

STIMULATORS

SEX devices and gimmicks have been used for many centuries in Europe and the Orient, but until recently, such items were unavailable to most persons in the United States. What little use they enjoyed here was clandestine, surreptitious.

Now all this has changed. This book tells, for the first time, all about these gadgets and the new craze for their use that is sweeping certain segments of our society.

With complete candor, ample documentation and profuse illustrations, Dr. Blake discusses such devices as—masturbating machines; vibrators, artificial penises, or dildoes; "French ticklers"; and many others.

Case histories and actual interviews with people using these gadgets explain: who uses these items; what it feels like; where they are available; and much, much more.
