century renaissance in the importance of mysticism for providing a much needed and profound sense of connectedness and purpose in our world

**The Gift of Kabbalah** Tamar Frankiel, 2003-03 The first comprehensive down to earth introduction to explain the primary message of Kabbalah that we are to become like God Unlike the faddish books that just discuss Kabbalah as a magical system or those that treat it as if it were separable from Judaism this inspiring book makes accessible the mysteries of Kabbalah with thorough scholarship and depth of spiritual insight It traces the evolution of Kabbalah in Judaism and sets forth its most important gift a way of revealing the connection that exists between our everyday life and the spiritual oneness of the universe Including hands on personal Kabbalah exercises that help bring the teachings into your life The Gift of Kabbalah explores Healing from the Source Holiness in the Ordinary Contemplating Your Place in History Building a Positive Structure for Life The Soul's Contract with God and much more

**The Kabbalah of the Soul** Leonora Leet, 2003-03-25 Reveals the transformative spiritual work by which the soul can reach ever higher dimensions of consciousness Relates the soul levels of the Zohar to the various paths the soul may travel toward ultimate realization Introduces a new meditative technique called the Transformative Moment Throughout the history of the Jewish esoteric tradition humankind has been understood to play a pivotal role in the perfection of the cosmos uniting the finite with the infinite in the perfection of divine personality Working from an original synthesis of the major kabbalistic traditions of cosmology derived from the Bible the Zohar and the school of Isaac Luria Leonora Leet has erected a new framework for understanding the mechanism of the transformative spiritual work that enables the human soul to reach increasingly higher dimensions of consciousness This analysis extends the frontiers of Leet's prior works on the Kabbalah to provide a new illumination of human possibilities Leet first considers the false temptations of worldly power and pleasure that lead to the fall of the soul and then the means of its redemption She develops a powerful meditative technique called the Transformative Moment whose workings are exemplified by Jacob and Joseph and that allow the individual to progress through all the higher levels of the soul even possibly to attain the miraculous powers of the legendary spiritual masters She further correlates the hierarchy of soul levels with Ezekiel's Throne vision to show the various paths the soul may travel toward self realization sex love power knowledge holiness and unification The first four paths relate to the four faced living creatures Chayot of Ezekiel's Throne vision the bull ox lion eagle and man The final two paths correlate to the prophet and the envisioned man on the throne he recognizes to be his divine higher self the knowledge that defines the secret doctrine of the whole of the Jewish mystical tradition culminating in the Kabbalah

**The Cabala** Thornton Niven Wilder, Bernhard Pick, The Hebrew word Cabala from Kibbel properly denotes reception then a doctrine received by oral tradition The term is thus in

itself nearly equivalent to transmission like the Latin traditio in Hebrew masorah for which last indeed the Talmud makes it interchangeable in the statement given in Pirke Abot I 1 Moses received kibel the Law on Mount Sinai and transmitted um Sarah it to Joshua The difference however between the word Cabala and the cognate term masorah is that the former expressed the act of receiving while the latter denotes the act of giving over surrendering transmitting The name therefore tells us no more than that this theosophy has been received traditionally In the oldest Jewish literature Mishna Midrash Talmud the Cabala denotes the whole body of Jewish tradition The name is even applied to the prophetic writings of the Old Testament and the Hagiographa in contradistinction to the Pentateuch As a scientific system the Cabala is also called chokmat ha cabalah i e science of tradition or chokmah nistarah abbreviated ch n i e chen chn i e secret science or wisdom and its representatives and adherents delighted in calling themselves maskilim i e intelligent or with a play of words yode ch n i e connoisseurs of secret wisdom Having defined the term Cabala which was still commonly used for oral tradition in the 13th and 14th centuries even after the technical sense of the word was established we must be careful to distinguish between cabala and mysticism Like other Eastern nations the Jews were naturally inclined to theosophical speculation and though this tendency may have been repressed by the definite teaching of revelation as long as they were confined within the sacred boundaries of Palestine it found a freer scope after the Exile There were two subjects about which the Jewish imagination especially busied itself the history of the Creation and the Merkabah or the Divine apparition to Ezekiel Both touch the question of God s original connection with His creatures and that of His continued intercourse with them They treat of the mystery of nature and of Providence especially of Revelation and an attempt is made to answer the question how the Infinite God can have any connection or intercourse with finite creatures      *Kabbalah* Joseph Dan,2007-08-30 An account of Kabbalah and its impact outside of Judaism offers a concise and highly accurate look at the history and character of the various systems developed by the adherents of the Kabbalah      **Fundamentals of Jewish Mysticism and Kabbalah** Ron Feldman,1999-06-01 Although kabbalah began as an esoteric practice of a small group of educated men today this ancient mystical tradition is adapting to contemporary sensibilities including respect for the environment gender equality and conscious connection to other spiritual traditions Access to this wisdom does not depend on one leader or require you to join a cult Kabbalah which literally means that which is received refers not only to the mystical maps of reality handed down by tradition but to the awareness each person receives along their own journey Kabbalah has always aimed at healing repairing and rebalancing the individual the community and the cosmos as a whole recognizing the unity in all creation

FUNDAMENTALS OF JEWISH MYSTICISM AND KABBALAH addresses both the historical sources and evolving tradition of kabbalah Topics covered include shamanic healing the divine feminine amulets sacred sex dimensions of the soul time numerology the Tree of Life the Hebrew alphabet and the role of sacred texts and Torah      *Kabbalah, Magic, and Science* David B. Ruderman,1988 In describing the career of Abraham Yagel a Jewish physician kabbalist and naturalist who lived in

northern Italy from 1553 to about 1623 David Ruderman observes the remarkable interplay between early modern scientific thought and religious and occult traditions from a wholly new perspective that of Jewish intellectual life Whether he was writing about astronomical discoveries demons marvelous creatures and prodigies of nature the uses of magic or reincarnation Yagel made a consistent effort to integrate empirical study of nature with kabbalistic and rabbinic learning Yagel s several interests were united in his belief in the interconnectedness of all thing a belief shared by many Renaissance thinkers that turns natural phenomena into signatures of the divine unity of all things Ruderman argues that Yagel and his coreligionists were predisposed to this prevalent view because of occult strains in traditional Jewish thought He also suggests that underlying Yagel s passion for integrating and correlating all knowledge was a powerful psychological need to gain cultural respect and acceptance for himself and for his entire community especially in a period of increased anti Semitic agitation in Italy Yagel proposed a bold new agenda for Jewish culture that underscored the religious value of the study of nature reformulated kabbalist traditions in the language of scientific discourse so as to promote them as the highest form of human knowledge and advocated the legitimate role of the magical arts as the ultimate expression of human creativity in Judaism This portrait of Yagel and his intellectual world will well serve all students of late Renaissance and early modern Europe
