Surfing With The Great White Shark:

Surfing with the Great White Shark Kenny Doudt, 1992 Shark The word commands immediate attention Put the two words Great White in front of Shark the reaction is gut level fear The Great White Shark is the undisputed master of two thirds of the planet No other creature generates quite so much horror Every time a surfer enters the Great White s domain he or she risks attack by Nature s most fearsome predator But the actual odds that a surfer swimmer or diver will be assaulted by any kind of shark are estimated to be only one in four million Surfer Kenny Doudt is lucky to be alive Doudt was attacked by a fifteen foot three thousand pound female Great White Shark off the north coast of Oregon in November 1979 The attack was the northern most recorded attack in the world Shark experts calculated Doudt s odds for survival at one in one hundred fifty million A team of world famous surgeons called Doudt s injuries the worst mutilation of an upper torso they had ever seen SURFING WITH THE GREAT WHITE SHARK by survivor Kenny Doudt is available in bookstores or from Shark Bite Publishing P O Box 3588 Lihue HI 96766 for 8 95 plus 2 shipping handling *Surviving the Shark* Jonathan Kathrein, Margaret Kathrein, 2012-07-01 In *Surviving the Shark* Jonathan Kathrein describes his incredible shark attack experience The book covers all aspects of Kathrein s survival beginning with the eerie moments just before the attack when something smashes into Kathrein s hand as he paddles on his board waiting for a wave off Stinson Beach in northern California Realizing it is probably shark and possibly a great white Kathrein tries to paddle away furiously trying to make it toward shore where he sees some of his friends on the beach But it is too late as the great white returns slams into him then grabs his leg and pulls him underwater thrashing him back and forth trying to rip his leg off How Kathrein is able to escape and make his way to shore despite his horrific wounds is nothing short of amazing But that s just the beginning as he now faces months of physical and mental rehabilitation all the while dealing with the constant media attention that the attack has generated Gradually with the help of his family and friends Kathrein makes a recovery Today Kathrein gives lectures on shark conservation as well as on such topics as avoiding shark attacks when you re in the water In this book he not only writes of his ordeal but also delves into shark behavior and explains his desire to spread shark awareness There is also an underlying theme of tremendous familial love and Kathrein s extreme fervor for life *Sexing the Animal in a Post-Humanist World* Roslyn Appleby, 2019-05-15 This pioneering collection of essays unpacks the complex discursive and embodied relationships between humans and animals contributing to a more informed understanding of both human animal relations and the role of language in social processes Focusing on the example of shark human interactions the book draws on forms of analysis from multimodality and critical discourse studies to examine the representations of this relationship across visual arts popular media and the natural sciences each viewed through a critical feminist lens The combined effect highlights the significance of the emergent turn to post humanism in applied linguistics and its role in fostering more engaged discussions around broader contemporary social issues including environmental degradation and climate change on the one hand and
