Soft Paths How To Enjoy The Wilderness Without Harming It:

Soft Paths Bruce Hampton, David N. Cole, 1995 How to enjoy the wilderness without harming it *The Green Guide to Low-Impact Hiking and Camping* Guy Waterman, Laura Waterman, 2016-06-07 A classic of backpacking literature Backpacker now updated with a brand new foreword by environmentalist and best selling author Bill McKibben Originally published as *Backwoods Ethics* in 1979 Laura and Guy Waterman's definitive guide to low impact hiking and camping was a prophetic call to reevaluate the impact of outdoor recreation on the wilderness Enthusiastically received by environmentalists and wilderness managers at the time its warnings and advice are now more relevant than ever With wisdom and gentle humor Laura and Guy Waterman present a strong case for the importance of respecting the natural world while you're enjoying it In his foreword to the new edition world famous environmentalist Bill McKibben puts the Watermans advice into context for today's world Day hikers campers and backpackers who follow the sensible techniques laid out in this book will help preserve the wilderness experience for generations to come **Park Science**, 1995 *Technical Skills for Adventure Programming*

Mark Wagstaff, 2009 This curriculum guide will improve your knowledge and technical instruction skills in land water and snow and ice sports and activities It will guide you in becoming a skilled adventure instructor in the classroom and in the field The CD ROM has printable lesson plans for each unit that make it easy to print only what you will need in the field book cover **Rethinking Community Research** David Studdert, Valerie Walkerdine, 2016-08-24 This book sheds new light on the complex inter relations that make up class power local history and space It turns community thinking on its head by understanding community not as an object but as a relational process with sociality at its core Based on fieldwork from one market town and the work of Hannah Arendt it demonstrates how a new approach to social practices can illuminate our understanding of commonality and communal being Whilst community has become both a much derided and much touted term this thought provoking work shows that it is at the heart of social process It will appeal to researchers of sociology social policy politics public health and geography as well as those involved in public policy design and implementation

The Help-yourself City Gordon C. C. Douglas, 2018 When local governments neglect public services or community priorities how do concerned citizens respond In *The Help Yourself City* Gordon Douglas looks closely at people who take urban planning into their own hands with homemade signs and benches guerrilla bike lanes and more Douglas explores the frustration creativity and technical expertise behind these interventions but also the position of privilege from which they often come Presenting a needed analysis of this growing trend from vacant lots to city planning offices *The Help Yourself City* tells a street level story of people's relationships to their urban surroundings and the individualization of democratic responsibility **Resources in Education**, 1991 **Forest Service Video Library Catalog** United States. Forest Service. Washington Office, 1995 Tourism and Trails Dallen J. Timothy, Stephen W. Boyd, 2015 This book provides a comprehensive overview of trails and routes from a tourism and recreation perspective This cutting edge volume addresses conceptual and

management issues systematically examining supply demand development and impacts associated with trails and routes

The Complete Walker IV Colin Fletcher, Chip Rawlins, 2015-11-17 For the first time since 1984 we have a new edition of the classic book that Field they talk in detail about everything from socks to freeze dried trail curries They end as they began with a philosophical and literary disquisition on the reasons to walk capped off with a delightful collection of quotes about walking and the outdoor life After a thoughtful and painstaking analysis of hiking gear from hats to boots from longjohns to tent flaps they remind us that ultimately hiking is about the experience of being outdoors and seeing the green world anew Like its predecessors The Complete Walker IV is an essential purchase for anyone captivated by the outdoor life

Controversial Issues in Adventure Programming Bruce Martin, Mark Wagstaff, 2012-05-04 Controversial Issues in Adventure Programming offers an engaging approach to the consideration of enduring current and emerging issues in the field Written primarily for upper level undergraduate and graduate students the text presents 20 issues in a debate format challenging students to participate in critical discourse concerning these issues as practitioners in the field of adventure programming Respected authors Bruce Martin and Mark Wagstaff have assembled a team of more than 50 contributors from around the globe to reassess some of the underlying assumptions on which adventure programming is based They have critically examined implications of new developments for emerging practice and discussed how best to position the field of adventure programming in addressing broader societal concerns To set the stage for the debate each issue is prefaced with a general overview including the evolution of the issue and its significance in light of broader social concerns Then contributors present the pros and cons of each issue A debate format helps students develop an understanding of the key points around each issue while also becoming familiar with current research pertinent to these issues This approach also encourages students to grapple with these issues and begin to develop their own informed thoughtful perspectives as they prepare for careers in adventure programming Controversial Issues in Adventure Programming is divided into two parts Part I begins by discussing issues of ongoing concern in the field including the certification debate motorized versus nonmotorized forms of outdoor recreation and program accreditation In part II contemporary and emerging issues are presented such as the use of online educational programming in the field of adventure programming As a reference for practitioners and policy makers Controversial Issues in Adventure Programming offers new and updated perspectives on enduring and emerging issues as well as a synthesis of the most recent related scholarly literature In addition the text serves as a resource in understanding how the adventure programming industry can contribute to addressing issues of broad concern in society such as public health global climate change stewardship of public lands and waterways and education reform Controversial Issues in Adventure Programming encourages readers to participate in some of the central debates occurring in the field In particular this timely resource will help students broaden their understanding of the field as they critically examine and respond to a range of enduring contemporary and emerging topics in adventure programming
