Some Chungking Types Doris Worcester, 1941 Sketches of simple hardworking folk in cont caryon during the Illustrator s stay of seventeen months in Chungking China s war time capital Foreword **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1976 **Footbinding and Women's Labor in Sichuan** Hill Gates, 2014-12-05 When Chinese women bound their daughters feet many consequences ensued some beyond the imagination of the binders and the bound The most obvious of these consequences was to impress upon a small child s body and mind that girls differed from boys thus reproducing gender hierarchy What is not obvious is why Chinese society should have evolved such a radical method of gender marking Gendering is not simply preparation for reproduction rather its primary significance lies in preparing children for their places in the division of labor of a particular political economy Drawing on extensive fieldwork and interviews with almost 5 000 women this book examines footbinding as Sichuan women remember it from the final years of the empire and the troubled times before the 1949 revolution It focuses on two key questions what motivated parents to maintain this custom and how significant was girls work in China s final pre industrial century In answering these questions Hill Gates shows how footbinding was a form of labor discipline in the first half of the twentieth century in China when it was a key institution in a now much altered political economy Countering the widely held views surrounding the sexual attractiveness of bound feet to Chinese men footbinding as an ethnic boundary marker its role in female hypergamy and its connection to state imperatives this book instead presents a compelling argument that footbinding was in fact a crucial means of disciplining of little girls to lives of early and unremitting labor This vivid and fascinating study will be of huge interest to students and scholars working across a wide range of fields including Chinese history oral history anthropology and gender studies **Two Kinds of Time** Graham Peck, 2018-03-23 Graham Peck 1914 1968 made his first trip to China in 1935 and served with the U S Office of War Information in China throughout the 1940s His memoir *Two Kinds of Time* first published in 1950 is witty and eloquent in both its words and the drawings with which it is lovingly illustrated Long out of print in its unabridged version this engagingly written eye witness narrative of China on the eve of revolution remains an important source of historical and political information Robert A Kapp s new Introduction analyzes the book s original contribution and highlights its relevance to issues in the twenty first century world *Translations on Communist China's Management, Trade and Finance* United States. Joint Publications Research Service, 1964 *Ghetto at the Center of the World* Gordon Mathews, 2011-06-01 There is nowhere else in the world quite like Chungking Mansions a dilapidated seventeen story commercial and residential structure in the heart of Hong Kong s tourist district A remarkably motley group of people call the building home Pakistani phone stall operators Chinese guesthouse workers Nepalese heroin addicts Indonesian sex workers and traders and asylum seekers from all over Asia and Africa live and work there even backpacking tourists rent rooms In short it is possibly the most globalized spot on the planet But as *Ghetto at the Center of the World*

shows us a trip to Chungking Mansions reveals a far less glamorous side of globalization A world away from the gleaming headquarters of multinational corporations Chungking Mansions is emblematic of the way globalization actually works for most of the world s people Gordon Mathews s intimate portrayal of the building s polyethnic residents lays bare their intricate connections to the international circulation of goods money and ideas We come to understand the day to day realities of globalization through the stories of entrepreneurs from Africa carting cell phones in their luggage to sell back home and temporary workers from South Asia struggling to earn money to bring to their families And we see that this so called ghetto which inspires fear in many of Hong Kong s other residents despite its low crime rate is not a place of darkness and desperation but a beacon of hope Gordon Mathews s compendium of riveting stories enthralls and instructs in equal measure making Ghetto at the Center of the World not just a fascinating tour of a singular place but also a peek into the future of life on our shrinking planet **Sigma Phi Epsilon Journal** ,1921 **Tariffs of Foreign Countries** United
