

Moral / Philosophical Approach:

- asserts that the larger purpose of literature is to teach morality and to probe philosophical issues
- authors *intend* to instruct the audience in some way

Some Philosophical Issues In Moral Matters

AW Rasmussen

Some Philosophical Issues In Moral Matters:

Some Philosophical Issues in Moral Matters Joseph Owens, Dennis Joseph Billy, Terence Kennedy, 1996 The Sheed and Ward Anthology of Catholic Philosophy James C. Swindal, Harry J. Gensler, SJ, 2005-09-01 The Sheed Ward Anthology of Catholic Philosophy is a thorough introduction to the evolution of Catholic philosophy from Biblical times to the present day. The first comprehensive collection of readings from Catholic philosophers, this volume aims to sharpen the understanding of Catholic philosophy by grouping together the best examples of this tradition, both well-known classics and lesser-known selections. The readings emphasize themes integral to the Catholic tradition, such as the harmony of faith and reason, the existence and nature of God, the nature of the human person, and the nature of being and the objectivity of the moral law. Each reading includes a brief introduction and is historically placed within five major groups: 1 Preliminaries including readings from the Bible, Plato, and Aristotle; 2 The Patristic Era, selections from Aristides to Boethius, and a heavy focus on Augustine; 3 The Middle Ages, readings from the early Moslem and Jewish thinkers to William of Ockham, with an emphasis on Aquinas; 4 The Renaissance through the Nineteenth Century, including Suarez, Descartes, Pascal, Newman, and Pope Leo XIII; and 5 The Twentieth Century and Beyond, including Maritain and Lonergan, Blondel, and Marcel, Geach, and Rescher, and others like Chesterton and Teilhard.

Some philosophical issues in moral matters Joseph Owens (CSSR), Dennis J. Billy (CSSR.), 1996 **The Christian Philosophy of Jacques Maritain** Jason L. A. West, 2025-02-28 A study of the Christian philosophy of Jacques Maritain, 1882-1973, an influential creative and prolific writer. He was widely recognized as one of the most prominent Catholic intellectuals during his own lifetime and was widely seen as a spokesman for the Thomistic revival. This study aims to present Maritain's thought as a dynamic and coherent philosophy in its own right. This is the only book in English to present Maritain's philosophy on the full range of topics upon which he wrote. It focusses on Maritain as a twentieth-century philosopher rather than an interpreter of Aquinas. Accordingly, this book presents Maritain's philosophy in its own context. Finally, this work is also attentive to the religious context of Maritain's philosophy and highlights his overlooked contributions to theology and other areas of philosophy that are informed by his theological commitments, e.g., mysticism, ecclesiology, education, and philosophy of history. Accordingly, *The Christian Philosophy of Jacques Maritain* aims at providing the reader with a comprehensive presentation of Maritain's thought and a clear vision of his philosophy as a whole.

A Thomistic Tapestry, 2021-12-28 This book, written by well-known students of Étienne Gilson and especially dedicated to Armand A. Maurer, helps inaugurate a long overdue special series in philosophy honoring Gilson's legendary scholarship. It presents wide-ranging expositions of Thomist realism in the tradition of Gilsonian humanism, covering themes related to philosophy in general, historical method, aesthetics, metaphysics, epistemology, and politics. **The Catholic Moral**

Tradition Today Charles E. Curran, 1999-04-05 The Catholic tradition has always tried to explain its theology in a coherent and systematic way, but the great changes and tensions existing within Catholic moral theology today have made it difficult to

develop systematic approaches to what was once called fundamental moral theology. Now a leading scholar active in this field for forty years offers a synthesis of Catholic moral theology set in the context of the broader Catholic tradition and the significant developments that have occurred since the Second Vatican Council. Charles E. Curran's succinct coherent account of his wide-ranging work in Catholic moral theology points out agreements, disagreements, and changes in significant aspects of the Catholic moral tradition. His systematic approach explores major topics in a logical development: the ecclesiological foundation and stance of moral theology; the person as moral subject and agent; virtues, principles, and norms; conscience and decision making; and the role of the church as a teacher of morality. Curran's work condenses and organizes a large amount of material to show that the Catholic theological tradition is in dialogue with contemporary life and thought while remaining conscious of its rich history. Of great interest to theologians for its broad synthetic scope, this book is also a thorough introduction to the Catholic moral tradition for students and interested readers, including non-Catholics.

Wittgenstein's Moral Thought Reshef Agam-Segal, Edmund Dain, 2017-10-19 Wittgenstein's work early and later contains the seeds of an original and important rethinking of moral or ethical thought that has so far yet to be fully appreciated. The ten essays in this collection, all specially commissioned for this volume, are united in the claim that Wittgenstein's thought has much to contribute to our understanding of this fundamental area of philosophy and of our lives. They take up a variety of different perspectives on this aspect of Wittgenstein's work and explore the significance of Wittgenstein's moral thought throughout his work, from the *Tractatus Logico-Philosophicus* and Wittgenstein's startling claim there that there can be no ethical propositions to the *Philosophical Investigations*.

