supernaturalism and Buddhism a kind of syncretism In either case how exactly does folk religion fit into the overall religious pattern Melford Spiro's *Burmese Supernaturalism* has been one of the major works in this debate both for its position on the two religions question and for its arguments concerning the psychological basis of religion The book begins with an introduction to the study of supernaturalism The next section of the work covers various types of supernaturalism including witches ghost and demons Other areas of discussion include supernaturally caused illness and its treatment the shaman the exorcist and the relationship between supernaturalism and Buddhism In the introduction to this expanded edition Spiro further develops the underlying logic of his argument and evaluates the most recent contributions to the field of the anthropology of religion *Burmese Supernaturalism* is an intriguing study and will provide insightful reading for anthropologists sociologists theologians as well as those interested in supernaturalism in Burma Myanmar and other cultures Melford E Spiro is professor emeritus of anthropology at the University of California San Diego where he founded the Anthropology Department in 1968 His other works include *Gender and Culture* *Oedipus in the Trobriands* and *Culture and Human Nature* [The New Schaff-Herzog Encyclopedia of Religious Knowledge](#) Samuel Macauley Jackson, Charles Colebrook Sherman, George William Gilmore, 1911 [Mynster's "Rationalism, Supernaturalism" and the Debate about Mediation](#) Jakob Peter Mynster, 2009 G W F Hegel's so called speculative logic was revolutionary since it attacked the basic laws of Aristotelian logic the laws of contradiction and excluded middle which stood as the foundation for the field for well over a millennium Hegel replaced these laws with the principle of mediation which he used to redefine all the key terms of the discipline In the 1830s this highly controversial theory was attacked by a number of philosophers in Germany and Prussia These debates spilled over into Denmark in the late 1830s and early 1840s and represent one of the signal episodes in the Danish Hegel reception The present volume includes the main texts in this controversy The debate proper was initiated by the article *Rationalism Supernaturalism* by the theologian Jakob Peter Mynster who attacked Hegel's criticism of the law of excluded middle The poet Johan Ludvig Heiberg and the young theologian Hans Lassen Martensen then came to Hegel's defense with articles which responded to [The New Schaff-Herzog Encyclopedia of Religious Knowledge: Son of Man-Tremellius](#) Albert Hauck, Samuel Macauley Jackson, Charles Colebrook Sherman, George William Gilmore, 1911 *The London investigator [afterw.] The Investigator*, ed. by R.
