David W. Grua

Something In The Soil Legacies And Reckonings In The New West:

Something in the Soil Patricia Nelson Limerick, 2000 Limerick history U of Colorado Boulder expands on the themes she broached in *The Legacy of Conquest* 1987 of the beleaguered great white men history and environmental issues haunting the US West She concludes with rules for making academic writing accessible to wider audiences Annotation copyrighted by Book News Inc Portland OR *Myth and Environment in Recent Southwestern Literature*, Theda Wrede, 2014-04-10 The romantic perception of the American Southwest as a wild and dangerous frontier where heroic settlers prove their endurance has often responded to a common human desire to escape from the pressures of civilization and experience an authentic relationship with nature This idealized notion about life in the Southwest however has contributed the subjugation of the indigenous populations and the natural world while helping rationalize the conquest of both In *Myth and Environment in Recent Southwestern Literature* Theda Wrede brings contemporary Southwestern American literature under the microscope to examine the ways in which the mythic narrative has influenced attitudes toward the land in the region Focusing on popular novels by Cormac McCarthy Barbara Kingsolver Leslie Marmon Silko and Denise Chavez Wrede explores the psychology behind the myth and discusses the ways in which the four authors deploy the mythic narrative interrogate its validity and offer visions for alternative modes of inhabiting the Southwest In combining ideas from a culturally sensitive ecofeminist theory psychoanalysis postcolonial studies and literary studies the study offers an innovative conceptual framework for discussions about environmental responsibility in the twenty first century Finally it also encourages its readers to partake in the process of mythogenesis by imagining sustainable narratives to help rescue the promise of the Southwest for the new millennium **No Place for Home** Jay Ellis, 2013-11-05 This book was written to venture beyond interpretations of Cormac McCarthy's characters as simple antinomian and non psychological and of his landscapes as unrelated to the violent arcs of often orphaned and always emotionally isolated and socially detached characters As McCarthy usually eschews direct indications of psychology his landscapes allow us to infer much about their motivations The relationship of ambivalent nostalgia for domesticity to McCarthy's descriptions of space remains relatively unexamined at book length and through less theoretical application than close reading By including McCarthy's latest book this study offers the only complete study of all nine novels Within McCarthy studies this book extends and complicates a growing interest in space and domesticity in his work The author combines a high regard for McCarthy's stylistic prowess with a provocative reading of how his own psychological habits around gender issues and family relations power books that only appear to be stories of masculine heroics expressions of misogynistic fear or antinomian rejections of civilized life Imagined Frontiers Carl Abbott, 2015-09-10 We live near the edge whether in a settlement at the core of the Rockies a gated community tucked into the wilds of the Santa Monica Mountains a silicon culture emerging in the suburbs or in the future homesteading on a terraformed Mars In *Imagined Frontiers* urban historian and popular culture scholar Carl Abbott looks at the work of

American artists who have used novels film television maps and occasionally even performance art to explore these frontiers the metropolitan frontier of suburban development the classic continental frontier of American settlement and the yet unrealized frontiers beyond Earth Focusing on writers and artists working during the past half century an era of global economic and social reach Abbott describes the dialogue between historians and social scientists seeking to understand these frontier places and the artists reimagining them in written and visual fictions This book offers perspectives on such well known authors as T C Boyle and John Updike and on such familiar movies and television shows as Falling Down and The Sopranos By putting The Rockford Files and the cult favorite Firefly in conversation with popular fiction writers Robert Heinlein and Stephen King and literary novelists Peter Matthiessen and Leslie Marmon Silko Abbott interweaves the disparate subjects of western history urban planning and science fiction in a single volume Abbott combines all new essays with others previously published but substantially revised to integrate western and urban history literary analysis and American studies scholarship in a uniquely compelling analysis of the frontier in popular culture

Hollywood's West Peter C. Rollins, John E. O'Connor, 2005-11-11 An excellent study that should interest film buffs academics and non academics alike Journal of the West Hollywood's West examines popular perceptions of the frontier as a defining feature of American identity and history Seventeen essays by prominent film scholars illuminate the allure of life on the edge of civilization and analyze how this region has been represented on big and small screens Differing characterizations of the frontier in modern popular culture reveal numerous truths about American consciousness and provide insights into many classic Western films and television programs from RKO's 1931 classic Cimarron to Turner Network Television's recent made for TV movies Covering topics such as the portrayal of race women myth and nostalgia Hollywood's West makes a significant contribution to the understanding of how Westerns have shaped our nation's opinions and beliefs often using the frontier as metaphor for contemporary issues

