King of the Bootleggers William A. Cook, 2014-11-21 As a pharmacist turned lawyer turned master prohibition era bootlegger George Remus is now remembered as one of the most notorious figures of the American prohibition Even though he was a lifelong teetotaler Remus built one of the nation's largest illegal liquor empires with little regard to disguises or secrecy This biography tells the complete story of Remus private life and public persona focusing especially on the turbulent rise and fall of his bootlegging kingdom It begins with an overview of Remus early life and careers in pharmacy and law and covers his bootlegging career including his overwhelmingly successful early business ventures his 1922 bootlegging conviction his murder of wife Imogene after she had a well publicized affair with prohibition agent Franklin Dodge and Remus subsequent trial for her murder [The Perils of Prosperity, 1914-1932](#) William E. Leuchtenburg, 1993-09-15 Traces the transformation of the United States from an agrarian isolationist nation into a liberal industrialized power entangled in foreign affairs in spite of itself [Not So!](#) Paul F. Boller, 1996 This study explores a number of myths and misconceptions about the American past The book covers events throughout American history from whether Columbus knew the world was round when he went off to discover America to contemporary media attacks of the presidency **Loyalty and Liberty** Alex Goodall, 2013-12-15 Loyalty and Liberty offers the first comprehensive account of the politics of countersubversion in the United States prior to the McCarthy era Beginning with the loyalty politics of World War I Alex Goodall traces the course of American countersubversion as it ebbed and flowed throughout the first half of the twentieth century culminating in the rise of McCarthyism and the Cold War This sweeping study explores how antisubversive fervor was dampened in the 1920s in response to the excesses of World War I transformed by the politics of antifascism in the Depression era and rekindled in opposition to Roosevelt's ambitious New Deal policies in the later 1930s and 1940s Identifying varied interest groups such as

business tycoons Christian denominations and Southern Democrats Goodall demonstrates how countersubversive politics was far from unified groups often pursued clashing aims while struggling to balance the competing pulls of loyalty to the nation and liberty of thought speech and action Meanwhile the federal government pursued its own course which alternately converged with and diverged from the paths followed by private organizations By the end of World War II alliances on the left and right had largely consolidated into the form they would keep during the Cold War Anticommunists on the right worked to rein in the supposedly dictatorial ambitions of the Roosevelt administration while New Deal liberals divided into several camps the Popular Front civil liberties activists and embryonic Cold Warriors who struggled with how to respond to communist espionage in Washington and communist influence in politics more broadly Rigorous in its scholarship yet accessible to a wide audience Goodall's masterful study shows how opposition to radicalism became a defining ideological question of American life

Political Hell-Raiser Marc C. Subcommittee on Separation of Powers, 1974 **Removing Politics from the Administration of Justice** United States. Congress. Senate. Committee on the Judiciary, 1974 Republicans and Labor Robert H. Zieger, 2021-10-21 At no other time in American history had labor unrest been more evident than the period immediately after World War I Robert H Zeiger here recounts the labor problems that faced the Republican administrations of Presidents Harding and Coolidge massive strikes antiracial hysteria and the hardening of class attitudes throughout the nation and describes the programs and policies of Republican leaders particularly those of Herbert Hoover to solve them Zeiger finds that while suspicion and animosity between the Republicans and the union leaders persisted the rising prosperity of the nation together with the adroit efforts of Hoover and his associates tended to lessen the influence of extremists in both groups Labor reached an accommodation of sorts with the Coolidge administration and when in 1928 Hoover defeated Al Smith the substantial labor vote he received was among the factors that lent stature to his victory
