*Books of 1926(-1928). Cumulated from the Book Bulletin of the Chicago Public Library* CHICAGO. Chicago Public Library,1929 *History, Law, and Christianity* John Warwick Montgomery,2014-08-14 A stirring defense of the faith by one of Christianity s ablest defenders this is a re issue of the classic History and Christianity expanded to include Dr Montgomery s essay Christianity Juridically Defended Dr John Montgomery scholar theologian and apologist for the faith developed this book from a seminar he presented at the University of British Columbia Readable and convincing the book is divided into four sections Section One deals with four basic errors usually committed by those who attack the historicity of the New Testament Section Two defends the accuracy of the New Testament documents using tests which are commonly applied to any ancient document Section Three entitled God Closes In is a powerful defense of the truly divine and truly human nature of Christ Section Four clearly shows that if Jesus were not the Son of God the only other alternatives are either liar or lunatic The last section contains Dr Montgomery s essay Christianity Juridically Defended The book includes the transcript of a panel discussion in which Dr Montgomery convincingly argues from the above four points to demonstrate their application for the reader Here is excellent material for class discussion or individual study particularly suited to helping young people combat humanistic concepts of the Bible and Christianity *The Antiquaries Journal* ,1928 *Where Christ Is Present* John Warwick Montgomery,Gene Edward Veith,2015-06-01 Five hundred years ago the church of Jesus Christ underwent a Reformation A lot happened after Martin Luther posted his 95 theses on the castle church door in Wittenberg But the fallout

was not simply the start of Protestantism The Roman Catholic Church also recast itself in response to Luther s call for reforms And contrary to common belief Martin Luther did not set out to start a new church Rather he was trying to reform the church that already existed by reemphasizing its essence namely the good news the gospel that Jesus forgives and saves sinners The unity of the church was broken when the pope rejected this call for reform and excommunicated Luther starting a chain of events that did lead to the institutional fracturing of Christendom and to a plethora of alternative Christian theologies But as many including conservative Catholics now admit the church did in fact need reforming Today the church including its Protestant branches also needs reforming Some of the issues in contemporary Christianity are very similar to those in the late Middle Ages though others are new But if Luther s theology can be blamed however unfairly for fragmenting Christianity perhaps today it can help us recover the wholeness of Christianity The religious climate in the early 21st century is simultaneously highly religious and highly secularized It is a time of extraordinary spiritual and theological diversity In the spirit of the anniversary we are observing this book will propose the kind of Christianity that is best suited for our day The remedies offered here are available by way of the same theology that was the catalyst for reforming the church five hundred years ago