The Philosophy of the Western Jennifer L. McMahon, B. Steve Csaki, 2010-05-28 Essays about how stories of the Old West reflect and affect our beliefs and values The solitude of the lone rider the loyalty of his horse and the unspoken code of the West for many Western movies embody America and its values though the view of the country's history they present isn't always accurate In recent years scholars had declared the genre dead but a steady resurgence of western themes in literature film and television has reestablished its importance and influence In The Philosophy of the Western editors Jennifer L McMahon and B Steve Csaki examine philosophical themes in the western genre Investigating subjects of nature ethics identity gender environmentalism and animal rights the essays in this volume draw from a wide range of westerns including the more recent popular and critical successes Unforgiven All the Pretty Horses 3 10 to Yuma and No Country for Old Men as well as literature and television serials such as Deadwood The Philosophy of the Western reveals the powerful role of the western in the American psyche

Twenty Thousand Roads Virginia Scharff, 2003 Virginia Scharff's wonderfully readable account of women in motion complicates and enriches our understanding of the nineteenth

and twentieth century Wests Her gendered remapping of the regional landscape explodes traditional notions of western movement All students of women and gender travel and place the West and America would do well to read this excellent book David M Wrobel author of Promised Lands Promotion Memory and the Creation of the American West Virginia Scharff claims for women what has long been central to the masculine mythology of the West free movement and its many gifts real and imagined Her book is as exhilarating and as intellectually and emotionally expansive as our enduring dream of flight across the American land Elliott West author of The Contested Plains Indians Goldseekers the Rush to Colorado Brilliant is not a word that is often a part of my critical vocabulary but brilliantly is how Twenty Thousand Roads begins When writing of Sacagawea and Susan Magoffin Virginia Scharff shows vividly how a single life can be a source of sophisticated cultural analysis without becoming an academic artifact or an object of condescension Richard White author of It s Your Misfortune and None of My Own A New History of the American West

Lone Star Mind Ty Cashion,2018-11-01 There is the story the Lone Star State likes to tell about itself and then there is the reality a Texas past that bears little resemblance to the manly Anglo myth of Texas exceptionalism that maintains a firm grip on the state s historical imagination Lone Star Mind takes aim at this traditional narrative holding both academic and lay historians accountable for the ways in which they craft the state s story A clear sighted far reaching work of intellectual history this book marshals a wide array of pertinent scholarship analysis and original ideas to point the way toward a new usable past that twenty first century Texans will find relevant Ty Cashion fixes T R Fehrenbach s Lone Star A History of Texas and the Texans in his crosshairs in particular laying bare the conceptual deficiencies of the romantic and mythic narrative the book has served to codify since its first publication in 1968 At the same time Cashion explores the reasons why the collective efforts of university trained scholars have failed to diminish the appeal of the state s iconic popular culture despite the fuller and more accurate record these historians have produced Framing the search for a collective Texan identity in the context of a post Christian age and the end of Anglo male hegemony Lone Star Mind illuminates the many historiographical issues besetting the study of American history that will resonate with scholars in other fields as well Cashion proposes that a cultural history approach focusing on the self interests of all Texans is capable of telling a more complete story a story that captures present day realities

A Companion to American Foreign Relations Robert Schulzinger,2008-04-15 This is an authoritative volume of historiographical essays that survey the state of U S diplomatic history The essays cover the entire range of the history of American foreign relations from the colonial period to the present They discuss the major sources and analyze the most influential books and articles in the field Includes discussions of new methodological approaches in diplomatic history

A Companion to U.S. Foreign Relations Christopher R. W. Dietrich,2020-03-04 Covers the entire range of the history of U S foreign relations from the colonial period to the beginning of the 21st century A Companion to U S Foreign

Relations is an authoritative guide to past and present scholarship on the history of American diplomacy and foreign relations from its seventeenth century origins to the modern day This two volume reference work presents a collection of historiographical essays by prominent scholars The essays explore three centuries of America s global interactions and the ways U S foreign policies have been analyzed and interpreted over time Scholars offer fresh perspectives on the history of U S foreign relations analyze the causes influences and consequences of major foreign policy decisions and address contemporary debates surrounding the practice of American power The Companion covers a wide variety of methodologies integrating political military economic social and cultural history to explore the ideas and events that shaped U S diplomacy and foreign relations and continue to influence national identity The essays discuss topics such as the links between U S foreign relations and the study of ideology race gender and religion Native American history expansion and imperialism industrialization and modernization domestic and international politics and the United States role in decolonization globalization and the Cold War A comprehensive approach to understanding the history influences and drivers of U S foreign relation this indispensable resource Examines significant foreign policy events and their subsequent interpretations Places key figures and policies in their historical national and international contexts Provides background on recent and current debates in U S foreign policy Explores the historiography and primary sources for each topic Covers the development of diverse themes and methodologies in histories of U S foreign policy Offering scholars teachers and students unmatched chronological breadth and analytical depth A Companion to U S Foreign Relations Colonial Era to the Present is an important contribution to scholarship on the history of America s interactions with the world *West of 98* Lynn Stegner,Russell Rowland,2011-09-01 A collection featuring the newest generation of western writers creating new visions of the American West **Dislocating the Frontier** Deborah Bird Rose,Richard Davis,2006-03-01 The frontier is one of the most pervasive concepts underlying the production of national identity in Australia Recently it has become a highly contested domain in which visions of nationhood are argued out through analysis of frontier conflict DISLOCATING THE FRONTIER departs from this contestation and takes a critical approach to the frontier imagination in Australia The authors of this book work with frontier theory in comparative and unsettling modes The essays reveal diverse aspects of frontier images and dreams as manifested in performance decolonising domains language and cross cultural encounters **Reclamation Managing Water in the West, The Bureau of Reclamation: Origins and Growth to 1945, Vol. 1, 2006** ,2006 *The American Promise, Combined Volume* James L. Roark,Michael P. Johnson,Patricia Cline Cohen,Sarah Stage,Susan M. Hartmann,2012-01-09 The American Promise is more teachable and memorable than any other U S survey text The balanced narrative braids together political and social history so that students can discern overarching trends as well as individual stories The voices of hundreds of Americans from Presidents to pipe fitters and sharecroppers to suffragettes animate the past and make concepts memorable The past comes alive for students through dynamic special features and a stunning and

