general bibliography on translation and music      Beneath the Surface of Things Wade Davis, 2024-04-30 Wade Davis is a true wayfinder and these essays offer new insight into his visionary approach to culture landscape and the planet he loves as fiercely as any writer working today John Vaillant author of *Fire Weather* A timely and eclectic collection from one of the foremost thinkers of our time a powerful penetrating and immensely knowledgeable writer *The Guardian* The essays in this collection came about during the unhurried months when one who had traveled incessantly was obliged to stay still even as events flared on all sides in a world that never stops moving Wade Davis brings his unique cultural perspective to such varied topics as the demonization of coca the sacred plant of the Inca the Great War and the birth of modernity the British conquest of Everest the endless conflict in the Middle East reaching beyond climate fear and trepidation on the meaning of the sacred His essay *The Unraveling of America* first published in *Rolling Stone* attracted five million readers and generated 362 million social media impressions Media interest in the story was sustained over many weeks with interview requests coming in from 23 countries The anthropological lens as Davis demonstrates reveals what lies beneath the surface of things allowing us to see and to seek the wisdom of the middle way a perspective of promise and hope that all of the essays in this collection aspire to convey Wade Davis has a gift for saying the unsayable He is a fearless explorer in the intellectual world as in the physical His refusal to embrace conventional wisdom on climate change for example and instead think through the issue for himself is a model of independent thinking Even when I disagree with Wade as with some of his bleak comments about the United States I am grateful for his voice We usually live on the surface of ideas when we talk about issues such as war and racism Wade takes us far deeper David Ignatius columnist and associate editor *Washington Post*      Advertising as Multilingual Communication H. Kelly-Holmes, 2016-01-11 Advertising has traditionally communicated messages to consumers with strong local and national identities However increasingly products producers advertising agencies and media are becoming internationalized In the development of strategies that appeal to a large multinational consumer base advertising language takes on new multilingual features The author explores the role of advertising language in this new globalized environment from a communicative theory point of view as well as from a close linguistic analysis of some major advertising campaigns within a multicultural and multilingual marketplace      **Rupert Brooke, Charles Sorley, Isaac Rosenberg, and Wilfred Owen** Lorna Hardwick, Stephen Harrison, Elizabeth Vandiver, 2024-04-22 Rupert Brooke Wilfred Owen Isaac Rosenberg and Charles Sorley all died in the First World War They came from diverse social educational and cultural backgrounds but for all of the writers engagement with Greek and Roman antiquity was decisive in shaping their war poetry The world views and cultural hinterlands of Brooke and Sorley were framed by the Greek and Latin texts they had studied at school whereas for Owen who struggled with Latin classical texts were a part of his aspirational literary imagination Rosenberg's education was limited but he encountered some Greek and Roman literature through translations and through mediations in English literature The various ways in which the poets engaged with classical literature are analysed in the commentaries which are

designed to be accessible to classicists and to users from other subject areas The extensive range of connections made by the poets and by subsequent readers is explained in the Introduction to the volume The commentaries illuminate relationships between the poems and attitudes to the war at the time in the immediate post war years and subsequently They also probe how individual poems reveal various facets of the poetry of unease the poetry of survival and the poetics of war and ecology References to the accompanying online Oxford Classical Reception Commentaries will enable readers to follow up their special interests This volume differs from the shorter volume Greek and Roman Antiquity in First World War Poetry Making Connections in that it covers the whole output of the four poets and not just their war poems      **Horrible Histories** Terry

Deary,2014-03-06 From foul food to coping with legions of lice discover all the dire details of life in the blood and mud of the First World War in Horrible Histories Terrible Trenches World Book Day Edition from both sides of the barbed wire Discover how your own wee could save your life which animals wore gas masks and why Big Bertha terrified the Brits With a bright new cover this bestselling title is sure to be a huge hit with yet another generation of Terry Deary and Martin Brown fans

**The Warm South** Robert Holland,2018-01-01 An evocative exploration of the impact of the Mediterranean on British culture ranging from the mid eighteenth century to today Ever since the age of the Grand Tour in the eighteenth century the Mediterranean has had a significant pull for Britons including many painters and poets who sought from it the inspiration beauty and fulfillment that evaded them at home Referred to as Magick Land by one traveler dreams about the Mediterranean and responses to it went on to shape the culture of a nation Written by one of the world s leading historians of the Mediterranean this book charts how a new sensibility arose from British engagement with the Mediterranean ancient and modern Ranging from Byron s poetry to Damien Hirst s installations Robert Holland shows that while idealized visions and aspirations often met with disillusionment and frustration the Mediterranean also offered a notably insular society the chance to enrich itself through an imagined world of color carnival and sensual self discovery      **Love, Sex, Death and Words** Jon

