Superpower On The Cheap The Difficulty Of Funding Us Foreign Relations

Kent E. Calder

Superpower On The Cheap The Difficulty Of Funding Us Foreign Relations:

Superpower on the Cheap ? Anne C. Richard, 2002 **Winning the Peace** Robert C. Orr, 2004-07-20 Events in Iraq Afghanistan and the Balkans have proved that failed and defeated states threaten the national security interests of the United States and the stability of entire regions But success in addressing these threats clearly depends on more than military might the post conflict period is equally crucial Case studies in this book examine the U S approach in Kosovo East Timor Sierra Leone Afghanistan and Iraq The book offers policy guidance on how to handle current reconstruction challenges and on building capacity to do a better job when America is inevitably called on to restore failed nations in the future

Contemporary Issues in Soviet Foreign Policy Erik Hoffmann, 2017-09-04 This survey of writings on the debates about and events relating to Soviet foreign policy concentrates on the Gorbachev period Changes in Soviet theory and foreign policy decision making are covered in the first section Twelve articles examine Gorbachevs policy towards a number of different geographic regions and several more assess the permanence of Gorbachevs foreign policy changes US Foreign Policy Michael Cox, Doug Stokes, 2012-02-09 This textbook provides a comprehensive introduction to US foreign policy Bringing together a number of the world s leading experts the text deals with the rise of America US foreign policy during and after the Cold War and the complex issues facing the US since September 11th Routledge Handbook of American Foreign Policy Steven W. Hook, Christopher M. Jones, 2012-04-23 The Routledge Handbook of American Foreign Policy brings together leading experts in the field to examine current trends in the way scholars study the history and theories of American conduct in the world analysis of state and non state actors and their tools in conducting policy and the dynamics of a variety of pressing transnational challenges facing the United States *US Foreign Policy and the Gulf Wars* Ahmed Ijaz Malik, 2014-12-09 The US led coalition which launched an invasion of Iraq on 20 March 2003 led to a decade long military presence in the country In the run up to that invasion many comparisons were made with the 1991 Gulf War Ahmed Ijaz Malik takes these two instances of military intervention by Republican US governments to highlight how the official discourse of leaders and decision makers has an impact on foreign policy and its results By taking these two examples he examines how discourse affects real events and the extent to which the legacy of the Cold War has influenced the decisions which are made at the upper echelons of the US government US Foreign Policy and the Gulf Wars critically analyses the post Cold War liberal cosmopolitan and realist discourses related to these two instances of US military intervention Using an approach which Malik labels critical realism this book examines the ways in which discourses often act as ideological covers for material interests whilst still not holding a deterministic view whereby these interests alone shape policies From this perspective this book assesses the themes of Just War humanitarianism and cosmopolitanism It furthermore uses the approach of critical realism to engage with a variety of arguments on the emerging role of the US as they were displayed in academic discourses and other intellectual contributions around each of the 1991 and 2003 wars Malik relates these

discussions to an analysis of the official discourses documents and policies displayed prior to the 1991 and 2003 wars as well as to an examination of the resulting actual conduct Since the implications of the US military presence in the Middle East are so central to the study of International Relations and Security Studies this book will be invaluable for specialists in these disciplines as well as for those interested in policy formation and the wider Middle East *Global Financial Crisis and Challenges for China* Mu Yang, Michael S. H. Heng, 2012 This book provides an overview on the global financial crisis and a detailed study of its impact on China It covers topics such as China's response to tackling the crisis and its impact on her once mighty manufacturing industry Standing Up to the Challenge will also investigate its effect on China's property and stock markets and explore whether the crisis will have a positive effect with regard to China's overseas investments thus acting as an impetus for its Western development process Written in a simple and accessible manner this book can be used as a reference source by students and academics interested in China's economy and the global financial crisis

International Organization and Global Governance Thomas G. Weiss, Rorden Wilkinson, 2013-10-15 Featuring a diverse and impressive array of authors this volume is the most comprehensive textbook available for all interested in international organization and global governance Organized around a concern with how the world is and could be governed the book offers in depth and accessible coverage of the history and theories of international organization and global governance discussions of the full range of state intergovernmental and nonstate actors and examinations of key issues in all aspects of contemporary global governance The book's 50 chapters are arranged into 7 parts and woven together by a comprehensive introduction to the field separate section introductions designed to guide students and faculty and helpful pointers to further reading International Organization and Global Governance is a self contained resource enabling readers to better comprehend the role of myriad actors in the governance of global life as well as to assemble the many pieces of the contemporary global governance puzzle **The New Continentalism** Kent E. Calder, 2012-04-24 In this groundbreaking book Kent E Calder argues that a new transnational configuration is emerging in Asia driven by economic growth rising energy demand and the erosion of longstanding geopolitical divisions What Calder calls the New Silk Road with a strengthening multi faceted relationship between East Asia and the Middle East at its core could eventually emerge as one of the world's most important multilateral configurations Straddling the border between comparative politics and international relations theory this important book will stimulate debate and discussion in both fields *State*, 1985
