Jones, 2020-07-28 Drawing on history public opinion surveys and personal experience Robert P Jones delivers a provocative examination of the unholy relationship between American Christianity and white supremacy and issues an urgent call for white Christians to reckon with this legacy for the sake of themselves and the nation As the nation grapples with demographic changes and the legacy of racism in America Christianity's role as a cornerstone of white supremacy has been largely overlooked But white Christians from evangelicals in the South to mainline Protestants in the Midwest and Catholics in the Northeast have not just been complacent or complicit rather as the dominant cultural power they have constructed and sustained a project of protecting white supremacy and opposing black equality that has framed the entire American story With his family s 1815 Bible in one hand and contemporary public opinion surveys by Public Religion Research Institute PRRI in the other Robert P Jones delivers a groundbreaking analysis of the repressed history of the symbiotic relationship between Christianity and white supremacy White Too Long demonstrates how deeply racist attitudes have become embedded in the DNA of white Christian identity over time and calls for an honest reckoning with a complicated painful and even shameful past Jones challenges white Christians to acknowledge that public apologies are not enough accepting responsibility for the past requires work toward repair in the present White Too Long is not an appeal to altruism Drawing on lessons gleaned from case studies of communities beginning to face these challenges Jones argues that contemporary white Christians must confront these unsettling truths because this is the only way to salvage the integrity of their faith and their own identities More broadly it is no exaggeration to say that not just the future of white Christianity but the outcome of the American experiment is at stake An Introduction to Elijah Muhammad Studies Abul Pitre, 2021-10-21 First published in 2009 this ground breaking work introduced a new field in Africana studies and laid the groundwork for positioning the teachings of Elijah Muhammad in academia Today this work remains a rare opportunity for scholars and lay persons to a preview the teachings of Elijah Muhammad and its multifaceted interdisciplinary scope This book has the potential to change the philosophical and practical methods of education In this revised edition new terminology for Elijah Muhammad Studies is coined Elijahmatology It additionally includes updated references and expanded discussion about the impact of Elijah Muhammad's teachings in the 21st century The book lays a foundation for situating the teachings

Christianity and Empire Revisited, 2025-09-25 Were missionaries simply religious agents of imperialism If you have ever asked or been asked this question then this book is for you Bringing together historians literary specialists and mission scholars it explores the complexities of the subject highlighting its many nuances Figures like Henry Havelock deeply involved in Britain's suppression of the 1857 Indian Rebellion were undoubtedly tied to imperial power Yet missionaries and their supporters were also the moral absolutists of their time sincerely if at times naively committed to ideas of human liberation At the same time Christianity's commitment to translation played a role in preserving indigenous languages and literary traditions adding another layer to this thought provoking discussion Contributors are Brian Stanley Alec Ryrie Michael Snape Nicholas J Wood Ashish Alexander Julian Thompson Emily Burgoyne Kyama Mugambi Kirsteen Kim and Kang San Tan Unreconciled Andrea Smith, 2019-12-13 In the 1990s many evangelical Christian organizations and church leaders began to acknowledge their long history of racism and launched efforts at becoming more inclusive of people of color While much of this racial reconciliation movement has not directly confronted systemic racism's structural causes there exists a smaller countermovement within evangelicalism primarily led by women of color who are actively engaged in antiracism and social justice struggles In Unreconciled Andrea Smith examines these movements through a critical ethnic studies lens evaluating the varying degrees to which evangelical communities that were founded on white supremacy have addressed racism Drawing on evangelical publications sermons and organization statements as well as ethnographic fieldwork and participation in evangelical events Smith shows how evangelicalism is largely unable to effectively challenge white supremacy due to its reliance upon discourses of whiteness At the same time the work of progressive evangelical women of color not only demonstrates that evangelical Christianity can be an unexpected place in which to find theoretical critique and social justice organizing but also shows how critical ethnic studies interventions can be applied broadly across political and religious divides outside the academy The End of Black Studies Clovis E. Semmes, 2016-08-12 Following a history of racial oppression and segregation Black Americans were able to move in greater numbers into previously all or predominantly White colleges and universities However they encountered normative structures that excluded or distorted the Black experience and denied Black perspectives As a result Black studies grew up reconstructing the humanity of a historically oppressed devalued and exploited group Knowledge production in Black studies offers distinct insights into the

strength and resiliency of the human spirit and poses exemplary models for enlightened social change This book examines the foundational parameters and historical mission of the field of African American Studies which emerged from a broad based Black intellectual tradition defined by the metaproblem of cultural hegemony Semmes seeks to broaden our thinking about the scope and content of Black studies The End of Black Studies identifies Afrocentric or Black centered approaches to knowledge production that are distinctly different from yet inclusive of a historiographical emphasis on ancient Egypt but alternative to the claim of a singular African worldview This book will appeal to students and scholars interested in the field of Black Studies including African American studies Africana studies Africalogy and Pan African studies It will be a source of critical discussion for graduate seminars examining theory building and or knowledge production research and writing in Black studies The End of Black Studies has received the 2017 Outstanding Book Award from the National Council for Black Studies Read the Introduction for free online using our eBook widget Feminist Biblical Studies in the Twentieth Century Elisabeth Schüssler Fiorenza, 2014-06-26 Chart the development of feminist approaches and theories of interpretation during the period when women first joined the ranks of biblical scholars This collection of essays on feminist biblical studies in the twentieth century seeks to explore four areas of inquiry demanding further investigation In the first section articles chart the beginnings and developments of feminist biblical studies as a conversation among feminists around the world The second section introduces reviews and discusses the hermeneutic religious spaces created by feminist biblical studies The third segment discusses academic methods of reading and interpretation that dismantle androcentric language and kyriarchal authority The fourth section returns to the first with work that transgresses academic boundaries in order to exemplify the transforming inspiring and institutionalizing feminist work that has been and is being done to change religious mindsets of domination and to enable wo men to engage in critical readings of the Bible Features Essays examine the rupture or break in the malestream reception history of the Bible Exploration of the term feminism in different social cultural and theoretical religious locations Authors from around the world present research and future directions for research challenging the next generation of feminist interpreters Scriptural Studies.
