Something To Fall Back On:

Ourselfs as Students Kaaren Ancarrow,1996 These essays by Old Dominion University students deal with two questions What impact do their own race class gender and ethnic identities have upon them as students How do their culture and the university culture interact to affect their ability to learn The focus of these essays is on the overlap between the students identities as students and their identities based on gender race class and ethnic origin The project began as an assignment in a women s studies class at Old Dominion University in 1993 when students in a mixed graduate and undergraduate course were asked to write a brief analysis of themselves as students accounting for the impact of gender race and social class on what they studied what they heard in class how they were treated in the classroom how they treated others there and what their level of comfort in the university was Invited to add other variables such as religion nationality age sexual orientation or disability if they considered these significant to their identities as students the students were urged to consider not only the disadvantages these various identities gave them but also the privileges and advantages The resulting essays stimulated great interest in what students had to say and led to the formation of The Broad Minds Collective made up of four students from the class as well as its instructor which set about the task of soliciting and collecting additional essays Although most essays contain overlapping themes the editors detected four motifs that encompass virtually every essay included in the book In the section Cultural Perceptions and Assumptions students show their awareness of how culturally defined categories affect education Essays in Belonging and Alienation in the Classroom discuss the students level of comfort in the classroom and the degree to which they feel they belong at the university The essays in Making Sense of Our Lives Through Education reveal the students use of education to learn more about the forces that shape them In Search of an Education highlights students efforts to wrest what they feel they need from a college education Rather than presenting a multicultural educational theory or conducting a sterile sociological study The Broad Minds Collective has allowed students to speak for themselves Abstraction is replaced by stories of personal conflict struggle and victory **Cambridge Learner's Dictionary English-Polish with CD-ROM** Cambridge University Press,2011-05-19 This is a semibilingual Polish version of the Cambridge Learner s Dictionary with definitions in English and Polish translations of the headword for each sense *A Dictionary of Confusable Phrases* Yuri Dolgopolov,2016-02-01 Covering over 10 000 idioms and collocations characterized by similarity in their wording or metaphorical idea which do not show corresponding similarity in their meanings this dictionary presents a unique cross section of the English language Though it is designed specifically to assist readers in avoiding the use of inappropriate or erroneous phrases the book can also be used as a regular phraseological dictionary providing definitions to individual idioms cliches and set expressions Most phrases included in the dictionary are in active current use making information about their meanings and usage essential to language learners at all levels of proficiency **My Remarkable Uncle** Stephen Leacock,2010-08-03 This celebrated collection of sketches sparkles with Stephen Leacock s

humour and shines with the warmth of his wit The comical E P star of the title essay My Remarkable Uncle is a classic Leacock character He is president of a railway with a letterhead but no rails and he heads a bank that boasts credit but no cash whatsoever all of which trouble E P not in the least My Remarkable Uncle a wonderful smorgasbord of mirth served up by a master of comedy includes several essays a short story a political parable and personal reflections on a dizzying array of subjects Here in rich abundance are the inspired nonsense and the unerring eye for human folly that have made Stephen Leacock Canada's most celebrated humorist
