*Supercollider 3* J. Nonte, 2012-12-06 The third annual International Industrialization Symposium on the SuperCollider IISSC held March 13 15 1991 in Atlanta Ga was an enormous success The number of attendees exhibitors and representatives from foreign countries surpassed the totals of previous years There were 740 attendees representing more than 2 dozen universities and colleges 32 states 9 national labs 6 research centers several government entities at the local state and federal level 182 businesses industry and 14 countries More than 100 exhibits sponsored by 85 organizations added to the excitement Getting Down to Business was the theme of this year's Symposium The fact that the Superconducting SuperCollider SSC is indeed underway was the message delivered by the Symposium's keynote speaker Dr Roy Schwitters and expanded upon by the opening plenary speakers The project is moving from the planning stage to actual construction to development and procurement of equipment and to resolution of the technical issues involved in advancing the state of the art in areas such as theory controls systems metallurgy quality control management cryogenics power systems detectors interagency cooperation and funding Plenary speakers included Paul Gilbert Chairman of Parsons Brinckerhoff Quade Douglas Inc

*Supercollider 4* John Nonte, 2012-12-06 The fourth annual International Industrial Symposium on the Super Collider rrssc held March 4 6 1992 in New Orleans was a great success Present at this year's conference were 839 attendees representing 24 universities and colleges 34 states 13 countries 17 national laboratories 11 research centers many government entities at the local state and federal levels and 235 businesses and companies This year's symposium also included 101 exhibits by 78 organizations In all categories this year's participation exceeded the totals of previous years and is an example of the growing support for the Superconducting Super Collider Program This year's program had many highlights One of the best was a message from President George Bush read by Linda Stuntz Acting Deputy Secretary Department of Energy President Bush said that each of us can be proud of the role that you are playing in building the Collider and in setting the stage for a new era of research and discovery in high energy physics The 1992 IISSC's theme was SSC Discovering the Future This theme was chosen in commemoration of the 500th anniversary of Columbus's voyage of discovery and the relationship of the SSC with discovery This theme was articulated by all the speakers in the opening plenary session Progress on the program was also very evident at this year's symposium In the pictorial session 66 photographs from all over the world were displayed to highlight progress in making the SSC a reality
