The Indigenous World ,2007 **Indigenusness in Africa** Felix Mukwiza Ndahinda, 2011-04-27 With a Foreword by Prof Asbjørn Eide a former Chairman of the UN Working Group on Indigenous Populations Chairman of the UN Working Group on Minorities President of the Advisory Committee on National Minorities of the Council of Europe Following the internationalization of the indigenous rights movement a growing number of African hunter gatherers pastoralists and other communities have channelled their claims for special legal protection through the global indigenous rights movement Their claims as the indigenous peoples of Africa are backed by many international actors such as indigenous rights activists donors and some academia However indigenous identification is contested by many African governments some members of non claimant communities and a number of anthropologists who have extensively interacted with claimant indigenous groups This book explores the sources as well as the legal and political implications of indigenous identification in Africa By highlighting the quasi inexistence of systematic and discursive rather than activist

studies on the subject matter the analysis questions the appropriateness of this framework in efforts aimed at empowering claimant communities in inherently multiethnic African countries The book navigates between various disciplines in trying to better capture the phenomenon of indigenous rights advocacy in Africa The book is valuable reading for academics in law and all other social sciences such as anthropology sociology history political science as well as for economists It is also a useful tool for policy makers legal practitioners indigenous rights activists and a wide range of NGOs Dr Felix Mukwiza Ndahinda is Associate Professor at the International Victimology Institute Tilburg INTERVICT Tilburg University The Netherlands

Atlas of the World's Languages in Danger Christopher Moseley, 2010-01-01 Languages are not only tools of communication they also reflect a view of the world Languages are vehicles of value systems and cultural expressions and are an essential component of the living heritage of humanity Yet many of them are in danger of disappearing UNESCO's Atlas of the World's Languages in Danger tries to raise awareness on language endangerment This third edition has been completely revised and expanded to include new series of maps and new points of view

The Dark Sahara Jeremy Keenan, 2009-05-20 This book reveals the secret US agenda behind the war on terror in Africa and the shocking methods used to perpetuate the myth that the region is a hotbed of Islamic terrorism Africa expert Jeremy Keenan points to overwhelming evidence suggesting that from 2003 the Bush administration and Algerian government were responsible for hostage takings blamed on Islamic militants This created a permissive public attitude allowing the US to establish military bases in the region and pursue multiple imperial objectives in the name of security The shocking revelations in this book undermine the mainstream view of Africa as a legitimate second front in the war on terror

Indigenous Peoples and Poverty Robyn Eversole, John-Andrew McNeish, Alberto D. Cimaadamore, 2013-07-04 This book brings together two of today's leading concerns in development policy the urgent need to prioritize poverty reduction and the particular circumstances of indigenous peoples in both developing and industrialized countries The contributors analyse patterns of indigenous disadvantage worldwide the centrality of the right to self determination and indigenous people's own diverse perspectives on development Several fundamental and difficult questions are explored including the right balance to be struck between autonomy and participation and the tension between a new wave of assimilationism in the guise of pro poor and inclusionary development policies and the fact that such policies may in fact provide new spaces for indigenous peoples to advance their demands In this regard one overall conclusion that emerges is that both differences and commonalities must be recognised in any realistic study of indigenous poverty