distinctive visual program Over 775 contemporaneous illustrations more than any competing text draw students into the text and more than 180 full color maps increase students geographic literacy A rich array of special features complements the narrative offering more points of departure for assignments and discussion Longstanding favorites include Documenting the American Promise Historical Questions The Promise of Technology and Beyond American s Borders representing a key part of a our effort to increase attention paid to the global context of American history **The American Promise, Volume II:**

Since 1865 James L. Roark,Michael P. Johnson,Patricia Cline Cohen,Sarah Stage,Susan M. Hartmann,2012-01-09 The American Promise if more teachable and memorable than any other U S survey text The balanced narrative braids together political and social history so that students can discern overarching trends as well as individual stories The voices of hundreds of Americans from Presidents to pipe fitters and sharecroppers to suffragettes animate the past and make concepts memorable The past comes alive for students through dynamic special features and a stunning and distinctive visual program Over 775 contemporaneous illustrations more than any competing text draw students into the text and more than 180 full color maps increase students geographic literacy A rich array of special features complements the narrative offering more points of departure for assignments and discussion Longstanding favorites include Documenting the American Promise Historical Questions The Promise of Technology and Beyond American s Borders representing a key part of a our effort to increase attention paid to the global context of American history **Surviving Wounded Knee** David W. Grua,2016 A study of the massacre at Wounded Knee in history and memory The Saltwater Frontier Andrew Lipman,2015-01-01 Andrew Lipman s eye opening first book is the previously untold story of how the ocean became a frontier between colonists and Indians When the English and Dutch empires both tried to claim the same patch of coast between the Hudson River and Cape Cod the sea itself became the arena of contact and conflict During the violent European invasions the region s Algonquian speaking Natives were navigators boatbuilders fishermen pirates and merchants who became active players in the emergence of the Atlantic World Drawing from a wide range of English Dutch and archeological sources Lipman uncovers a new geography of Native America that incorporates seawater as well as soil Looking past Europeans arbitrary land boundaries he reveals unseen links between local episodes and global events on distant shores Publisher s description

Mrs. Dred Scott Lea VanderVelde,2010 In telling the life of Harriet Dred s wife and co litigant in the case this book provides a compensatory history to the generations of work that missed key sources only recently brought to light Moreover it gives insight into the reasons and ways that slaves used the courts to establish their freedom from publisher description

The Western Paradox Bernard DeVoto,2008-10-01 This book is the fascinating record of DeVoto s crusade to save the West from itself His arguments insights and passion are as relevant and urgent today as they were when he first put them on paper Arthur M Schlesinger Jr from the Foreword Bernard DeVoto 1897 1955 was according to the novelist Wallace Stegner a fighter for public causes for conservation of our natural resources for freedom of the press and freedom of thought A

Pulitzer Prize winning historian DeVoto is best remembered for his trilogy *The Year of Decision 1846 Across the Wide Missouri* and *The Course of Empire*. He also wrote a column for *Harper's Magazine* in which he fulminated about his many concerns particularly the exploitation and destruction of the American West. This volume brings together ten of DeVoto's acerbic and still timely essays on Western conservation issues along with his unfinished conservationist manifesto *Western Paradox* which has never before been published. The book also includes a foreword by Arthur M. Schlesinger Jr. who was a student of DeVoto's at Harvard University and a substantial introduction by Douglas Brinkley and Patricia Limerick both of which shed light on DeVoto's work and legacy.

When people should go to the books stores, search creation by shop, shelf by shelf, it is in fact problematic. This is why we allow the ebook compilations in this website. It will categorically ease you to look guide **Something In The Soil Legacies And Reckonings In The New West** as you such as.
