Supporting Children In The Early Years

**Tatalović Vorkapić, Sanja,LoCasale-
Crouch, Jennifer**

Supporting Children In The Early Years:

Supporting Children at The Early Years Foundation Stage: A Guide for Parents Sylvia Edwards, Supporting Children's Well-Being During Early Childhood Transition to School Tatalović Vorkapić, Sanja, LoCasale-Crouch, Jennifer, 2020-10-23 Life transitions differ concerning the intensity of the change and the intensity of the child's reaction to that change. For most children the first and most significant transition is from the family home to an institution of early care and education which includes preschool. These transitions can also include children's passage from kindergarten to elementary school. However the intensity of the child's reaction is related to the size of the change that is happening and also to who or what is involved in that change and the importance a child attributes to that someone or something. Supporting Children's Well Being During Early Childhood Transition to School is an essential scholarly publication that examines evidence based practices and approaches that fully support a child's well being during transition periods in early childhood. It serves as a resource to rethink contemporary transition theoretical models, research studies and applied practices. Featuring a wide range of topics such as emotional competency, language learners and professional development, this book is ideal for academicians, psychologists, early childhood educators, daycare centers, curriculum designers, policymakers, researchers, education professionals and students.

Supporting Children with EAL in the Early Years Judith Harries, 2020-12-16 This book aims to equip early years practitioners with the resources and skills required to create a stimulating learning environment and to fully include EAL children into their settings. It provides practical ways to show children and their families that their language and culture are valued and respected so that they can feel secure and accepted. There are 49 activities included that focus on different areas of the Expressive Arts and Design goal and help practitioners to develop children's language and communication skills as they play.

Supporting Children's Learning in the Early Years Linda Miller, Jane Devereux, Carrie Cable, Gill Goodliff, 2014-12-05 Supporting Children's Learning in the Early Years is aimed at early years practitioners who are developing their knowledge and understanding of professional practice through studying at undergraduate level. The book encourages readers to consider their professional development as reflective practitioners building on and supporting the government agenda to provide quality provision for young children and their families. Combining theory and practice and bringing together current research and thinking in a broad range of areas, the book covers Learning environments, young children as learners, assessment of learning, well being and children's rights, diversity and inclusion, Learning and development, children's development including social and emotional development, literacy and mathematical development, the potential of ICT, fostering creativity, musical development and knowledge and understanding of the world, Reflective practice, the learning environment, safeguarding and wellbeing, the reflective practitioner. Throughout the contributions in this book encourage the reader to consider the diverse range of experiences which young children bring to early years and early primary settings and suggest ways in which they can be supported. The book will also be a valuable and unique resource for

training providers of a range of courses at further and higher education level that prepare people to work with and lead in early years settings in the UK
