A Man's Value to Society: Studies in Self Culture and Character Newell Dwight Hillis, 2019-12-03 In *A Man's Value to Society: Studies in Self Culture and Character*, Newell Dwight Hillis articulates a compelling exploration of individual moral and character development as vital contributions to society. Fusing insights from philosophy, psychology, and spirituality, Hillis employs an accessible didactic style designed to inspire readers toward self-improvement and civic responsibility. His reflections provide a rich tapestry of anecdotal evidence and cultural references, encouraging a holistic view of personal development as intertwined with social welfare, all contextualized within the burgeoning progressive era of the early 20th century. Newell Dwight Hillis was a prominent clergyman, author, and social reformer who championed moral and ethical living. Influenced by his experiences in the socio-religious landscape of America, particularly in the wake of industrialization's impact on society, Hillis's work seeks to remedy the alienation and moral vacuity that often accompanied rapid societal changes. His commitment to self-culture and character building reflects a profound belief in the potential for individualized growth to effect broader social change. This work is recommended for anyone seeking to understand the interplay between personal development and societal contribution. Hillis's insights resonate with the modern reader, making this book a timeless guide for those interested in the cultivation of virtues essential for personal fulfillment and community engagement. **A**

work, 1906 **Bachelors, Manhood, and the Novel, 1850-1925** Katherine V. Snyder, 1999-09-02 Katherine Snyder's study explores the significance of the bachelor narrator, a prevalent but little-recognized figure in premodernist and modernist fiction by male authors including Hawthorne, James, Conrad, Ford, and Fitzgerald. Snyder demonstrates that bachelors functioned in cultural and literary discourse as threshold figures who, by crossing the shifting permeable boundaries of bourgeois domesticity, highlighted the limits of conventional masculinity. The very marginality of the figure, Snyder argues, effects a critique of gendered norms of manhood, while the symbolic function of marriage as a means of plot resolution is also made more complex by the presence of the single man. Bachelor figures made moreover an ideal narrative device for male authors who themselves occupied vexed cultural positions. By attending to the gendered identities and relations at issue in these narratives, Snyder's study discloses the aesthetic and political underpinnings of the traditional canon of English and American male modernism. **The Architects** Joseph J. Howard, 2022-11-24 In this book Nathan Howard explores gender and identity formation in fourth century Cappadocia where pro Nicene bishops used a rhetoric of contest that aligned with conventions of classical Greek masculinity Howard demonstrates that epistolary exhibitions served as a locus for asserting manhood in the fourth century These performances illustrate how a culture of orality that had defined manhood among civic elites was reframed as a contest whereby one accrued status through merits of composition Howard shows how the Cappadocians rhetoric also reordered the body and materiality as components of a maleness over which they moderated He interrogates fourth century theological conflict as part of a rhetorical battle over claims to manhood that supported the Cappadocians theology and cast doubt on non Trinitarian rivals whom they cast as effeminate and disingenuous Investigating accounts of pro Nicene protagonists overcoming struggles Howard establishes that tropes based on classical standards of gender contributed to the formation of Trinitarian orthodoxy Parks & Recreation, 1921 **Journal of the American Institute of Architects** American Institute of Architects, 1914 **The YMCA in Late Colonial India** Harald Fischer-Tiné, 2022-11-03 This book explores the history and agendas of the Young Men's Christian Association YMCA through its activities in South Asia Focusing on interactions between American Y workers and the local
