The Colossal P.T. Barnum Reader Phineas Taylor Barnum, 2005 The Colossal P T Barnum Reader reveals the trailblazing American showman as by turns a moral reformer a habitual hoaxer an insightful critic a savvy puffer a master of images a sparkling writer a relentless provocateur and an early advocate of family entertainments Taken together these selections paint a new and more complete portrait of this complex man than has ever been seen before James W Cook s The Colossal P T Barnum Reader includes large excerpts from Barnum s semi autobiographical novel The Adventures of an Adventurer 1841 his European letters from 1844 46 informing readers of the New York Atlas of his reception by royalty overseas selections from his Ancient and Modern Humbugs of the World Barnum s 1864 65 insider s look into nineteenth century frauds and much much more The book also features vintage photographs and reproductions of difficult to find images from Barnum s two decade collaboration with the prominent New York lithographers Currier and Ives Collectively these materials help us to track the shifting personas of the great showman his promotional choices and his publics across the nineteenth century Book jacket *P. T. Barnum* Tom Streissguth, 2008-01-01 Explores the life of showman P T Barnum including his start as an entrepreneur creating the American Museum building and losing his fortune and introducing the three ring circus to America Provided by publisher *The Genius of the Beast* Howard Bloom, 2010-05-01 Is global capitalism on its last legs Is the era of American leadership over Has the West begun a decline into a new Dark Age Does American civilization deserve to survive These are the unnerving questions raised by the Great Crash of 2009 This book presents a radically new answer insisting that global society has only begun to realize its full potential Author Howard Bloom argues that there s a hidden mandate beneath the surface of capitalism It s struggling to whisper and rumble its message to you and me That hidden imperative can lift us from economic crisis can make us a leader in the next generation economy and can dramatically upgrade our ability to empower our fellow human beings Bloom sees crisis as opportunity opportunity for the whole human race In more than eighty short fast chapters insights appear suddenly like the quick bursts of flashbulbs taking the reader on a sweeping tour of human history from the Stone Age to the present Every chapter conveys a radically new way to see the astonishing mechanism we call Western Civilization Bloom marvels at how humans have turned toxic waste into food and fuel trash into treasure and garbage into gold He shows how we ve produced material miracles based on immaterial things passion persistence and fantasy He shows that what many regard as the end is just the beginning The beginning of something you ve never before imagined The author explains why the secret to capitalism s next great leap does not lie in new financial tricks but in tapping things right under our noses in radically new ways that is tapping our imagination our desire to feel useful our desire to help others and our desire to be recognized for contributing to the welfare of humanity The key to next generation capitalism lies in a big picture view that s utterly unlike anything you ve previously perceived A big picture view that will startle you A big picture view with which you can ignite the world get a new handle on

American Fun John Beckman,2014-11-04 Here is an animated and wonderfully engaging work of cultural history that lays out America's unruly past by describing the ways in which cutting loose has always been and still is an essential part of what it means to be an American From the time the Pilgrims landed at Plymouth Rock Americans have defied their stodgy rules and hierarchies with pranks dances stunts and wild parties shaping the national character in profound and lasting ways In the nation's earlier eras revelers flouted Puritans Patriots pranked Redcoats slaves lampooned masters and forty niners bucked the saddles of an increasingly uptight middle class In the twentieth century fun loving Americans celebrated this heritage and pushed it even further flappers barney mugged in petting pantries Yuppies showered the New York Stock Exchange with dollar bills and B boys invented hip hop in a war zone in the Bronx This is the surprising and revelatory history that John Beckman recounts in American Fun Tying together captivating stories of Americans pursuit of happiness and distinguishing between real risky fun and the bland amusements that paved the way for Hollywood Disneyland and Xbox Beckman redefines American culture with a delightful and provocative thesis With black and white illustrations throughout
