Superior Heartland A Backwoods History:

Superior Heartland C. Fred Rydholm, 1989-10-01 **Superior Heartland** C. Fred Rydholm, 1989 Fred Rydholm's book is a vivid collective memory of an area of Michigan's Upper Peninsula. While modestly subtitled *A Backwoods History*, it covers a period that saw intensive development of these backwoods. Pref River of Iron David Lee, 2014-08-23 **HEMATITE AND TALES** of streets paved with gold drew boatloads of Europeans to the Marquette Iron Range in Michigan's Upper Peninsula in the late 1800s including my ancestors. The rugged terrain and savage winters of their new home on the mountain of iron threatened their survival yet they had no chance of returning to The Old Country and they knew it. Some left but the hardy ones stayed, threw up mining camps and drove mineshafts deep into the granite. They raised families, built churches, railroads, and schools; they created a river of iron that cascaded out of the wilderness. Then the Great Depression struck in 1929 and the river of iron dwindled to a trickle. Without means of support, the iron miners and their families persevered against a destroyed economy and fierce winters. This is a tale of how my family survived those tough times. It tells of simple things like collecting water, chopping firewood, and slaughtering hogs, but it is also a template for raising and educating a family on challenging terrain in the midst of poverty. **Lake Superior Country** Troy Henderson, 2002 What attracted 19th century travelers to the rugged landscape of Michigan's Upper Peninsula? Most travelers had to brave the frigid, gigantic, and often perilous Lake Superior to gain entrance to the Upper Peninsula. But although the lake and rugged terrain often made it difficult for travelers to traverse the Upper Peninsula, it also often made travel an adventurous and enjoyable occasion. *Lake Superior Country: 19th Century Travel and Tourism to Michigan's Upper Peninsula* will follow these 19th century travelers from the explorers in search of land titles and valuable mineral deposits in the early part of the century to literary travelers seeking to witness the romantic region made famous by Henry W. Longfellow's poem *The Song of Hiawatha* to the sportsmen and sportswomen who found a bounty of wildlife and fishing grounds. It will also illustrate the various methods of travel undertaken by these people, from birch bark canoes to steamers to the railroads, and how these different methods of travel defined the overall tourist experience. Louis Graveraet Kaufman Ann Berman, 2025-06-03 Author Ann Berman highlights Kaufman's remarkable journey from barefoot boy to trailblazing branch banking giant, proving LG was not just a man of his time but one worth reading about over a century later. *Northern Roots* Valerie Bradley-Holliday, 2009-08-17 What does Sampson Noll, a desperate run away slave who hit his master over the head with a wagon stave, have in common with Charlotte Preston, a young woman who was in the first graduating class at Northern State Normal School? The first part of the answer is that both of these individuals lived in a region known as the U.P., the Upper Peninsula of Michigan. The second part is that both these individuals were Americans of African descent. What would bring Mr. Noll, Ms. Preston, and other individuals of African descent to an isolated area of the United States where winter snowfalls can reach 200 inches and temperatures can be so cold that they can cause fog to freeze? Can you imagine entering an unfamiliar, isolated region during a May passage?