Sutherland,Stephen Fender,2011-06-01 Love sex death boredom ecstasy existential angst political upheaval the history of literature offers a rich and varied exploration of the human condition across the centuries In this absorbing companion to literature s rich past arranged by days of the year acclaimed critics and friends Stephen Fender and John Sutherland turn up the most inspiring enlightening surprising or curious artefacts that literature has to offer Find out why 16 June 1904

mattered so much to Joyce which great literary love affair was brought to a tragic end on 11 February 1963 and why Roy Campbell punched Stephen Spender on the nose on 14 April 1949 in this sumptuous voyage through the highs and lows of literature s bejewelled past      *As We Were* David Hargreaves,2021-03-25 Fought between 1914 and 1918 World War One The Great War was the most titanic and devastating conflict the world had yet seen Detailing the course of the war week by week and the intimate accounts and experiences of soldiers and civilians alike *As We Were* offers insight like no other into a war that impacted generations the world over      *Chambers's Journal* ,1916      *Literature and the Great War 1914-1918*

Randall Stevenson, 2013-05-02 Oxford Textual Perspectives is a new series of informative and provocative studies focused upon literary texts conceived of in the broadest sense of that term and the technologies, cultures and communities that produce, inform and receive them. It provides fresh interpretations of fundamental works and of the vital and challenging issues emerging in English literary studies. By engaging with the materiality of the literary text, its production and reception history, and frequently testing and exploring the boundaries of the notion of text itself, the volumes in the series question familiar frameworks and provide innovative interpretations of both canonical and less well known works. *The Great War* shaped the modern world and much of its literary imagination. *Literature and the Great War* insightfully reassesses this impact, analysing a wide range of authors, both established and less well known, and re-examining critical judgements, popular assumptions, even myths about war writing that have developed in the century or so that has followed. By looking at all genres of Great War writing in a single volume, the study allows reconsideration of the relative merits of the period's much praised poetry and its generally less celebrated narrative texts. Randall Stevenson looks far beyond the work of soldier authors, considering also the role of an older generation of writers, ones whose reputations were established before the war began, as well as the impact of war on the modernist imagination developing afterwards in the 1920s. *Literature and the Great War* examines the context in which this literature was produced, taking into consideration military life, the role of newspapers, war correspondents, politicians and propagandists. The unintelligible violence of the Great War placed a huge amount of pressure on the language, imagination and textual practice of all who attempted to describe it. Incisively reconsidering these fundamental issues, *Literature and the Great War* challenges and rejuvenates approaches to its subject, redefining the interconnections of history, culture and literary imagination in the early decades of the twentieth century. [Gone for a](#)  
[Burton](#) Dave Cox, 2007-04-01 Set in the South Wales steel town of Port Talbot, this is a tale of love, pride, ambition and the lengths that one man will go to put his town, rugby team and his country firmly on the map. Our unlikely hero is Turpin Thrust, a disaffected council clerk fed up with the degradation of his beloved home town and its rugby team and wanting to restore them to their former glory. How does he plan to do this? Well, by bringing home one of the town's most famous sons, Richard Burton, and opening a theme park in his name. The only problem is, of course, that said Mr Burton is currently located in a churchyard in Switzerland. Undeterred, Turpin and his pals plan to travel to Switzerland to bring him back and create a fitting monument. There follows a hilarious account of real life in a town that is lost in time. Dave Cox has an uncanny knack of depicting characters and places that anyone with a connection with Wales will strongly relate to. We follow Turpin and his friends as they carry out their crazy plans to travel to Switzerland in a camper van armed only with a couple of shovels and the best of intentions. The plot and characters will have you in stitches as it winds its way via a bus full of nurses, a rugby club, strip show and an international rapping contest. [No Man's Land](#) Elizabeth D. Samet, 2014-11-04 As the post 9/11 wars wind down, a literature professor at West Point explores what it means for soldiers and our country to be caught between war

and peace In her critically acclaimed award winning book *Soldier s Heart* Elizabeth D Samet grappled with the experience of teaching literature at the United States Military Academy at West Point Now with *No Man s Land* Samet contends that we are entering a new moment a no man s land between war and peace Major military deployments are winding down but soldiers are wrestling with the aftermath of war and the trials of returning home while also facing the prospect of low intensity conflicts for years to come Drawing on a range of experiences from a visit to a ward of wounded combat veterans to correspondence with former cadets from a conference on Edith Wharton and wartime experience to teaching literature and film to future officers Samet illuminates an ambiguous passage through no man s land that has left deep but difficult to read traces on our national psyche our culture our politics and most especially an entire generation of military professionals In *No Man s Land* Elizabeth D Samet offers a moving urgent examination of what it means to negotiate the tensions between war and peace between over there and over here between life on the front and life at home She takes the reader on a vivid tour of this new landscape marked as much by the scars of war as by the ordinary upheavals of homecoming to capture the essence of our current historical moment