Thinking Things Through, second edition Clark Glymour, 2015-04-10 The second edition of a unique introductory text offering an account of the logical tradition in philosophy and its influence on contemporary scientific disciplines. *Thinking Things Through* offers a broad historical and rigorous introduction to the logical tradition in philosophy and its contemporary significance. It is unique among introductory philosophy texts in that it considers both the historical development and modern fruition of a few central questions. It traces the influence of philosophical ideas and arguments on modern logic, statistics, decision theory, computer science, cognitive science, and public policy. The text offers an account of the history of speculation and argument and the development of theories of deductive and probabilistic reasoning. It considers whether and how new knowledge of the world is possible at all, investigates rational decision making and causality, explores the nature of mind, and considers ethical theories. Suggestions for reading both historical and contemporary accompany most chapters. This second edition includes four new chapters on decision theory and causal relations, moral and political theories, moral tools such as game theory and voting theory, and ethical theories and their relation to real-world issues. Examples have been updated throughout, and some new material has been added. It is suitable for use in advanced undergraduate and beginning graduate classes in philosophy and as an ancillary text for students in computer science and the natural sciences.

Dictionary Of Modern American Philosophers John R. Shook, 2005-05-15

The Dictionary of Modern American Philosophers includes both academic and non academic philosophers and a large number of female and minority thinkers whose work has been neglected It includes those intellectuals involved in the development of psychology pedagogy sociology anthropology education theology political science and several other fields before these disciplines came to be considered distinct from philosophy in the late nineteenth century Each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading While all the major post Civil War philosophers are present the most valuable feature of this dictionary is its coverage of a huge range of less well known writers including hundreds of presently obscure thinkers In many cases the Dictionary of Modern American Philosophers offers the first scholarly treatment of the life and work of certain writers This book will be an indispensable reference work for scholars working on almost any aspect of modern American thought

Criminology and Moral Philosophy Jonathan Jacobs,2022-03-15 The book examines some of the most important forms of normativity and the relation between facts and values in the context of criminological investigation In recent decades numerous criminologists have argued that criminology needs to be more explicitly concerned with normative considerations and with morality and this book explains the plausibility of that view and of empirically rigorous non positivist study of moral values Hume is often regarded as a key figure in separating facts from values and he was a formidable opponent of moral rationalism Yet in his own moral philosophy he sought to explicate the genuineness and authority of moral considerations without endorsing some implausible positivist interpretations of a putative fact value distinction The significance of Hume s view and its implications for the empirical study of morality are explored The book discusses several layers of normativity explored by criminological investigation including The relation between law and morality the concept of the Rule of Law the normativity of the notion of criminality the justification of sanction the presence and significance of moral considerations This book will be of interest to students taking upper level courses on criminal justice ethics punishment political theory jurisprudence and social philosophy

Ethics and the History of Indian Philosophy Shyam Ranganathan,2007-01-01 Ethics and the History of Indian Philosophy by Shyam Ranganathan presents a compelling systematic explication of the moral philosophical content of history of Indian philosophy in contrast to the received wisdom in Indology and comparative philosophy that Indian philosophers were scarcely interested in ethics Unlike most works on the topic this book makes a case for the positive place of ethics in the history of Indian philosophy by drawing upon recent work in metaethics and metamorality and by providing a through analysis of the meaning of moral concepts and PHILOSOPHY itself in addition to explicating the texts of Indian authors In Ranganathan s account Indian philosophy shines with distinct options in ethics that find their likeness in the writings of the Ancient in the West such as Plato and the Neo Platonists and not in the anthropocentric or positivistic options that have dominated the recent Western tradition

After Rorty G. Elijah Dann,2010-12-16

Personalism for the Twenty-First Century Thomas W. Holman,Richard Avramenko,2025-02-15 The

noted professor David Walsh has called for a new personalist language of persons with vast implications in a variety of academic fields Moving away from a language that refers to persons as things and seeks to find connections and relations within all of us In *Personalism for the Twenty First Century Essays in Honor of David Walsh* a diverse group of scholars apply and extend Walsh's unique personalist approach to political theory theology and current events It is a collection of refreshingly original essays for those interested in exploring the potential of a renewed personalist thought for addressing the crises of our afflicted age

Aquinas and the Nicomachean Ethics Tobias Hoffmann, 2013-07-25 This book discusses Aquinas's reception of Aristotle's work exploring how Aquinas adopts corrects or transforms key themes from Aristotle's ethics

