The Classics In Paraphrase Ezra Pound And Modern Translators Of Latin Poetry:

The Classics in Paraphrase Daniel M. Hooley, 1988 Bringing together translation theory and literary history this volume conveys how Pound in his influential and controversial *Homage to Sextus Propertius* enriched the art of translation The work of Louis Zukofsky Basil Bunting J V Cunningham and Peter Porter is also discussed **Ezra Pound and the Appropriation of Chinese Poetry** Ming Xie, 2021-12-12 First published in 1999 The subject of this book is the translation and appropriation of Chinese poetry by some English and American writers in the early decades of this century The author explores the concerns as much with English translation of Chinese poetry per se as with the relationship between this body of translation from the Chinese and the developing poetics and practices of what is usually referred to as Imagism as much with the question of historical influence or ascription as with certain interpretive and critical aspects of this correlative relationship Focusing on the direct influence of Chinese poetry upon the theory and practice of Imagism attributing to Imagist poets in general and Ezra Pound in particular the perception in Chinese poetry of the essential qualities and principles for rejuvenating English poetry in the early decades of the century Translation and the Classic Alexandra Lianeri, Vanda Zajko, 2008-08-21 This collection of 18 essays including one by Nobel Prize winning author J M Coetzee explores the fascinating and nuanced relationship between translation and the classic text **Brill's Companion to Classical Reception and Modern World Poetry**, 2022-12-28 Brill's Companion to Classical Reception and Modern World Poetry explores the relations between antiquity and modernity from the angle of the reception of Graeco Roman antiquity in modern world poetry In an innovative combination of the fields of Classical Reception and World Literature it tackles ever challenging questions which are central to both fields such as the questions of literature and identity specificity and universality Eurocentrism poetics and translation Leading experts from both Classics and Modern Languages contribute 11 chapters on modern poetry and poets from different linguistic and cultural traditions from around the world *Sixteen Modern American Authors* Jackson R. Bryer, 1990 Praise for the earlier edition Students of modern American literature have for some years turned to *Fifteen Modern American Authors* 1969 as an indispensable guide to significant scholarship and criticism about twentieth century American writers In its new form *Sixteenth Modern American Authors* it will continue to be indispensable If it is not a desk book for all Americanists it is a book to be kept in the forefront of the bibliographical compartment of their brains *American Studies* *The Lesbian Lyre* Jeffrey M. Duban, 2016-08-23 Hailed by Plato as the Tenth Muse of ancient Greek poetry Sappho is inarguably antiquity's greatest lyric poet Born over 2 600 years ago on the Greek island of Lesbos and writing amorously of women and men alike she is the namesake lesbian What's left of her writing and what we know of her is fragmentary Shrouded in mystery she is nonetheless repeatedly translated and discussed no appropriated by all Sappho has most recently undergone a variety of treatments by agenda driven scholars and so called poet translators with little or no knowledge of Greek Classicist translator Jeffrey Duban debunks the postmodernist scholarship by

which Sappho is interpreted today and offers translations reflecting the charm and elegant simplicity of the originals Duban provides a reader friendly overview of Sappho's times and themes exploring her eroticism and Greek homosexuality overall He introduces us to Sappho's highly cultured island home to its lyre accompanied musical legends and to the fabled beauty of Lesbian women Not least he emphasizes the proximity of Lesbos to Troy making the translation and enjoyment of Homer's Iliad and Odyssey a further focus More than anything else argues Duban it is free verse and its rampant legacy and no two persons more than Walt Whitman and Ezra Pound that bear responsibility for the ruin of today's classics in translation to say nothing of poetry in the twentieth century Beyond matters of reflection for classicists Duban provides a far ranging beginner's guide to classical literature with forays into Spenser and Milton and into the colonial impulse of Virgil Spenser and the West at large

Pound and Pasolini Sean Mark, 2022-11-17 In October 1967 Pier Paolo Pasolini travelled to Venice to interview Ezra Pound for broadcast on national television One a lifelong Marxist the other a former propagandist for the Fascist regime their encounter was billed as a clash of opposites But what do these poets share And what can they tell us about the poetics and politics of the twentieth century This book reads one by way of the other aligning their engagement with different temporalities and traditions politics and geographies languages and forms evoked as utopian alternatives to the cultural and political crises of capitalist modernity Part literary history part comparative study it offers a new and provocative perspective on these poets and the critical debates around them in particular on Pound's Italian years and Pasolini's use of Pound in his work Their connection helps to understand the implications and legacies of their work today

The Classics in Paraphrase Daniel M. Hooley, 1985 **English Translation and Classical Reception** Stuart Gillespie, 2011-05-06 English Translation and Classical Reception is the first genuine cross disciplinary study bringing English literary history to bear on questions about the reception of classical literary texts and vice versa The text draws on the author's exhaustive knowledge of the subject from the early Renaissance to the present The first book length study of English translation as a topic in classical reception Draws on the author's exhaustive knowledge of English literary translation from the early Renaissance to the present Argues for a remapping of English literary history which would take proper account of the currently neglected history of classical translation from Chaucer to the present Offers a widely ranging chronological analysis of English translation from ancient literatures Previously little known unknown and sometimes suppressed translated texts are recovered from manuscripts and explored in terms of their implications for English literary history and for the interpretation of classical literature

The Poetry of Translation Matthew Reynolds, 2011-09-29 Poetry is supposed to be untranslatable But many poems in English are also translations Pope's Iliad Pound's Cathay and Dryden's Aeneis are only the most obvious examples The Poetry of Translation explodes this paradox launching a new theoretical approach to translation and developing it through readings of English poem translations both major and neglected from Chaucer and Petrarch to Homer and Logue The word translation includes within itself a picture of something being carried across This

image gives a misleading idea of goes on in any translation and poets have been quick to dislodge it with other metaphors Poetry translation can be a process of opening of pursuing desire or succumbing to passion of taking a view or zooming in of dying metamorphosing or bringing to life These are the dominant metaphors that have jostled the idea of carrying across in the history of poetry translation into English and they form the spine of Reynolds s discussion Where do these metaphors originate Wide ranging literary historical trends play their part but a more important factor is what goes on in the poem that is being translated Dryden thinks of himself as opening Virgil s Aeneid because he thinks Virgil s Aeneid opens fate into world history Pound tries to bring Propertius to life because death and rebirth are central to Propertius s poems In this way translation can continue the creativity of its originals The Poetry of Translation puts the translation of poetry back at the heart of English literature allowing the many great poem translations to be read anew
