a world where meaning isn t guaranteed From the silence of the absurd to the stories we tell ourselves from the fragility of belief to the resilience of love Fatimi invites readers into a raw unfiltered conversation with the void and shows how connection creativity and choice can be acts of rebellion in the face of nihilism Whether you re a seeker a skeptic or someone who s simply tired of pretending to have the answers this book won t offer certainty But it will offer something better A reason to stay in the question A way to live meaningfully even when nothing insists that you must