The Disfigured Face Luis Cortes, 2008 Most modern philosophers by contrast consider these two orders to be entirely separate Here Luis Cortes shows how traditional natural law the form Thomas Aquinas developed from classical and medieval sources was transformed by thinkers like John Locke and Kant into a doctrine compatible with early modern and modern notions of nature and morality In early modern Europe one of the first of the great debates about moral philosophy took place in sixteenth century Spain as a philosophical dispute concerning the humanity of the Native Americans This foreshadowed debates in later centuries which the author reevaluates in light of these earlier sources The book also includes a close examination of the recent work of scholars like John Finnis and Brian Tierney who argue that traditional natural law theorists were defenders of a doctrine of positive rights

A Companion to the Philosophy of Literature Garry L. Hagberg, Walter Jost, 2015-02-16 This monumental collection of new and recent essays from an international team of eminent scholars represents the best contemporary critical thinking relating to both literary and philosophical studies of literature Helpfully groups essays into the field's main sub categories among them Relations Between Philosophy and Literature Emotional Engagement and the Experience of Reading Literature and the Moral Life and Literary Language Offers a combination of analytical precision and literary richness Represents an unparalleled work of reference for students and specialists alike ideal for course use

Philosophical Issues In Education Cornel M. Hamm, 2003-09-02 First published in 1989 Routledge is an imprint of Taylor Francis an informa company

Ethics, Society and Politics: Themes from the Philosophy of Peter Winch Michael Campbell, Lynette Reid, 2020-06-17 This volume is a reappraisal of the work of Peter Guy Winch 1926 1997 one of the most important philosophers of the 20th Century Winch faded into relative obscurity compared to his contemporaries due to a mistaken belief that there are no systematic connections between the different aspects of his work This volume corrects that presupposition and reintroduces Winch's work to a new generation of scholars By showing how ethical political and social issues are interrelated in Winch's work and by making clear the connections between these issues and themes in metaphysics and the philosophy of mind the volume demonstrates both the breadth and the unity of Winch's approach It discusses topics such as ethics political philosophy social science the philosophy of action the philosophy of mind metaphysics and the philosophy of language Despite this apparent variety of topics the contributors to

the volume share Winch's conviction that the different areas of philosophy are interdependent. As a result, the volume as a whole shows unity in diversity and provides an example of a manner of philosophising in which different approaches and sub-disciplines are placed in dialogue with each other. Peter Guy Winch is most famous for his early work on the philosophy of the social sciences. His *On the Idea of a Social Science and its Relation to Philosophy* (ISS) generated controversy within both philosophical and social scientific circles. In that work and subsequent publications, Winch argued against the presupposition that social relations could be understood using the conceptual tools of the natural sciences. Winch would later describe ISS as a young man's book and would come to regret the reputation it garnered him: a mixture of roughly equal degrees of fame and infamy. Alongside his work on the philosophy of social sciences, Winch was an interpreter and exegete of Wittgenstein. He also published a ground-breaking study of the philosophy of Simone Weil entitled *Simone Weil: The Just Balance*. Winch also published numerous essays on issues in ethics, political philosophy and the philosophy of religion and at his death was working on a book manuscript on the problem of political authority. *Knowledge and the Curriculum* (International Library of the Philosophy of Education Volume 12) Paul H. Hirst, 2010-02-25. The papers in this volume provide a coherent philosophical study of a group of important and pressing educational issues such as the selection of objectives for less able children, the fundamental characteristics of teaching and the integration of the curriculum. A thesis on the necessary differentiation of knowledge into logically distinct forms is outlined and is defended against recent philosophical criticisms. Its implications for curriculum planning are examined with particular reference to the urgent problems of adequately characterizing liberal education and those forms of moral and religious education that are appropriate in maintained schools.

International Library of the Philosophy of Education Charles Bailey, 2021-07-09. International Library of the Philosophy of Education reprints twenty-four distinguished texts published in this field over the last half century and includes works by authors such as Reginald D. Archambault, Charles Bailey, Robin Barrow, Norman J. Bull, D. E. Cooper, R. F. Dearden, Kieran Egan, D. W. Hamlyn, Paul H. Hirst, Glenn Langford, D. J. O'Connor, T. W. Moore, D. A. Nyberg, R. W. K. Paterson, R. S. Peters, Kenneth A. Strike, I. A. Snook, John and Patricia White, and John Wilson. Themes discussed include Liberal education, moral education, the aims of education, the education of teachers, adult continuing education, and the philosophical analysis of education.

Some Philosophical Issues In Moral Matters Introduction

In the digital age, access to information has become easier than ever before. The ability to download Some Philosophical Issues In Moral Matters has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Some Philosophical Issues In Moral Matters has opened up a world of possibilities. Downloading Some Philosophical Issues In Moral Matters provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Some Philosophical Issues In Moral Matters has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Some Philosophical Issues In Moral Matters. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Some Philosophical Issues In Moral Matters. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Some Philosophical Issues In Moral Matters, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites.

they are downloading from. In conclusion, the ability to download Some Philosophical Issues In Moral Matters has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Some Philosophical Issues In Moral Matters Books
