order elements and which style to choose each according to the author's goals and the intended audience. The book integrates reading and specialized vocabulary with writing and revision and addresses the evolving nature of digital media while teaching the terms and logic of traditional sources and the reasons for citation as well as the styles. This approach to writing not only helps students produce an effective final product and build from writing simple short essays to completing a full research thesis; it also teaches students why and how an essay is effective, empowering them to approach new writing challenges with the freedom to find their own voice.

Handbook of Research on Digital Tools for Writing Instruction in K-12 Settings Anderson, Rebecca S., Mims, Clif, 2014-04-30. More emphasis is being placed on writing instruction in K-12 schools than ever before. With the growing number of digital tools in the classroom, it is important that K-12 teachers learn how to use these tools to effectively teach writing in all content areas. The Handbook of Research on Digital Tools for Writing Instruction in K-12 Settings will provide research about how students use digital tools to write both in and out of school settings as well as discuss issues and concerns related to the use of these learning methods. This publication is beneficial to educators, professionals, and researchers working in the field of K-12 and teacher education.

Style Guide for Voting System Documentation Dana E. Chisnell, 2009-05. This style guide is a product of the voting system standards and test methods research at NIST. The most recent version of the tech standard, the Voluntary Voting System Guidelines of Aug 2007, contains requirements for the usability of documentation used by poll workers and election support staff. The approach to testing these requirements has two components: 1. Style guide incorporating best practices for voting system documentation; 2. Test protocol for voting system test labs to use to measure the usability of instructions supplied by voting system manufacturers for election workers. This style guide sets out guidelines for voting system manufacturers to use to implement best practices in their documentation for poll workers and election support staff.
